The Life and Genius of Gogol Charles Edward Turner, 2005 Systematic Catalogue of the Public Library of the City of Milwaukee Milwaukee Public Library, 1885 *Literary Biographies in The Lives of Remarkable People Series in Russia* , Ludmilla A. Trigos, Carol Ueland, 2022-03-14 The legendary Russian biography series The Lives of Remarkable People has played a significant role in Russian culture from its inception in 1890 until today The longest running biography series in world literature it spans three centuries and widely divergent political and cultural epochs Imperial Soviet and Post Soviet Russia The authors argue that the treatment of biographical figures in the series is a case study for continuities and changes in Russian national identity over time Biography in Russia and elsewhere remains a most influential literary genre and the distinctive approach and branding of the series has made it the economic engine of its publisher Molodaia gvardiia The centrality of biographies of major literary figures in the series reflects their heightened importance in Russian culture The contributors examine the ways that biographies of Russia's foremost writers shaped the literary canon while mirroring the political and social realities of both the subjects and their biographers times Starting with Alexander Pushkin and ending with Joseph Brodsky the authors analyze the interplay of research and imagination in biographical narrative the changing perceptions of what constitutes literary greatness and the subversive possibilities of biography during eras of political censorship *Publishers' circular and booksellers' record* , 1882 **Gogol's Afterlife** Stephen Moeller-Sally, 2002-12-26 The evolution of Russian authorship as exemplified by Gogol's social and aesthetic reception from 1829 to 1952 Nikolai Gogol's claim to the title of national literary classic is incontestable Since his lifetime every generation of Russian writers and readers has had to come to terms somehow with his ingeniously suggestive and comically virtuosic art An exemplar for popular audiences no less than for the intelligentsia Gogol was pressed into service under the tsarist and Soviet regimes for causes both aesthetic and political official and unofficial In Gogol's Afterlife Stephen Moeller Sally explores how he achieved this peculiar brand of cultural authority and later maintained it despite dramatic shifts in the organization of Russian literature and society Beginning with Gogol's debut and extending well into the twentieth century this elegantly written and meticulously researched work offers nothing short of a sociology of modern Russian literature Together with the history of Gogol's social and aesthetic reception it describes the institutional evolution of Russian literature and the changing relationship of the Russian writer to nation state and society Moeller Sally puts a wealth of historical material under a finely calibrated critical lens to show how the rise of the reading public in nineteenth century Russia prepared the ground for a popular nationalism centered around the literary classics Part I charts the historical and cultural currents that shaped Gogol's reputation among the educated classes of late Imperial Russia devoting particular attention to the models of authorship Gogol himself devised in response to his changing audience and developing authorial mission Part II takes a panoramic view of the social milieu in which Gogol's status evolved describing the intelligentsia's efforts to propagate his life and works

Fyodor Dostoyevsky 1821-1881 was a Russian novelist, short story writer, essayist, journalist, and philosopher. His literary works explore human psychology in the troubled political, social, and spiritual atmosphere of 19th-century Russia. Many of his works contain a strong emphasis on Christianity and its message of absolute love, forgiveness, and charity explored within the realm of the individual confronted with all of life's hardships and beauty. His major works include *Crime and Punishment* (1866), *The Idiot* (1869), *Demons* (1872), and *The Brothers Karamazov* (1880). Many literary critics rate him as one of the greatest and most prominent psychologists in world literature. His novella *Notes from Underground* is considered to be one of the first works of existentialist literature.
