The Incompatibility of Men and Women and How to Overcome It Julius Fast,1972-06 **Contemporary Perspectives**
On Masculinity Ken Clatterbaugh,2018-10-08 What is social reality for men in modern society What maintains or explains this social reality What condition might we imagine that would be better for men How might we achieve this better condition These are the questions Kenneth Clatterbaugh brings to seven different visions of men in modern society considered in this newly updated edition In clear and insightful language Clatterbaugh surveys not just conservative liberal and radical views of masculinity but also the alternatives offered by the men s rights movement spiritual growth advocates and black and gay rights activists Each of these is explored both as a theoretical perspective and as a social movement and each offers distinctive responses to the questions posed The first edition of this book was the first to survey the range of responses to feminism that men have made as well as the first to put political theory at the center of men s awareness of their own masculinity This new edition adds chapters on recent highly publicized movements such as the Promise Keepers Million Man March and the evolution of gay men s rights Clatterbaugh treats all views with fairness and timeliness as he develops and defends a vision of men and masculinity consistent with feminist ideals and a just society **"Femininity," "masculinity," and "androgyny"** Mary Vetterling-Bruggin,1982 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com The New York Times Book Review ,1971-10 **Love Prescription** Peggy Sullivan,2007-03 From talk to touch from money to sex from successful competition to respect for gender differences and the tricks of powerful listening techniques professional counselor Peggy Sullivan describes twelve powerful secrets for couples to create strong and enduring relationships that last happily ever after With caring concern and a touch of humor she gives practical examples from a holistic viewpoint to enhance the health wholeness and happiness of every committed relationship no matter the age or stage in life **The Single Parent** ,1973 New York Times Saturday Book Review Supplement ,1971 *End of Masculinity* John MacInnes,1998-02-16 Why does masculinity seem obvious yet prove impossible to define What has caused the erosion of men s power and will progress towards sexual equality continue How political is the personal This book explains why both popular and academic commentators have found it impossible to define masculinity It is because no such thing exists Re examining the ideas of thinkers such as Sigmund Freud and Thomas Hobbes the author shows that modern societies faced the novel problem of explaining how men and women had equal rights yet led such different lives and solved it by inventing the concept of masculinity It concludes that strong forces in modern societies encourage greater sexual equality and that these are better supported by a politics of equal rights than by encouraging men to personally reform their masculine identity MacInnes challenges established ways of thinking about sex gender and masculinity that underpin not only feminist thought but the treatment of these issues across the social sciences philosophy and history The Publishers Weekly ,1972 **Women's Rights in the United States** Tiffany K. Wayne,2014-12-09 A comprehensive encyclopedia

tracing the history of the women's rights movement in the United States from the American Revolution to the present day. Few realize that the origin of the discussion on women's rights emerged out of the anti-slavery movement of the 19th century and that suffragists were active in the peace and labor movements long after the right to vote was granted. Thus began the confluence of activism in our country where the rights of women both followed and led the social and political discourse in America. Through 4 volumes and more than 800 entries, editor Tiffany K. Wayne, with advising editor Lois Banner, examines the issues, people, and events of women's activism from the early period of American history to the present time. This comprehensive reference not only traces the historical evolution of the movement but also covers current issues affecting women such as reproductive freedom, political participation, pay equity, violence against women, and gay civil rights.
