The Light Fantastic Terry Pratchett, 2000-02-02 Rincewind a cowardly wizard is the only one who can save Discworld as it falls slowly towards a red star

The Light Fantastic Terry Pratchett, 2022-09-27 Incredibly funny compulsively readable *The Times* The Discworld is very much like our own if our own were to consist of a flat planet balanced on the back of four elephants which stand on the back of a giant turtle that is What shall we do said Twoflower Panic said Rincewind hopefully He always held that panic was the best means of survival As it moves towards a seemingly inevitable collision with a malevolent red star the Discworld could do with a hero What it doesn't need is a singularly inept and cowardly wizard still recovering from the trauma of falling off the edge of the world or a well meaning tourist and his luggage which has a mind and legs of its own Which is a shame because that's all there is _____ The Discworld novels can be read in any order but *The Light Fantastic* is the second book in the Wizards series

Light Fantastic Terry Pratchett, 1997-09-02 Panic said Rincewind hopefully He always held that panic was the best means of survival When the very fabric of time and space are about to be put through the wringer in this instance by the imminent arrival of a very large and determinedly oncoming meteorite circumstances require a very particular type of hero Sadly what the situation does not need is a singularly inept wizard still recovering from the trauma of falling off the edge of the world Equally it does not need one well meaning tourist and his luggage which has a mind of its own Which is a shame because that's all there is

The Light Fantastic, 1999 *The Light Fantastic* Terry Pratchett, 2009-10-13 Humorously entertaining subtly thought provoking Pratchett's Discworld books are filled with humor and with magic but they're rooted in all things real life and cold hard reason Chicago Tribune Bumbling wizard Rincewind and hapless tourist Twoflower have survived a host of misadventures only to face annihilation as a red star hurtles towards the Discworld in this gloriously funny second installment in Sir Terry Pratchett's Discworld series also the second book in the Wizards collection It's just one of those days

The A to Z of Fantasy Literature Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites
