Gwynevere A Lamb,2021-06-10 Decades ago Stephen Hawking had predicted that an acceptable equation to a grand unified theory would arrive by the year 2020 He was right Jesus is the Beam is an autobiography brimming with philosophical ideas from a supernatural journey with God and an unquenchable desire to know the fundamental truth about our origin The origin of not just our own species but to know the truth about the spark of life and the energy which sustains it Gwynevere Lamb challenges all conventional theories of everything as she presents an intuitive pre numerical formula to the four standard forces of energy and all life as we know it re illustrating time and space She slices in half the nucleus of our reality with a nuclear knife without the need of an atom smasher Finally a simple sensible and satisfactory equation to a grand unified field even a 2nd grader can understand The author s journey continues in her 2nd installment God is the Boom as she dissects truth from fiction in light of her grand unified equation in all things from scientific discoveries to human behaviors giving new meaning to the theory of everything The story climbs to an epic ending summing up both books on the summit of Mount Calvary as she explains the purpose of the cross of Jesus Christ in quantum mechanical terms The author has a knack of explaining continuums of time and space as well as parental discipline She makes math and science to include particle physics understandable to persons without any scientific background by painting pictures with her words as well as thrilling readers with adventurous real life stories Gwynevere Lamb using the poetry of math and science stitches the fabric of time and space to earth air water and fire and just about everything else She explains how the Fire of God becomes hellfire in sub atomic scenarios On the other end of the spectrum she paints a picture of love flowing like living water She offers a myriad of continuums not exclusive to particle physics She seamlessly threads the needle to include human life sciences and social and political ideas commonly taught in todays media driven pop paradigm set by our modern new age culture She leaves the reader with an acute awareness of what the singularity is what unified purification is and why it is central to our existence Jesus is the Beam and God is the Boom was originally written as one manuscript Dividing them into two separate books was initially a concern for the author because she did not want her readers to miss the climax at the end of the story She came to terms with the separation after realizing that Jesus is the Beam rests on God is the Boom literally thereby making it a blessing in disguise She is confident readers will be enamored at the end of the first book and equally eager to pick up the second with anticipation Gwynevere Lamb believes her readers will be satisfied and well fed after consuming both books however a third and fourth installment are already in the making in the writing **Just For Fun** Rosalind James,2014-11-29
