The Girls' Life Karen Bokram, 2009-03-19 **Pages from a little girl's life** Annie Frances Perram, 1884 *Nobody Ever Asked Me about the Girls* Lisa Robinson, 2020-11-10 Indispensable reading about the feminine journey through a man's world USA Today An intimate look at the lives of our most celebrated female musicians and their challenges with fame from a legendary music journalist Over four decades Lisa Robinson has made a name for herself as a celebrated journalist in a business long known for its boys club mentality But to Robinson the female performers who sat down with her most often at the peak of their careers were the true revelations Based on conversations with more than forty female artists Nobody Ever Asked Me about the Girls is a behind the scenes glimpse into the effects of success on some of music's most famous women From Tina Turner Joni Mitchell Stevie Nicks Donna Summer Bette Midler Alanis Morissette and Linda Ronstadt to Mary J Blige Lady Gaga Jennifer Lopez Adele Beyoncé Rihanna and numerous others Robinson reveals the private obsessions and public distractions that musicians contend with in their pursuit of stardom From these interviews emerge candid portraits of how these women regardless of genre or decade deal with image abuse love motherhood family sex drugs business and age Complete with reflections from Robinson's own career as a pioneering female music writer Nobody Ever Asked Me about the Girls offers an overdue consideration of how hopes dreams and the drive for recognition have propelled our most beloved female musicians to take the stage and leave an undeniable lasting musical mark on the world **Girl's Life** , *The Magical Girl's Guide to Life* Jacque Aye, 2021-12-21 Inspired by the magical girls in your favourite animes and mangas The Magical Girl's Guide to Life teaches you how your self care journey starts by uncovering the magical girl within With fun exercises journal prompts and personality tests you'll quickly learn everything you need to know about your magical girl self including your magical girl name what type of power you possess and what cute companion will perfectly complement your magical girl journey Once your magical girl identity is locked in you'll learn how to take on the world and continue your self growth **Conversations With My Childhood Self - A Japanese Girl's Life** , Would you like to go back in time and talk to your childhood self What events would you discuss What advice would you give This is the true story of Terri Yamaguchi a Japanese girl growing up in a poor family during the 1970s and 80s Each childhood episode is then followed by fictional discussions between the girl and her adult self talking about the painful events of that day The adult enters a meditative state in order to contact the girl while she is dreaming and by using her adult perspective and spiritual beliefs is able to console encourage and provide explanations for her childhood self in an effort to help her through painful times This not only creates a healing effect for the girl but the healing of the child also transcends time reaching into the future to simultaneously heal the adult The book begins with an introduction to Terri and her family and the circumstances of their lives The dominant role of her father the subservient role of her mother the embarrassment of being poor the controlling influence

of their church and how these forces combined with the nature of Japanese society to condition Terri to think and feel the way she did as passive powerless and always obedient But as she grows older she finds important ways to overcome this conditioning that eventually rescue her from what she thought would be a predetermined life of drudgery and control and the simply awful fate of repeating her mother s life The stories are told in chronological order beginning with memories of events that occurred as an infant through to events that occurred at 24 years of age An alternative title for the book was Things I Wish I d Known as a Child and this is because the conversations that occur between Terri as an adult and Terri as a child provide the girl with explanations that she never received from the adults around her at the time and also provide her with spiritual philosophies that enable her to see the painful events of her life in a completely different light Not just the wisdom that an adult could provide to a child but wisdom that was virtually unknown in the 1970s but is now helping thousands of people to find deeper meaning renewed purpose and greater ease in their lives Excerpt Let s say you had two lives to choose from One is a life where people make you feel bad and you have to then either fix them or put up with feeling bad And fixing someone means you have a discussion or an argument or a fight to convince coerce or cause them to change But these people will not stay fixed They ll eventually do the same thing again and you ll have to fix them all over again And this goes on for maybe 80 years How does that sound Sounds like hell What s the other life I have to choose from gThe other life is one where people still make you feel bad but to make sure that doesn t happen again you only ever have to fix one person And that one person is infinitely cooperative They will agree with everything you think and be willing to do whatever you decide and they will always like you no matter what And each time you fix that one person it will make it less likely that you will need to fix them in the future So how does that life sound Sounds like heaven And it sounds incredibly easier than the other life
