At the time of writing this book we are in our thirties. There is something about our generation that never quite fit in a traditional sense. Our authors are from or have lived in Canada, USA, Turkey, Germany, Barcelona and Europe yet there is a common feeling of displacement across the globe within our lost generation. We were the first generation to have vast choices around education, career and our role in the household. We were able to stumble off the traditional path and survive. We were raised in a very transitional phase from single to dual income households and grew up during the rise of broken homes. We saw war for its true colors, an industry and not an act of freedom, the creation of the internet and watching it burst followed by an economic banking and housing crash. We also saw positive change: rapid gentrification, spirituality, equal rights, gay rights and same sex marriage, the everyday feminist and females running the workplace, male nurses stay at home, dads and moms to mompreneurs, to childless women by choice, finding commonalities outside of mommyhood. As adults we view diversity and open mindedness as our way of life. We didn't start all these trends but we are the outcome. We were born to be a generation of change, a generation of options. Maybe instead of being the lost generation we were the born Choice Makers. Yet we don't fully own this. We CAN choose a life outside of a cookie cutter mold and we have the right to be unapologetic when doing so. This book is a heavy controversial eye opener while being a tool for healing, growth, owning your power and embracing choice.

Living the Life Unexpected Jody Day,2016-02-25 The book to recommend to patients when they face coming to terms with unavoidable childlessness. *British Medical Journal*. In *Living the Life Unexpected* Jody Day addresses the experience of involuntary childlessness and provides a powerful practical guide to help those negotiating a future without children come to terms with their grief, a grief that is only just beginning to be recognized by society. This friendly, practical, humorous and honest guide from one of the world's most respected names in childless support offers compassion and understanding and shows how it's possible to move towards a creative, happy, meaningful and fulfilling future even if it's not the one you had planned. Millions of people are now living a life without children, almost double that of a generation ago and the numbers are rising still. Although some are childfree by choice, many others are childless due to infertility or circumstance and are struggling to come to terms with their uncertain future. Although most people think that those without children either couldn't or didn't want to be parents, the truth is much more complex. Jody Day was forty-four when she realized that her quest to be a mother was at an end. She presumed that she was through the toughest part but over the next couple of years she was hit by waves of grief, despair and isolation. Eventually she found her way and in 2011 created Gateway Women, the global friendship and support network for childless women which has now helped almost two million people worldwide. This edition, previously titled *Rocking the Life Unexpected*, has been extensively revised and updated with significant additional content and case studies from forty involuntarily childless people, mostly women, from
