Trewartha, 2016-06-06 **The More Developed Realm** **The Creation: Its Infinite Features and Finite Realms Volume I** Jack Hetrick, 2014-09-19 In the last decade of the twentieth century A D a discovery was made of a body of knowledge which it is believed has important implications for the future of man In 1996 it was discovered that many cultural artifacts produced by man since about 30 000 B C possess an unusual symbolism This symbolism as we shall see has a mathematical component associated with it that finds expression in the form of alignments and points of alignments Because of this the interpretation of this symbolism is not entirely subjective but has an objective aspect to it as well In The Creation Its Infinite Features and Finite Realms artifacts of man that possess this unusual symbolism are referred to as inspired sources They are called inspired because the symbolism present in these artifacts is believed to be inspired by the Creator and they are called sources because the increments of knowledge transmitted by the symbolism of these artifacts are sources of knowledge Heavenly Realms and Earthly Realities in Late Antique Religions Ra'anan S. Boustani, Annette Yoshiko Reed, 2004-08-16 The idea of heaven held a special place in the late antique imagination which was marked by a poignant sense of the relevance of otherworldly realities for earthly life Such concerns can be found not only in Judaism and Christianity but also in the Greco Roman religious philosophical scientific and magical traditions Transcending social regional and creedal boundaries the preoccupation with heaven in Late Antiquity serves as a focus for an interdisciplinary approach to understanding this formative era in Western culture and history Drawing upon the expertise of scholars of Classics Ancient History Jewish Studies and Patristics this volume explores the different functions of heavenly imagery in different texts and traditions in order to map the patterns of unity and diversity within the religious landscape of Late Antiquity **Divine Order of Development as Traced in Nature, Man, and the Bible** John Coutts, 1908 **No River to Cross** Daehaeng, 2012-11-12 It is often said that enlightenment means crossing over to the other shore that far off place where we can at last be free from suffering Likewise it is said that Buddhist teachings are the raft that takes us there In this sparkling collection from one of the most vital teachers of modern Korean Buddhism Zen Master Daehaeng shows us that there is no raft to find and truly no river to cross She extends her hand to the Western reader beckoning each of us into the unfailing wisdom accessible right now the enlightenment that is always already right here A Zen or seon as Korean Zen is called master with impeccable credentials Daehaeng has developed a refreshing approach No River to Cross is surprisingly personal It is disarmingly simple yet remarkably profound pointing us again and again to our foundation our True Nature the perfection of things just as they are Three Bio-Realms G.
