beautiful and esteemed actress made possible Merrick's cherished dream of human contact and love **The Life of an Elephant** Sir S. Eardley-Wilmot, 1912 *The circulation in plants, in the lower animals, and in man* James Bell Pettigrew, 1908 *The Brain, the Mind, and the Person Within* Mark Cosgrove, 2019-03-21

The brain with its nearly one hundred billion neurons is the most complex structure in the universe and we are living in a period of revolutionary advancements in neuroscience. Yet scientists and skeptics often frame these findings in ways that challenge the Christian worldview. Many professionals and popularizers claim that human beings are their brains and that all human behavior and experience are merely by products of brain physiology. In *The Brain the Mind and the Person Within* professor of psychology Mark Cosgrove not only explains what the brain is and what it does but also corrects common misinterpretations and demonstrates that what we know about the brain coheres with the teachings of Scripture. He contends that humans are unities of soul and body in which both the spiritual and the physical interact. From this perspective he presents informative overviews of contemporary debates about the brain including consciousness, free will, God, personhood, and life after death. The better we understand the brain, the better we understand ourselves and our exquisite design that reflects the wisdom of the Creator. Thoughtful readers will find this to be a fascinating, accessible survey of this unique part of the body and the profound theological and technological issues surrounding it. Articulating the Elephant Man Peter W. Graham, Fritz Oehlschlaeger, 1992

The surgeon Frederick Treves and the anthropologist Ashley Montagu helped make him famous. Filmmaker David Lynch and playwright Bernard Pomerance made him a star. According to the popular press, singer Michael Jackson wanted to buy his bones from London Hospital. Stories about Joseph Merrick, the Elephant Man of Victorian England, combine elements of myth and fable, tragedy and melodrama, freak show and farce. And they seem to have perennial appeal. In *Articulating the Elephant Man*, Peter W. Graham and Fritz H. Oehlschlaeger examine how the phenomenon called the Elephant Man has been constructed and reconstructed, how Joseph Merrick has been transformed from a suffering individual into an exhibit, a shape-shifting curiosity whose different guises variously suit the needs of particular audiences, genres, and interpreters. Merrick's presenters have been a varied group of artists, medical experts, scholars, and biographers. But preceding them all is Merrick himself, no mere passive sufferer but an individual who bravely endured and when he had to, successfully exploited his outrageous bodily disorder. According to Graham and Oehlschlaeger, each account starting with Merrick's autobiographical pamphlet blends description and creation, observation and self-revelation, and the selective recording, alteration, and suppression of details. Telling the story of the Elephant Man, whether as a drama, a film, a sequence of poems, or a medical case study, often reveals as much about the observer as it does about the subject. The Victorians' accounts of Merrick, for example, reflect that era's tendency to normalize the extraordinary, to colonize the exotic. For them, Merrick was both an ideal object of charity and a challenge to their most basic assumptions about humanity. In our own time, Merrick is cast as the ultimate outsider. If it was culturally convenient for the Victorians to patronize Merrick and congratulate his

benefactors contemporary cultural biases make it easier for us to admire him as a subversive hero and to debunk his exploiters Like the hero of a folk tale the real Merrick suffered indignities but enjoyed a dramatic change of fortune At the end of his life he had attained a measure of comfort a small portion of fame and the courteous notice of the eminent the beautiful even the royal At the heart of his story the authors suggest is Merrick's humanity and telling his story helps us define our own Merrick faced what every human being who grows old or falls ill must endure the sufferer's painful questions about cause and effect about personal guilt or cosmic cruelty He knew the isolation felt by every outsider the poor the homeless the victimized even the modern superstar And like each of us he must have wondered if appearance is after all a misleading mask

The Beauty of Jesus Christ Gerald J. O'Collins,2020-03-30 This book anchors its account of the beauty of Jesus Christ to a scheme found in St Augustine of Hippo's Expositions of the Psalms There Augustine recognized the beauty of Christ at every stage from his pre-existence beautiful in heaven through his incarnation the public ministry beautiful in his miracles beautiful in calling to life passion crucifixion burial resurrection beautiful in taking up his life again and glorious life in heaven Augustine never filled out this laconic summary by writing a work on Christ and his beauty The Beauty of Jesus Christ seems to be the first attempt in Christian history to write a comprehensive account of the beauty of Christ in the light of Augustine's list The work begins by offering a working description of what it understands by beauty as being perfect harmonious and radiant Beauty above all the divine beauty enjoys inexhaustible meaning and overlaps with the holy or the awesome and fascinating mystery of God Loving beauty opens the way to truth and helps us grasp and practise virtue The book needs to add some items to Augustine's list by recognizing Christ's beauty in his baptism transfiguration and post resurrection sending of the Holy Spirit It also goes beyond Augustine by showing how the imagery and language Jesus prepared in his hidden life and then used in his ministry witness to the beautiful sensibility that developed during his years at home in Nazareth Throughout this book draws on the Scriptures to illustrate and justify Augustine's brief claims about the beauty revealed in the whole story of Christ from his pre-existence to his risen post-existence Where appropriate it also cites the witness to Christ's beauty that has come from artists composers of sacred music the creators of icons and writers
