Major Poems of the Hebrew Bible Jan Fokkelman, 2018-07-17 The Book of Job contains the only sustained through composed work in verse in the Hebrew Bible This makes it very suitable as a testing area for the rules of verse structure and all other aspects of prosody that were developed in Major Poems of the Hebrew Bible Vol II and are now also available in Reading Biblical Poetry This fourth and last volume completes the study that in Vol I started with Job 3 curses and complaint and continued with the first round of the debate chs 4-14 in Vol II Again the analysis follows two separate circuits on the one hand that of language style and structure on the other hand that of measuring proportions on at least five textual levels The poetry section of the Book of Job contains 412 strophes of which the protagonist Job speaks exactly half His portion of 206 strophes is also divided into equal halves in 103 short and 103 long strophes Even more than in the Psalms the norm figures 7, 8 and 9 play an essential part in the composition of the poems and their average number of syllables per colon The forty poems of the book exhibit various forms of numerical perfection and the correct demarcation of strophes and stanzas is found to considerably improve and expand our understanding of its contents The Babylonian Disputation Poems Enrique Jiménez, 2017-02-06 In The Babylonian Disputation Poems Enrique Jiménez studies a group of ancient Babylonian poems that feature discussions between animals and trees Using intertextual parallels and comparison with similar works in other literatures he espouses a new classification of the Babylonian disputation poems as parodies After examining neighboring traditions of literary disputation he argues that the Babylonian poems influenced them and that some may have been translated from Akkadian to Aramaic from Aramaic and Syriac to Arabic In addition The Babylonian Disputation Poems provides editions of several previously unpublished Babylonian disputations such as Palm and Vine and the Series of the Spider It also offers the first edition of the latest known Babylonian fable The Story of the Poor Forlorn Wren The present book is an exemplary model for editing and commenting upon ancient texts and almost every approach has been taken into account Markham J Geller Journal for the Study of the Old Testament 43:5 2019 **Oton de Granson, Poems**, 2015-09-01 Oton de Granson slain in a duel in 1397 was a knight diplomat and poet who lived an active almost storybook life at or near the center of many of the most important events in the last half of the fourteenth century He was almost certainly a personal friend to both Chaucer and Eustache Deschamps and among the first and most successful of the poets who were also courtiers This new translation makes Granson's poetry available again to English readers *Theodoros Prodromos: Miscellaneous Poems* Nikos Zagklas, 2023-05-10 In twelfth century Byzantium poetry played a key part in various contexts of textual production and consumption One of the leading poets of this period was Theodoros Prodromos whose surviving corpus comprises approximately 17 000 verses Even though most of his poetry has been presented in modern critical editions a group of his works has been overlooked by modern philologists and literary scholars alike The selected corpus conventionally designated as Miscellaneous Poems consists of texts on various themes and in a wide range of genres ranging

from cycles of religious and secular epigrams to riddles ethopoiiai and works of a self referential and essayistic nature This book includes the first critical edition and study of these poems accompanied by English translations and commentaries Their study contributes to a more nuanced picture of Prodromos intellectual profile expanding his image as the poet laureate of the Komnenian court and providing entirely new insights into his activity in the different settings of Constantinopolitan intellectual life The book also sheds new light on the complex relationship between patronage and other aspects of literary activity and the circulation of the same text in different performative contexts
