contemporary Islam Islamic societies today are products of the world capitalist system and cannot be understood as being separate from its forces The authors offer a more carefully constructed and richer portrait of Islamic societies today and forcefully challenge the belief that Islam is not part of nor much affected by the modern world system Fin de Millénaire Budapest Judit Bodnař,2001 Fin de Millenaire Budapest combines historical narratives and ethnographic accounts with quantitative evidence to create a detailed picture of a city subjected to the forces of great local and global change In the privatizing of public space the decline of manufacturing the rapid growth of services and the opening of opportunities for entrepreneurs Bodnar captures global urban patterns with a distinct central European accent In particular she shows tensions between the liberating and fragmenting effects of the increasingly private use of urban space and some ways in which the new urban patterns both resemble and transcend cultural patterns from Budapest s socialist past BOOK JACKET

Collision and Collusion Janine R. Wedel,2015-03-17 When the Soviet Union s communist empire collapsed in 1989 a mood of euphoria took hold in the West and in Eastern Europe The West had won the ultimate victory it had driven a silver stake through the heart of Communism Its next planned step was to help the nations of Eastern Europe to reconstruct themselves as democratic free market states and full partners in the First World Order But that as Janine Wedel reveals in this gripping volume was before Western governments set their poorly conceived programs in motion Collision and Collusion tells the bizarre and sometimes scandalous story of Western governments attempts to aid the former Soviet block He shows how by mid decade Western aid policies had often backfired effectively discouraging market reforms and exasperating electorates who remarkably had voted back in the previously despised Communists Collision and Collusion is the first book to explain where the Western dollars intended to aid Eastern Europe went and why they did so little to help Taking a hard look at the bureaucrats politicians and consultants who worked to set up Western economic and political systems in Eastern Europe the book details the extraordinary costs of institutional ignorance cultural misunderstanding and unrealistic expectations The Politics of a Disillusioned Europe André Liebich,2021-11-16 Moving from the fall of the Berlin Wall in

1989 to the present day this book traces the trajectory of the six East Central European former satellites of the Soviet Union Poland Hungary the Czech Republic Slovakia Romania Bulgaria that have joined the European Union It seeks in particular to explain these countries disenchantment with the return to Europe in spite of their significant advances The book proceeds country by country and then devotes chapters to some contemporary issues such as minorities migration and the relations of these new members with the European Union as a whole The book eschews theory and is intended for a general audience including students at all levels in political science and history classes devoted to the EU and to contemporary Europe and to an academic and practitioner audience interested in world affairs and the evolution of the European Union The book strives to fill a persistent knowledge gap in the English speaking world concerning East Central Europe and to offer fresh insights about the region in the context of contemporary geopolitics *Death of the Father* John Borneman,2004 Death of the Father

Romanians in

Western Europe Remus Gabriel Anghel, 2013-07-22 In recent years Romanians have become the second largest migrant group in Western Europe Following the liberalization of border controls and the massive economic and political changes in Eastern Europe human mobility has increased and is becoming a permanent feature of post Cold War Europe The arrival of many Eastern Europeans with Romanians being the largest migrant group has produced public concerns on immigration in some West European countries This is particularly the case in Italy where Romanian irregular migrants are often stigmatized as poor troublemakers by authorities and the mass media This book challenges such commonly held assumptions that artificially divide migrants into categories of wished and unwished immigrants winners and losers of international migration This book compares two migrant groups The first is composed of ethnic Germans who migrated legally from Timisoara Romania to Nuremberg Germany The second is made up of those who migrated irregularly from Borsa Romania to Milan Italy The analysis highlights a paradoxical situation Irregular Romanian migrants in Milan had fewer rights and opportunities yet through migration they gained prestige and came to enjoy a sense of success Alternately the Germans who had migrated to Nuremberg who received more rights and opportunities perceived that they had suffered a loss of social prestige The focus on migrants social status employed in the book seeks to clarify this puzzle and provide an analytical framework for researching the linkages between the migration and incorporation of Romanians who are today European citizens and European states migration policies and migrant transnationalism

Surviving Post-Socialism Sue Bridger, Frances Pine, 2013-01-11 This book focuses on survival strategies developed at local levels in response to changing cultural political and economic structures in Eastern Europe and the former Soviet Union An interdisciplinary approach is adopted as the contributors engage with questions of gender ethnicity migration nationalism employment and labour patterns and changing family structures

"Be European, Recycle Yourself!" Monica Heintz, 2006 Westernisation and the prospect of European integration have been formidable catalysts for social and economic change in Eastern European countries since 1989 Full of promises and expectations but lacking economic means and adequate structures Romanian enterprises have faced particularly difficult problems Prompted by employees self criticism this book explores the dynamics of work values in the service sector in Bucharest Based on long term ethnographic fieldwork the study analyses the factors determining social and cultural change at the local level from the impact of Western ideologies and symbolic measures to concrete organisational and economic constraints Monica Heintz emphasizes the impact of the forced pace of change which caused social disorder and disrupted individual values She challenges the notion of a universal ethic of work and argues that what governs relationships between employers employees and clients in the Romanian context is simply an ethic of human relations Book jacket

Migrating Memories James Koranyi, 2021-12-16 Romanian Germans mainly from the Banat and Transylvania have occupied a place at the very heart of major events in Europe in the twentieth century yet their history is largely unknown This east central European minority negotiated their standing in a difficult new European order after 1918 changing from

uneasy supporters of Romania to zealous Nazis tepid Communists and conciliatory Europeans *Migrating Memories* is the first comprehensive study in English of Romanian Germans and follows their stories as they move across borders and between regimes revealing a very European experience of migration minorities and memories in modern Europe After 1945 Romanian Germans struggled to make sense of their lives during the Cold War at a time when the community began to fracture and fragment The Revolutions of 1989 seemed to mark the end of the German community in Romania but instead Romanian Germans repositioned themselves as transnational European bridge builders staking out new claims in a fast changing world

Being Goral Deborah Cahalen Schneider, 2012-02-16 The Goral ethnic identity has been at the center of political machinations in Poland for centuries The late Pope John Paul II for example was a Goral This is the first book length study of the Goral identity and one of the few studies in English to discuss Gorals Through personal interviews local manuscripts and academic histories of the region author Deborah Cahalen Schneider shows how important the Goral identity has been to Poland's history The conflict over the Goral identity in the community of Zyrardow Poland serves as a lens through which Schneider views national identity issues and class conflict in Poland at large The Goral identity not only gave this community a sense of togetherness under the Habsburg Empire but also was a symbol of Polish identity for Polish nationalists during that time Schneider shows how the Goral identity has spanned the rise and arguably the fall of nationalism as the primary discourse of political identity in the post Cold War European Union dominated Eastern Europe

The Anthropology of East Europe Review, 2005

Enduring Socialism Harry G. West, Parvathi Raman, 2009 Against the historical backdrop of successive socialist and post socialist claims to have completely remade society the contributors to this volume explore the complex and often paradoxical continuities between diverse post socialist presents and their corresponding socialist and pre socialist pasts The chapters focus on ways in which pre socialist economic political and cultural forms in fact endured an era of socialism and have found new life in the post socialist present notwithstanding revolutionary socialist claims continuities with a pre socialist past have been produced within the historical imaginary of post socialism and socialist economic political and cultural forms have in fact endured in a purportedly postsocialist era despite the claims of neo liberal reformers

Watching Race Herman Gray, 1995 Examines the cultural politics of television and race In the late 1980s and early 1990s television representations of African Americans exploded on the small screen Why has this occurred and what relation do these shows have to society's idea of blackness How do these shows relate to earlier television series featuring African Americans Herman Gray's *Watching Race* now available in paperback for the first time offers a new look at the changing representations of African Americans on television Starting with the portrayal of blacks on series such as *The Jack Benny Show* and *Amos n Andy* Gray details the ongoing dialogue between television representations and cultural discourse to show how the meaning of blackness has changed through the years of the TV era Drawing on analyses of *The Cosby Show* *Frank's Place* *In Living Color* and *Roc* as well as music videos news coverage and advertising *Watching Race*

examines how the political stakes cultural perspectives and social locations of key cultural and social formations influence the representation of blackness in television *Absorbing Offers* incisive analysis of the important often fierce battles being waged in the black and white representational landscape of commercial television Patricia Williams
