of globalization **The Bukharan Crisis** Scott Levi,2020-05-26 In the first half of the eighteenth century Central Asia's Bukharan Khanate descended into a crisis from which it would not recover Bukharans suffered failed harvests and famine a severe fiscal downturn invasions from the north and the south rebellion and then revolution To date efforts to identify the cause of this crisis have focused on the assumption that the region became isolated from early modern globalizing trends The Bukharan Crisis exposes that explanation as a flawed relic of early Orientalist scholarship on the region In its place Scott Levi identifies multiple causal factors that underpinned the Bukharan crisis Some of these were interrelated and some independent some unfolded over long periods while others shocked the region more abruptly but they all converged in the early eighteenth century to the detriment of the Bukharan Khanate and those dependent upon it Levi applies an integrative framework of analysis that repositions Central Asia in recent scholarship on multiple themes in early modern Eurasian and world history **Writing Travel in Central Asian History** Nile Green,2014-01-02 For centuries travelers have made Central Asia known to the wider world through their writings In this volume scholars employ these little known texts in a wide range of Asian and European languages to trace how Central Asia was gradually absorbed into global affairs The representations of the region brought home to China and Japan India and Persia Russia and Great Britain provide valuable evidence that helps map earlier periods of globalization and cultural interaction The Naqshbandiyya Itzhak Weismann,2007-06-25 The Naqshbandiyya order has attracted increasing scholarly attention over the last two decades yet so far there has been no attempt to present a comprehensive picture of the evolution of the rich organization and ideational Naqshbandiyyah tradition This book is therefore by now a highly desirable contribution that will fill this gap in the literature of this important Sufi order Spanning almost a millennium in time and most of the Muslim world in space this book provides a comprehensive overview of the important Naqshbandiyyah Sufi order *Babur* Aabhas Maldahiyar,2024-02-19 Babur the visionary founder of Timurid Empire in Hindustan had a fair share of early struggle following his father's tragic demise in AD 1494 Then on Babur embarked on an unyielding pursuit of power amid treacherous political landscapes the narrative unveils his moniker the chessboard king portraying his adept navigation through political intricacies and adversities From his ascent to rulership in Ferghana amidst familial threats to fleeting victories and losses in Samarkand the book paints a poignant picture of Babur's journey It portrays his retreat to tribal lands after relinquishing hopes of reclaiming Ferghana eventually establishing a mountainous kingdom in Kabul a pivotal milestone preceding his ambition to expand into Hindustan Recounting his initial endeavour to penetrate Hindustan in AD 1505 his alliances and subsequent setbacks after Sultan Husayn Mirza Bayqarah's demise leaving him as the sole Timurid prince in power the book opens a window to Babur's failed second attempt to enter Hindustan encapsulating the initial thirteen to fourteen tumultuous years of his reign marked by exile fleeting victories and delicate alliances Gripping anecdotal and deeply researched Babur The Chessboard King delves into Hindustan's economic landscape during Timurid rule and portrays Babur as a multifaceted ruler challenging the typical
