**The Liberation of the Riviera** Peter Leslie, 1981      *Storming the Eagle's Nest* Jim Ring, 2013-09-03 From the Fall of France in June 1940 to Hitler's suicide in April 1945 the swastika flew from the peaks of the High Savoy in the western Alps to the passes above Ljubljana in the east The Alps as much as Berlin were the heart of the Third Reich Yes Hitler declared of his headquarters in the Bavarian Alps I have a close link to this mountain Much was done there came about and ended there those were the best times of my life My great plans were forged there With great authority and verve Jim Ring tells the story of how the war was conceived and directed from the Fuhrer's mountain retreat how all the Alps bar Switzerland fell to Fascism and how Switzerland herself became the Nazi's banker and Europe's spy centre How the Alps in France Italy and Yugoslavia became cradles of resistance how the range proved both a sanctuary and a death trap for Europe's Jews and how the whole war culminated in the Allies descent on what was rumoured to be Hitler's Alpine Redoubt a Bavarian mountain fortress

**The Folly of War** Alain F. Corcos, 2021-03-26 During all its history humanity it seems has not learned a thing about the stupidity of war and its horrors Today the Middle East is in flames Israelis are fighting the Palestinians there is killing each day in Syria Afghanistan Iraq Yemen and other parts of the world cities are destroyed by incessant bombing Victims are fleeing the killing and emigration to Europe is at an all time high But contrary to the young soldiers in the US who learn about the inhumanness of war when they are sent to Vietnam or the Middle East Alain Corcos lived through War World II as a teenager then escaped with his brother from Nazi France across the Spanish border and joined the Allied Forces in Casablanca in March 1944 three months before D Day As an old man today Corcos had time to reflect on war and in his book *The Folly of War* he paints the pains that soldiers and civilians go through in any kind of war He wonders if humanity is ready for peace Wouldn't it be more reasonable to work together than killing each other for foolish reasons We face many challenges the threat of nuclear war overpopulation climate change and worldwide pandemics to name a few Corcos explores real solutions that offer hope instead of continued destruction

Winston Churchill and the Art of Leadership William Nester, 2020-09-30 A unique biography that explores how Churchill viewed pursued and used power by the award winning author of *Napoleon and the Art of Diplomacy* Many indeed are the biographies of Winston Churchill one of the most influential figures of the twentieth century But what was that influence and how did he use it in the furtherance of his and his country's ambitions For the first time Professor William Nestor has delved into the life and actions of Churchill to examine just how skillfully he manipulated events to place him in positions of power

His thirst for power stirred political controversy wherever he intruded Those who had to deal directly with him either loved or hated him His enemies condemned him for being an egoist publicity hound double dealer and Machiavellian accusations that his friends and even he himself could not deny He could only serve Britain as a statesman and a reformer because he was a wily politician who won sixteen of twenty one elections that he contested between 1899 and 1955 The House of Commons was Churchill's political temple where he exalted in the speeches and harangues on the floor and the backroom horse trading and camaraderie Most of his life he was a Cassandra warning against the threats of Communism Nazism and nuclear Armageddon With his ability to think beyond mental boxes and connect far flung dots he clearly foretold events to which virtually everyone else was oblivious Yet he was certainly not always right and was at times spectacularly wrong This is the first book that explores how Churchill understood and asserted the art of power mostly through hundreds of his own insights expressed through his speeches and writings
