International Security Yearbook, 1983/84 Barry M. Blechman, Edward Luttwak, 1984 International Security Yearbook, 1984 The Pacific Rim And The Western World Philip West, Frans A.M. Alting Von Geusau, 2019-07-11 Analyzing the economic strategic and cultural elements that shape the attraction and the friction between the Pacific and Atlantic communities this book integrates European perspectives into a discussion that has traditionally been dominated by Asian and U S voices The authors take as their theme the uncertainty created by the Pacific Rim s new role in shifting the international balances of political and economic power Economic uncertainty has been fueled by Asia s trade surpluses with Western Europe and the United States with the West viewing its system of free world trade as working to the greater advantage of the Asia Pacific Strategic uncertainty pivots on the U S USSR superpower rivalry and on the growing influence of Japan and the PRC on the strategic balance in the Pacific Basin A more subtle and powerful constraint surfaces in the realm of culture in differing perceptions among the people of the Asia Pacific and the West concerning liberal values and the liberal underpinnings of the present system of world trade **Parameters**, 1985 The International Politics of the Red Sea Anoushiravan Ehteshami, Emma C. Murphy, 2013-03 This book examines the international politics of the Red Sea region from the Cold War to the present It argues that the Red Sea region demonstrates well the characteristics of a sub regional system with increasing economic and social interdependence greater regional integration with the stronger regional powers Egypt Israel and Saudi Arabia seeking to establish their influence over the sub region and with all states forming regional alliances to protect their interests and to fend off possible encroachment of others **Defense And Detente** Joseph I Coffey, 2022-06-30 This study will attempt to define precisely the nature of the differences between the United States and the FRG with respect to a particular set of issues arising out of the policy of Defense and Detente which is intended to insure peace and security in Europe More importantly it will also try to uncover the reasons for those differences in order to see whether to what extent and by what means the policies of the two countries can be brought closer together In short this study is an attempt at policy prescription based on an analysis of factors influencing previous policies and programs **The Logic of Internationalism** Kjell Goldmann, 2002-11 Is internationalism plausible in today s world or must global relations be characterised by tension and war The author analyses internationalism s coercive and accomodative dimensions and considers practical problems **Changing Visions of East Asia, 1943-93** R.B. Smith, 2006-09-27 This fascinating work draws together a lifetime of research by highly regarded scholar Ralph Bernard Smith who at the time of his death in December 2000 was examining the post war changes in East Asian politics economics and society **Energy and Security in the Industrializing World** Raju G. C. Thomas, Bennett Ramberg, 2021-03-17 Provides detailed analyses of the related concerns of energy needs the economy and national security for developing countries Argentina Brazil Cuba India Pakistan South Africa South Korea and Taiwan The essays serve to underline the dangerous problem of nuclear proliferation for

several of these countries have uneasy relations with their neighbors In their detailed reviews of these eight nations their plans and their capabilities the contributors have provided a valuable source for a neglected area of international affairs

The Iberian-latin American Connection Howard J. Wiarda,Eusebio Mujal-Leon,Alistair Hennessy,Janine T Perfit,2019-07-11 This book is especially timely as Latin America is diversifying its international connections Spain and Portugal are seeking to expand their interests and presence in Latin America and U S policy toward both regions has become increasingly complex Contributors trace the history of Iberian Latin American relations from colonial times and then examine the cultural economic political and strategic ties that currently exist between the two regions Particular attention is focused on the impact of Iberian Latin American relations on U S foreign policy The book concludes with a section of country specific case studies
