

Singularity

Earth, our infinitely miraculous abode;
Where nature has spawned,
a bewildering array of
diverse wondrous souls.

Like the Salmon run,
to the rivers of its birth.
And the Blue Whales,
that migrate thousands of miles
through the oceans.
Beavers and Termites,
Undoubtedly,
the best 'self-taught' engineers on Earth.

And the most devoted parent of all,
Emperor Penguins on the South Pole.
Majestic geese flying around the globe,
In the original version of Peloton.
Teamwork like the pack of wolves;
Dolphins' use of Sonar to hunt;
Peacocks enchanting dance;
Flamingoes and
their enduring romance.

And the insignificant ant,
that can lift thousand times its own weight.
Magnificent Polar bears and their ability to hibernate
Electricity generating eel;
'Pole to Pole' commuting Arctic Tern;
Lantern fish and its bioluminescence.
And the grandest flying machine of all,
the Wandering Albatross.

Mankind have their own providence;
species on the path of self-destruction.
And the irony of this is not lost,
We humans consider ourselves,
The most evolved!

Singularity Greg Glazner,1998-04-17 Integrates musical phrasings texturing and a range of styles and viewpoints into a collection of poetry that explores a delicate balance between comic irony and lyric intensity **Care Ethics and Poetry** Maurice Hamington,Ce Rosenow,2019-05-17 Care Ethics and Poetry is the first book to address the relationship between poetry and feminist care ethics The authors argue that morality and more specifically moral progress is a product of inquiry imagination and confronting new experiences Engaging poetry therefore can contribute to the habits necessary for a robust moral life specifically caring Each chapter offers poems that can provoke considerations of moral relations without explicitly moralizing The book contributes to valorizing poetry and aesthetic experience as much as it does to reassessing how we think about care ethics *The Cambridge Companion to the Poem* Sean Pryor,2024-06-06 This Companion offers an engaging and accessible introduction to key concepts in the study of poetry and poetics *The Complete Poetry of Emily Dickinson* Emily Dickinson,2023-12-23 Emily Dickinson s *The Complete Poetry of Emily Dickinson* is a profound collection that encapsulates the introspective and innovative spirit of one of America s most revered poets Characterized by her unique use of unconventional punctuation slant rhyme and succinct yet evocative imagery Dickinson s poetry invites readers into her contemplative world The themes of death nature immortality and personal reflection permeate her work presenting a complex emotional landscape that challenges traditional poetic forms Contextually Dickinson wrote during the 19th century a time of significant societal change which informed her revolutionary approach to poetry Emily Dickinson 1830 1886 a reclusive figure from Amherst Massachusetts crafted her verses largely in solitude often reflecting on her inner life and the world beyond her confined existence Influenced by her Puritan upbringing and the prevailing Transcendentalist ideals her writings reveal a keen awareness of life s transient beauty and the profundity of human experience Despite her limited recognition during her lifetime Dickinson s unique voice has since earned her a canonical status in American literature symbolizing the depth and complexity of individual thought For those seeking to explore the intricate nuances of human emotion and existence *The Complete Poetry of Emily Dickinson* is indispensable It provides an invaluable insight into the mind of a poet whose themes and style continue to resonate with contemporary readers This collection not only serves as a testament to Dickinson s genius but also encourages readers to engage with the profound questions of love mortality and the nature of consciousness In this enriched edition we have carefully created added value for your reading experience A comprehensive Introduction outlines these selected works unifying features themes or stylistic evolutions The Author Biography highlights personal milestones and literary influences that shape the entire body of writing A Historical Context section situates the works in their broader era social currents cultural trends and key events that underpin their creation A concise Synopsis Selection offers an accessible overview of the included texts helping readers navigate plotlines and main ideas without revealing critical twists A unified Analysis examines recurring motifs and stylistic hallmarks across the

collection tying the stories together while spotlighting the different works strengths Reflection questions inspire deeper contemplation of the authors overarching message inviting readers to draw connections among different texts and relate them to modern contexts Lastly our hand picked Memorable Quotes distill pivotal lines and turning points serving as touchstones for the collections central themes

Poetry as Testimony Antony Rowland, 2014-03-26 This book analyzes Holocaust poetry war poetry working class poetry and 9 11 poetry as forms of testimony Rowland argues that testamentary poetry requires a different approach to traditional ways of dealing with poems due to the pressure of the metatext the original traumatic events the poems demands for the hyper attentiveness of the reader and a paradox of identification that often draws the reader towards identifying with the poets experience but then reminds them of its sublimity He engages with the work of a diverse range of twentieth century authors and across the literature of several countries even uncovering new archival material The study ends with an analysis of the poetry of 9 11 engaging with the idea that it typifies a new era of testimony where global secondary witnesses react to a proliferation of media images This book ranges across the literature of several countries cultures and historical events in order to stress the large variety of contexts in which poetry has functioned productively as a form of testimony and to note the importance of the availability of translations to the formation of literary canons
