## **The Limits Of Multiculturalism:**

**The Limits of Multiculturalism** ,1999 In the early nineteenth century the profession of American anthropology emerged as European Americans James Fenimore Cooper and Henry Rowe Schoolcraft among others began to make a living by studying the Indian Less well known are the AmerIndians who at that time were writing and publishing ethnographic accounts of their own people By bringing to the fore this literature of autoethnography and revealing its role in the forming of anthropology as we know it this book searches out and shakes the foundations of American cultural studies Scott Michaelsen shows cultural criticism to be at an impasse trapped by tradition even in its attempts to get beyond tradition With this dilemma in mind he takes us back to anthropology s nineteenth century roots to show us a network of nearly unknown AmerIndian anthropological writers David Cusick Jane Johnston William Apess Ely S Parker Peter Jones George Copway and John Rollin Ridge working contemporaneously with the major white anthropologists who wrote on indian topics Michaelsen tests present day theses about difference in light of these AmerIndian voices and concludes that multiculturalism never will locate critical differences from Western or white writing since these traditions are inextricably bound together The Limits of Multiculturalism is a first step in finding the proper anthropological grounds for questions about cultures in the Americas and in coming to terms with the co invention of anthropology by AmerIndians with the fact that Indian voices are lodged at the heart of anthropology *The Limits of Liberal Multiculturalism* A. Vitikainen,2015-07-07 The Limits of Liberal Multiculturalism provides a timely analysis of some of the weaknesses as well as the successes of the liberal multicultural project It also takes a step forward by developing a pluralist individual centred approach to allocating minority rights in practice *Rethinking Multiculturalism* Bhikhu C. Parekh,2002 Bhikhu Parekh argues for a pluralist perspective on cultural diversity Writing from both within the liberal tradition and outside of it as a critic he challenges what he calls the moral monism of much of traditional moral philosophy including contemporary liberalism its tendency to assert that only one way of life or set of values is worthwhile and to dismiss the rest as misguided or false He defends his pluralist perspective both at the level of theory and in subtle nuanced analyses of recent controversies Thus he offers careful and clear accounts of why cultural differences should be respected and publicly affirmed why the separation of church and state cannot be used to justify the separation of religion and politics and why the initial critique of Salman Rushdie before a Fatwa threatened his life deserved more serious attention than it received Rejecting naturalism which posits that humans have a relatively fixed nature and that culture is an incidental and culturalism which posits that they are socially and culturally constructed with only a minimal set of features in common he argues for a dialogic interplay between human commonalities and cultural differences This will allow Parekh argues genuinely balanced and thoughtful compromises on even the most controversial cultural issues in the new multicultural world in which we live *The Ashgate Research Companion to Multiculturalism* Duncan Ivison,2016-03-23 The Ashgate Research Companion to Multiculturalism brings together a collection of new essays by

leading and emerging scholars in the humanities and social sciences on some of the key issues facing multiculturalism today It provides a comprehensive and cutting edge treatment of this important and hotly contested field offering scholars and students a clear account of the leading theories and critiques of multiculturalism that have developed over the past twenty five years as well as a sense of the challenges facing multiculturalism in the future Key leading scholars including James Bohman Barbara Arneil Avigail Eisenberg Ghassan Hage and Paul Patton discuss multiculturalism in different cultural and national contexts and across a range of disciplinary approaches In addition to contributions Duncan Ivison also provides a comprehensive Introduction which surveys the field and offers an extensive guide to further reading This is a key volume for anyone interested in multiculturalism and its political premise

### **Multiculturalism and Religious Identity**

Sonia Sikka, Lori G. Beaman, 2014-06-01 How and to what extent can religion be included within commitments to multiculturalism Multiculturalism and Religious Identity addresses this question by examining the political recognition and management of religious identity in Canada and India In multicultural policy practice and literature religion has until recently not been included within broader discussions of multiculturalism perhaps due to worries of potential for conflict with secularism This collection undertakes a contemporary analysis of how the Canadian and Indian states each approach religious diversity through social and political policies as well as how religion and secularism meet both philosophically and politically in contested public space Although Canada and India have differing political and religious histories leading to different articulations of multiculturalism religious diversity and secularism both countries share a commitment to ensuring fair treatment for the different religious communities they include Combining broader theoretical and normative reflections with close case studies Multiculturalism and Religious Identity leads the way to addressing these timely issues in the Canadian and Indian contexts

*Racism, Eh?* Charmaine Nelson, Camille Antoinette Nelson, 2004 Racism Eh is the first publication that examines racism within the broad Canadian context This anthology brings together some of the visionaries who are seeking to illuminate the topics of race and racism in Canada through the analysis of historical and contemporary issues which address race and racism as both material and psychic phenomena Fundamentally interdisciplinary in nature this text will be an invaluable resource for undergraduate and graduate students academics studying or practicing within the Humanities and the Social Sciences and anyone seeking information on what has been a little explored and poorly understood Canadian issue pub desc

**Multiculturalism** Michael Murphy, 2013-03-01 What is multiculturalism and what are the different theories used to justify it Are multicultural policies a threat to liberty and equality Can liberal democracies accommodate minority groups without sacrificing peace and stability In this clear introduction to the subject Michael Murphy explores these questions and critically assesses multiculturalism from the standpoint of political philosophy and political practice The book explores the origins and contemporary usage of the concept of multiculturalism in the context of debates about citizenship egalitarian justice and conflicts between individual and collective rights The ideas of some of the most

influential champions and critics of multiculturalism including Will Kymlicka, Chandran Kukathas, Susan Okin and Brian Barry are also clearly explained and evaluated. Key themes include the tension between multiculturalism and gender equality, cultural relativism and the limits of liberal toleration and the impact of multicultural policies on social cohesion and ethnic conflict. Murphy also surveys the legal practices and policies enacted to accommodate multiculturalism drawing on examples from the Americas, Australasia, Europe, Asia and the Middle East. *Multiculturalism: A Critical Introduction* is an ideal starting point for anyone coming to the topic for the first time as well as those already familiar with some of the key issues. Law, Rhetoric and Irony in the Formation of Canadian Civil Culture Michael Dorland, Maurice René Charland, 2002-01-01. In *Rhetoric, Irony and Law in the Formation of Canadian Civil Culture* Michael Dorland and Maurice Charland examine how over the roughly 400 year period since the encounter of First Peoples with Europeans in North America rhetorical or discursive fields took form in politics and constitution making in the formation of a public sphere and in education and language. The study looks at how these fields changed over time within the French regime, the British regime and in Canada since 1867 and how they converged through trial and error into a Canadian civil culture. The authors establish a triangulation of fields of discourse formed by law as a technical discourse system, rhetoric as a public discourse system and irony as a means of accessing the public realm as the key pillars upon which a civil culture in Canada took form in order to scrutinize the process of creating a civil culture. By presenting case studies ranging from the legal implications of the transition from French to English law to the continued importance of the Louis Riel case and trial, the authors provide detailed analyses of how communication practices form a common institutional culture. As scholars of communication and rhetoric, Dorland and Charland have written a challenging examination of the history of Canadian governance and the central role played by legal and other discourses in the formation of civil culture. *Blackness and Modernity* Cecil Foster, 2007-05-28. In *Blackness and Modernity* Foster traces the main philosophical, anthropological, sociological and mythological arguments that support views of modernity as a failed quest for whiteness. He outlines how these views were implemented as part of a world history and shows how Canada became the first country to officially reject this approach by adopting multiculturalism. **Assessing Multiculturalism in Global Comparative Perspective** Yasmeen Abu-Laban, Alain-G Gagnon, Arjun Tremblay, 2022-12-30. In *Assessing Multiculturalism in Global Comparative Perspective* a group of leading scholars come together in a multidisciplinary collection to assess multiculturalism through an international comparative perspective. Multiculturalism today faces challenges like never before through the concurrent rise of populism and white supremacist groups and contemporary social movements mobilizing around alternative ideas of decolonization, anti-racism and national self-determination. Taking these challenges head on and with the backdrop that the term multiculturalism originated in Canada before going global, this collection of chapters presents a global comparative view of multiculturalism through both empirical and normative perspectives with the overarching aim of comprehending multiculturalism's promise, limitations, contemporary

challenges trajectory and possible futures Collectively the chapters provide the basis for a critical assessment of multiculturalism's first 50 years as well as vital insight into whether multiculturalism is best equipped to meet the distinct challenges characterizing this juncture of the 21st century With coverage including the Americas Europe Oceania Africa and Asia and thematic coverage of citizenship religion security gender Black Lives Matter and the post pandemic order *Assessing Multiculturalism in Global Comparative Perspective* presents a comprehensively global collection that is indispensable reading for scholars and students of diversity in the 21st century

**Politics in the Vernacular** Will Kymlicka, 2001-01-19 This volume brings together eighteen of Will Kymlicka's recent essays on nationalism multiculturalism and citizenship These essays expand on the well known theory of minority rights first developed in his *Multicultural Citizenship* In these new essays Kymlicka applies his theory to several pressing controversies regarding ethnic relations today responds to some of his critics and situates the debate over minority rights within the larger context of issues of nationalism democratic citizenship and globalization The essays are divided into four sections The first section summarizes the state of the debate over minority rights and explains how the debate has evolved over the past 15 years The second section explores the requirements of ethnocultural justice in a liberal democracy Kymlicka argues that the protection of individual human rights is insufficient to ensure justice between ethnocultural groups and that minority rights must supplement human rights In particular Kymlicka explores why some form of power sharing such as federalism is often required to ensure justice for national minorities why indigenous peoples have distinctive rights relating to economic development and environmental protection and why we need to define fairer terms of integration for immigrants The third section focuses on nationalism Kymlicka discusses some of the familiar misinterpretations and preconceptions which liberals have about nationalism and defends the need to recognize that there are genuinely liberal forms of nationalism He discusses the familiar but misleading contrast between cosmopolitanism and nationalism and discusses why liberals have gradually moved towards a position that combines elements of both The final section explores how these increasing demands by ethnic and national groups for minority rights affect the practice of democratic citizenship Kymlicka surveys recent theories of citizenship and raises questions about how they are challenged by ethnocultural diversity He emphasizes the importance of education as a site of conflict between demands for accommodating ethnocultural diversity and demands for promoting the common virtues and loyalties required by democratic citizenship And finally he explores the extent to which globalization requires us to think about citizenship in more global terms or whether citizenship will remain tied to national institutions and political processes Taken together these essays make a major contribution to enriching our understanding of the theory and practice of ethnocultural relations in Western democracies
