Griffiths,2017-07-03 No matter how practised we are at history it always humbles us No matter how often we visit the past it always surprises us Winner of the Ernest Scott Prize and shortlisted for the NSW Premier s Literary Award for Non fiction A rare feat of imagination and generosity Mark McKenna With every sentence they write historians must walk the tightrope between discipline and imagination empathy and evidence In this landmark work eminent historian and award winning author Tom Griffiths shares his passion for the fascinating complex craft of history or as he calls it the art of time travel In fourteen portraits Griffiths illuminates how historians such as Inga Clendinnen Judith Wright Geoffrey Blainey and Henry Reynolds have approached their craft In prose both earthy and elegant he shows the new insights they have brought to Australian history and in so doing reshapes our shared knowledge of this continent The Art of Time Travel is an exhilarating book that will forever change the way you think of Australia s past If the past is a foreign country Tom Griffiths makes the perfect travelling companion Let him be your eyes and ears on our shared history Most of all follow his heart Clare Wright

Talking Politics A. W. Sparkes,2006-06-19 Talking Politics is a philosophical examination of some of the basic concepts of political discourse Its primary focus is on the ordinary on what is said by politicians in newspapers and by people in pubs rather than on the works of political theorists This is a work of but not on political theory Talking Politics is Invaluable as a source of reference for students and contains a detailed index Arranged thematically around topics such as Nation Each entry has copious cross references and suggestions for further reading A W Sparkes is uniquely qualified to write such a book combining some thirty years teaching as a philosopher with wide experience of and a life long fascination with politics His attitude is that of a critical but uncynical observer *The Australian Geographic Book of Antarctica* Keith Scott,1993 This book explains the allure of the great wilderness of Antarctica mostly unspoiled by people its wildlife still incredibly trusting of us and demonstrates why we must preserve it at all cost *Year Book, Australia 2001* Australian Bureau of Statistics,2001 **Facing the Wild** Chilla Bulbeck,2012-06-25 What do wild animals mean to humans Will they survive both rampant habitat loss and extinction caused by human encroachment and as ecotourists our enthusiasm for them With ecotourism now the fastest growing segment of tourism and encounters with wild animals be it swimming with dolphins going on safari or bird watching ever more popular these are critical questions Yet until now little has been known about why people crave encounters with wild animals and the meaning for the ecotourism industry conservation efforts and society at large Facing the Wild is the first serious empirical examination of why people seek out animals in their natural environment what the desire for this experience tells us about the meanings of animals nature authenticity and wilderness in contemporary industrialized societies and whether visitors change their environmental perspectives and behaviour as the custodians of wildlife parks would like them to The book explores the contradictions and ambivalence that so many people experience in the presence of wild nature in loving it we may diminish it and in the act of wanting to see it we may destroy it Ultimately the book makes a case for respectful stewardship of a hybrid nature and provides insight for both practitioners

and ecotourists alike
