## **The Life And Work Of Wilhelm Reich:**

**The Life and the Work of Wilhelm Reich** Michel Cattier,1971  
Cattier,1979-07-01      **Passion of Youth** Wilhelm Reich,2013-07-02 When he died in 1957 Wilhelm Reich had been the most revolutionary figure in psychoanalysis and the only student of Freud's to carry his libido theory into experimental science Reich's legacy includes such essential volumes as *Character Analysis* *The Function of the Orgasm* and *The Mass Psychology of Fascism* *Passion of Youth* is the latest of Reich's writings to appear posthumously and it reveals that Reich's life no less than his work was provocative and instructive In a reminiscence composed in 1919 *Childhood and Puberty* Reich tells of his earliest years spent on a country estate in Bukovina He describes his first conscious experiences of sexuality and the further development of his sexual life his schooling and above all the catastrophic infidelity that led first to his mother's suicide in 1910 and then to his father's death in 1914 With the outbreak of the Great War Reich fled Bukovina and enlisted in the Austro Hungarian Army where he became a battalion commander In an excerpt from his 1937 *History of Sexpol* he recounts how his four years in the military impressed on him the masses' numb obedience to authority and the automatic quality of a ceaselessly operating war machine Reich began his study of medicine at the University of Vienna in 1919 and graduated in the summer of 1922 His diaries from these years record his encounter with Freud the growth of his conviction that sexuality is the core around which all social life and the inner life revolves his first political stirrings and his analysis of the woman who would become his first wife These diaries abound in turbulent emotions and the passion of youth      *Salvation Through Sex* Eustace Chessier,1972      *Wilhelm Reich* David Boadella,1985      **Wilhelm Reich: A Personal Biography** Ilse Ollendorff Reich,2011-05-17      **Focus On: 100 Most Popular American Agnostics** Wikipedia contributors,      **Wilhelm Reich** Robert S. Corrington,2003-07-14 A stirring reappraisal of the brilliant maligned psychoanalytic thinker Robert S Corrington offers the first thorough reconsideration of Wilhelm Reich's life and work since Reich's death in 1957 Reich was seventeen years old at the outbreak of World War I and had already witnessed the suicides of his mother and father A native of Vienna he became a disciple of Freud but by his late twenties having already written his classic *The Function of the Orgasm* he fled the Third Reich and departed too from Freudian psychoanalysis In *The Mass Psychology of Fascism* Reich first took the now classic position that social behavior has its every root in sexual behavior and repression But the psychoanalytic community was made uncomfortable by this claim and it was said by the time of Reich's death in an American prison on dubious charges brought by the federal government that Reich had squandered his prodigal genius and surrendered to his own paranoia and psychosis an opinion still responsible for the neglect and misconception of Reich's contribution to psychology In this transfixing psychobiography Corrington illuminates the themes and obsessions that unify Reich's work and reports on Reich's fascinating unrelenting one man quest to probe the ultimate structures of self world and cosmos      *Cultural Foundations of Political Psychology* Paul Roazen,2018-02-06 Over the centuries all of the great philosophers made psychology central to

understanding social life Indeed the ancient Greeks thought it impossible to conceive of political life without insight into the human soul Yet insufficient professional legitimization attaches to the central importance of modern depth psychology in understanding politics Cultural Foundations of Political Psychology explores the linkages between psychology and politics focusing on how rival conceptions of the good life and unspoken moral purposes in the social sciences have led to sectarian intolerance Roazen has always approached the history of psychoanalysis with the conviction that ethical issues are implicit in every clinical encounter Thus his opening chapter on Erich Fromm's exclusion from the International Psychoanalytic Association touches on a host of political matters including collaboration as opposed to resistance to Nazi tyranny Roazen also brings a public private perspective to such well known episodes as the Hiss Chambers case the circumstances of Virginia Woolf's madness and suicide and the matter of CIA funding of the monthly Encounter He deals with the reaction to psychoanalysis on the part of three major philosophers Althusser Wittgenstein and Buber and looks at the link between psychology and politics in the work of such political theorists as Machiavelli Rousseau Burke Tocqueville Berlin and Arendt A chapter grappling with Vietnam and the Cold War illustrates how political psychology should be concerned with questions of an ethical or ought character In examining the social and psychological bases for political theorizing Roazen shows how both psychology and politics must change and redefine their methodologies as a result of their interaction Roazen concludes with a chapter on how political psychology must deal with issues posed by changing conceptions of femininity This volume is a pioneering exploration of the intersection of psychology and politics

**OPERATION PARADISE (standard edition b/w)**

G. Ritschl, 2007-11-05 The Orgone Revolution is underway During the last few years a small but growing group of people worldwide has started a peaceful revolution planet wide environmental healing with orgone energy This book is essential reading for anyone who is interested in holistic healing and the convergence of advanced science with the mystical world view It is also a book for all those who are worried about the tendencies of a small elite to create a worldwide Orwellian Superstate by means of secret manipulation of world events centralisation and secret chemical and electronic warfare against humankind It is time to reclaim planet earth for humanity The compelling message of this book is Together we can create Paradise

**The Quest for the Inner Human** Steven H. Propp, 2013-12-03 Psychology means the study of the soul it is the social science concerned with investigating who we are why we have certain feelings and why we do the things we do Are we no more than a vast assembly of nerve cells and their associated molecules Is biology our genetic inheritance destiny or does social upbringing play a crucial role What are the roles played by Nature and by Nurture Are we purely physical beings or is there an aspect that can be called spiritual This thought provoking novel takes you on a journey of intellectual and emotional exploration considering along the way questions that we've all asked ourselves such as Is it true that we only use 10% of our brains Does playing classical music for infants increase their intelligence Do crime rates go up during a full moon Can hypnosis or post hypnotic suggestions make us do something we wouldn't normally do Does subliminal advertising

influence us to buy products Are our memories stored indelibly almost like a tape recorder What causes memory lapses as we age Can repressed traumatic memories be recovered through hypnosis Do some people have multiple personalities How can I tell if someone has a neurosis or a psychosis Do men have an inner feminine side and women an inner masculine Are there innate psychological differences between males and females The four main characters in this book will guide you through a diverse and sometimes bewildering world of differing approaches to answering such questions such as Freudian Jungian and Adlerian Humanistic Existential and Transpersonal as well as Cognitive Emotive and Behaviorist Along the way you will learn about the developmental stages proposed by psychologists such as Erikson Kohlberg Piaget and Fowler and even explore some of the questions currently being asked by both neuroscientists and philosophers of the mind Start reading to begin your study of our innermost selves

*In Search of Somatic Therapy* Setsuko Tsuchiya, 2017-03-05 What is somatic therapy Is it about somatic therapy psychological talk therapy that surrounds somatic stimulation or somatic therapy the somatic stimulation itself Do the different forms of somatic experience e g massage dance singing acupuncture acupressure and biofeedback have anything in common other than talking about the experience The author a registered Hawaii massage therapist who comes from Japan documents her journey in search of somatic therapy and reports the surprising answers that reveal themselves along the way

**Where's the Truth?** Wilhelm Reich, 2012-08-07 Where's the Truth is the fourth and final volume of Wilhelm Reich's autobiographical writings drawn from his diaries letters and laboratory notebooks These writings reveal the details of the outsider scientist's life his joys and sorrows his hopes and insecurities and chronicle his experiments with what he called orgone energy A student of Freud's and a prominent research physician in the early psychoanalytic movement Reich immigrated to America in 1939 in flight from Nazism and pursued research about orgone energy functions in the living organism and the atmosphere Where's the Truth begins in January 1948 shortly after Reich became a target of the Federal Food and Drug Administration He had already faced persecution by the U S government having been mistaken by the State Department and the FBI for both a Communist and a Nazi Starting in 1947 Reich was hounded by the FDA which in 1954 obtained an injunction by default against him that enabled it to burn six tons of his published books and research journals and to ban the use of one of his most important experimental research tools the orgone energy accumulator Challenging the right of a court to judge basic scientific research Reich was imprisoned in March 1957 and died in the U S Penitentiary in Lewisburg Pennsylvania eight months later The text gathered here shows Reich's steadfast determination to protect his work Where's the truth he asked a lawyer and that question animates this volume and rounds out our understanding of a unique irrepressible modern figure

Eschatological Discipleship Trevin Wax, 2018-04-01 Discipleship is eschatological in nature because the church that makes and receives disciples is eschatological in nature Often eschatology is thought to refer only to last things doctrines However eschatology in its broader sense encompasses the Christian view of time and the future of the world informing both one's evangelism and ecclesiology Failing to relate the

eschatological dimension to discipleship leaves one with an incomplete worldview imbalanced discipleship and eventually a tragic inability to model the Christian way of life By answering questions like What time is it and Where is history going Trevin Wax helps Christians view the past present and future biblically and shapes their understanding of following Jesus
