The Inter Faith Movement The New Age Enters The Church:

The Inter-faith Movement Herbert J. Pollitt, 1996 Dr Pollitt traces the little known historical development of religious pluralism and the stages by which it has eroded the once held view of the exclusiveness of the Christian faith **The Essays and Public Lectures of John Carrick** John Carrick, 2024-07-22 This book is a collection of miscellaneous essays and lectures published or given publicly by the author over the course of forty years All of the lectures were given on special occasions the details of which are stated at the head of the lecture in question One of the lectures Evangelicals and the Oxford Movement was given as the Evangelical Library Lecture of 1983 one of the essays Jonathan Edwards and the Deists won first prize in the Evangelical Library Essay Competition of 1987 and was published in the Banner of Truth Magazine in 1988 four of the lectures The Holy Spirit and Revival Redemptive Historical Preaching A Critique The Glory of Creation and The Exclusiveness of Christ were given at the annual conferences of Greenville Presbyterian Theological Seminary one of the lectures Edwards in the Hands of English Professors was given at a conference of the Evangelical Theological Society in 2006 and one The Extemporaneous Mode of Preaching was given as Carrick's inaugural lecture as professor of homiletics at Greenville Seminary in 2009 **Christian Responses to the New Age Movement** John A. Saliba, 1999 For Christians the first encounter with the New Age Movement may prove confusing On the one hand there is an attraction in New Age ideology and ritual practice but on the other this very attraction raises theological and pastoral questions for the Churches whose responses have been ambiguous and conflicting The author analyses the real challenge the New Age offers the Churches today and gives an overview of the way in which Christian groups have responded to it **Youth Ministry in Crisis** Barry R. Harker, 2004-07 Author examines the practices and passions that are transforming and debasing contemporary youth ministry rock music magic clowning comedy drama mime puppetry sports extreme adventure activities youth fashions and movies and exposes the disturbing ideas that permit them to flourish in God's Church *The Conspiracy to Silence the Son of God* Tal Brooke, 1998 In this book edited by Tal Brooke president of the Spiritual Counterfeits Project the contributors examine what they see as a mounting conspiracy to neutralize the influence of Jesus in contemporary culture *Christians and Muslims* Peter G. Riddell, 2004 This survey explores the diverse Muslim approaches to British society and identifies the evolving approaches to other faiths found within the churches Securely underpinned with Christian theology it examines the many areas in which Christians and Muslims living within secular societies share common concerns and identifies where religion ends and culture begins Most significantly it explores how and why Christian Muslim relationships can and urgently must be improved **BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved** False Dawn Lee Penn, 2004 The interfaith movement which began with the 1893 World's Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization

in today's interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI's proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People's Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In *The Reign of Quantity and the Signs of the Times* French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non's time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left *False Dawn* painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In *False Dawn* Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion.org

The Bahá'í Faith and African American History Loni Bramson, 2021-09-09 This book examines the intersection of African American history with that of the Bah Faith in the United States Since the turn of the twentieth century Bah's in America have actively worked to establish interracial harmony within its own ranks and to contribute to social justice in the wider community becoming in the process one of the country's most diverse religious bodies Spanning from the start of the twentieth century to the early twenty first the essays in this volume examine aspects of the phenomenon of this religion confronting America's

original sin of racism and the significant roles African Americans came to play in the development of the Bah Faith s culture
