Jesus and his Two Fathers: The Person and the Legacy Uri Wernik, 2020-03-03 Who was Jesus in real life What inspired his ideas What did he aim to achieve What drew his disciples to him How was he influenced by them Unlike the many quests for the historical Jesus as a psychologist Wernik answers these questions from the perspectives of psychology and the social sciences This book's central axis is the theme of the father It looks at the family constellation into which Jesus was born where he was raised by a stepfather It also investigates the relationship he develops with God his father in heaven and examines how he became a father figure to his disciples and followers It is hoped that readers will also think about their own father when reading the one usually called dad Jesus and His Two Fathers sees Jesus' love of peace and appeasement doctrine as well as his difficulty with anger control in the context of his upbringing and family constellation Wernik offers a solution to the problem of the missing years which were unaccounted for in the New Testament He examines the internal conflicts in Jesus' movement and the tensions with the religious establishment which led to his death Jesus did not see himself as the Messiah and Wernik shows him in fact as a great reformer of Judaism who changed the notions of righteousness the relation of the believers to God and the status of the commandments This book will be of interest to scholars teachers and students in the humanities and social sciences among others in the fields of religion especially Christianity and Judaism It is aimed at interested discerning readers of non fiction in these areas

The Ante-Nicene Fathers: Latin Christianity: its founder, Tertullian. I. Apologetic; II. Anti-Marcion; III. Ethical, 1903

Creedal Apologetics Nancy A. Almodovar, 2021-03-19 The Apostles Creed was used in two distinct ways by the early Christian church first as a tool to teach new disciples the essentials of the faith and second as a defense for the faith from unbelievers and skeptics alike In the world today many are engaged in apologetics but with their presuppositions and subjective reasoning they offer the world nothing different than their own subjective beliefs Using the Apostles Creed as a guide enables the Christian to give a hope for the faith within using objective truths based on eyewitness testimony This book teaches you how to use the Creed to stay on topic and bring out the essentials of the faith in a concise and graceful manner Dr Almodovar gives a rubber hits the road approach to apologetics offering various scenarios to show how Creedal apologetics is accomplished This simple tool the Apostles Creed once used for defense is dusted off polished up and sharpened so that today's Christians can defend and proclaim the great gospel of Jesus Christ to a world in desperate need of the forgiveness of sins and new life in his name

The Ante-Nicene Fathers Reverend Alexander Roberts, 2007-05-01 One of the first great events in Christian history was the Council of Nicaea in 325 AD convened to organize Christian sects and beliefs into a unified doctrine The great Christian clergymen who wrote before this famous event are referred to as the Ante Nicenes and the Apostolic Fathers and their writings are collected here in a ten volume set The Ante Nicenes lived so close to the time of Christ that their interpretations of the New Testament are considered more authentic than modern voices But they are also real and flawed men who are more like their fellow Christians than they are like the Apostles making their words echo in the ears of spiritual seekers In Volume III of the 10 volume collected works of the Ante Nicenes first published between 1885 and 1896 readers will find three of Tertullian's most famous writings In Apologetic Tertullian addresses the powers that be in Rome demanding that Christians be accepted and tolerated by Roman law In Anti Marcion Tertullian attacks and discusses heretics And in Ethical he discusses a variety of moral questions
