# The Legion Of Space

**Jack Williamson**

## **The Legion Of Space:**

**The Legion of Space** Jack Williamson, 1975 The Legion of Space is a space opera science fiction series by American writer Jack Williamson. The story takes place in an era when humans have colonized the Solar System but dare not go farther as the first extra solar expedition to Barnard's Star failed and the survivors came back as babbling grotesque diseased madmen. They spoke of a gigantic planet populated by ferocious animals and the single city left of the evil Medusae. The Medusae bear a vague resemblance to jellyfish but are actually elephant sized four eyed flying beings with hundreds of tentacles. The Medusae cannot speak and communicate with one another via a microwave code.

From The SF Gateway the most comprehensive digital library of classic SFF titles ever assembled comes an ideal sample introduction to the incredible career of Jack Williamson whose career spanned over seventy years. Jack Williamson published his first SF story The Metal Man in 1928 and continued to write high quality SF until his death in 2006 along the way coining many of the terms the genre now takes for granted such as terraforming and genetic engineering. He was the second writer after Heinlein to be named a SFWA Grand Master and was the oldest recipient of both the Hugo and Nebula Awards. This volume contains The Legion of Space the first volume in the eponymous series The Humanoids John W Campbell Award winning Terraforming Earth and his Hugo Award winning autobiography Wonder's Child My Life in Science Fiction.

**The Cometeers** Jack Williamson, 2012-07-12 In the second book in the Legion of Space series Jay Kalam Hal Samdu and Giles Habibula fight The Cometeers an alien race of energy beings controlling a comet which is really a giant force field containing a swarm of planets populated by their slaves. The slave races are of flesh and blood but none are remotely similar to humans. The Cometeers cannot be destroyed by AKKA as they are incorporeal from the Universe's point of view and exist for the most part in an alternate reality. The ruling Cometeers feed on their slaves and literally absorb their souls leaving disgusting dying hulks in their wake. It is said that they do so as they were once fleshly entities themselves of various species. Hence the ruling Cometeers keep other intelligent beings as slaves and cattle. They fear AKKA though as it can erase all their possessions.

Hartwell, 2024-05-01 From two acclaimed editors comes the best ever anthology of science fiction's most vigorous subgenres the space opera Space opera once a derisive term for cheap pulp adventure has come to mean something more in modern SF compelling adventure stories told against a broad canvas and written to the highest level of skill Indeed it can be argued that the new space opera is one of the defining streams of modern SF Now World Fantasy Award winning anthologists David G Hartwell and Kathryn Cramer have compiled a definitive overview of this subgenre both as it was in the days of the pulp magazines and as it has become in the 2000s Included are major works from genre progenitors popular favorites and modern day pioneers **Space to State** **Veteran Agencies in VA Facilities** United States.
