Jones,2021-01-14 In this book Charles B Jones provides the first English language translation of one of the most important texts of modern Chinese Buddhism monk reformer Taixu s On the Establishment of the Pure Land in the Human Realm The essay written in 1926 as part of Taixu s attempt to revive Chinese Buddhism with a Humanistic Buddhist approach incorporates Western thought into a reconstruction of the idea of the Pure Land in the human realm In his commentary on the text Jones argues that it has been widely misunderstood and mischaracterized Jones demonstrates that besides laying out the very modern idea of the Pure Land in the human realm as a slogan for Buddhist engagement with the problems of the modern world the essay does not as commonly assumed discourage practices leading to rebirth in the Pure Land He also shows that the human realm can mean anywhere in Buddhist cosmology that humans reside and that the essay s attempts to reconcile Buddhism with modern science is tentative and incomplete Jones reveals that the essay promotes visions of both paradises and utopias and that Taixu supports his ideas with many lengthy sutra quotations The book concludes with an examination of how Taixu s followers developed the idea of the Pure Land in the human realm into a more coherent and modernized ideal The Light of Buddha (Classic Reprint) S. Kuroda,2016-11-12 Excerpt from The Light of Buddha I have done my best to expose both the theoretical and practical doctrines of Buddha all in all according to the authorized Chinese Text I should have published the classification of Buddha s Personality had it not been too voluminous and so complicated for this small book It may not be altogether useless for those readers who can read the Japanese original as well as the English translation to state here that the translators have given a few small turns and contractions to my original with out missing the spirit of the original About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the
