Law and Love in Ovid Ioannis Ziogas,2021-01-28 In classical scholarship the presence of legal language in love poetry is commonly interpreted as absurd and incongruous Ovid s legalisms have been described as frivolous humorous and ornamental Law and Love in Ovid challenges this wide spread but ill informed view Legal discourse in Latin love poetry is not incidental but fundamental Inspired by recent work in the interdisciplinary field of law and literature Ioannis Ziogas argues that the Roman elegiac poets point to love as the site of law s emergence The Latin elegiac poets may say make love not law but in order to make love they have to make law Drawing on Agamben Foucault and Butler Law and Love in Ovid explores the juridico discursive nature of Ovid s love poetry constructions of sovereignty imperialism authority biopolitics and the ways in which poetic diction has the force of law The book is methodologically ambitious combining legal theory with historically informed closed readings of numerous primary sources Ziogas aims to restore Ovid

to his rightful position in the history of legal humanism The Roman poet draws on a long tradition that goes back to Hesiod and Solon in which poetic justice is pitted against corrupt rulers Ovid's amatory jurisprudence is examined vis vis Paul's letter to the Romans The juridical nature of Ovid's poetry lies at the heart of his reception in the Middle Ages from Boccaccio's Decameron to Forcadell's Cupido iurisperitus The current trend to simultaneously study and marginalize legal discourse in Ovid is a modern construction that Law and Love in Ovid aims to demolish **The Buffyverse Catalog** Don

Macnaughtan,2015-08-21 This bibliographic guide covers the Buffyverse the fictional worlds of the acclaimed television series Buffy the Vampire Slayer 1997 2003 and its spinoff Angel 1999 2004 as well as the original Buffy feature film of 1992 It is the largest and most inclusive work of its kind The author organizes and describes both the original texts of the Buffyverse episodes DVDs novels comic books games and more and the secondary materials created about the shows including books essays articles documentaries dissertations fan production and websites This vast and diverse collection of information about these two seminal shows and their feature film forebear provides an accessible authoritative and comprehensive survey of the subject Love and the Law in Cervantes Roberto González Echevarría,2005-01-01 The

consolidation of law and the development of legal writing during Spain's Golden Age not only helped that country become a modern state but also affected its great literature In this fascinating book Roberto Gonzalez Echevarria explores the works of Cervantes showing how his representations of love were inspired by examples of human deviance and desire culled from legal discourse *Gandhi's Philosophy of Action* Prem Anand Mishra,2020-01-01 What are the elements that really constitute an action in Gandhi's worldview What is the basis and nature of his action How his views on action are related to his metaphysics theory of knowledge and ethics From where does he get inspiration for his views on the action As action relates the individual to others how does Gandhi see the relation between the self and other Is there any action or actions needed for oneself before engaging with others As Gandhi tends to adhere to the Hindu philosophical tradition and of which the law of karma is an integral part then how does Gandhi get influenced by and reflect on the law of karma This book essentially deals with these questions It attempts to explore and construct Gandhi's philosophy of action through a discursive journey of his writings It argues that Gandhi's philosophy of action is the outcome of his unified metaphysics epistemology and ethics It marks out that his philosophy of action comprises three essential inseparable components universal love responsibility and detachment **Looking for Love in the Legal Discourse of Marriage** Renata Grossi,2014-09-01 This

book examines the invisibility of romantic love in the legal discourse surrounding modern Australian marriage It looks at how romantic love has become a core part of modernity and a dominant part of the Western marriage discourse and considers how the ideologies of romantic love are or are not replicated in the legal meaning of marriage This examination raises two key issues If love has become central to people's understanding of marriage then it is important for the legitimacy of law that love is reflected in both the content and application of the law More fundamentally it requires us to reconsider

how we understand law and to ask whether it is engaged with emotions or separate from them Along the way this book also considers the meaning of love itself in contemporary society and asks whether love is a radical force capable of breaking down conservative meanings embedded in institutions like marriage or whether it simply mirrors them This book will be of interest to everyone working on love marriage and sexuality in the disciplines of law sociology and philosophy **Six Stages on the Spiritual Path** Ruth Whitney, 2021-05-21 In *Six Stages on the Spiritual Path* we learn about spirituality and its stages as well as how spirituality helps to reduce our suffering and create more love Writings from ancient to contemporary mystics across the world provide us with practical and spiritual wisdom that will make our lives happier and more loving In the first stage on the mystic way children experience awe and wonder but they do not realize that this is a spiritual experience While all indigenous people recognize awe as a mystical experience only some adults and most artists do When parents and religious leaders teach children about God they cause their spiritual growth to flourish or to become stunted at an elementary school level Awakening is an experience of the Divine that helps us realize that the Sacred Spirit is within us and loves us Awakening produces love for our neighbors and ourselves Then love nurtures more awakenings Illumination and union are deeper mystical experiences that the Holy One is not only within all of us and all of creation but also that we are within the ONE Illumination creates more love for all people and all the universe *Souvenir of the Passive Resistance Movement in South Africa, 1906-1914*, 1914 **Walter Benjamin: Appropriations** Peter Osborne, 2005 No other single author has so commanding a critical presence across so many disciplines within the arts and humanities in so many national contexts as Walter Benjamin 1892 1940 The belated reception of his work as a literary critic dating from the late 1950s has been followed by a rapid series of critical receptions in different contexts Frankfurt Critical Theory and Marxism Judaism Film Theory Post structuralism Philosophical Romanticism and Cultural Studies This collection brings together a selection of the most critically important items in the literature across the full range of Benjamin s cultural theoretical interests from all periods of the reception of his writings but focusing upon the most recent to produce a comprehensive overview of the best critical literature
