Skels Maggie Dubris, 2004-05-14 When Orlie Breton shows up in June of 1979 to work as a paramedic in New York City's 911 system she finds herself plunged into a violent and magical world populated by medics who are not terribly different from the homeless people the skels who comprise most of their patient population Orlie draws parallels between her experiences to the stories and feelings represented in the works of her favorite writers including Jack London Walt Whitman Rimbaud and Mark Twain Skels was written with the question in mind of what would happen if the ambulance world really was permeated with the works of past writers and the skels were carrying the consciousnesses of the writers themselves What would the protagonist have done if she had met the greatest poet of all dirty and covered with lice and been granted the chance to save him Not from dying but from his own life With Skels Dubris shares what she saw during her own time as an EMT not literally but more importantly how she felt in her soul magical and violent and funny filled with passion and like it contained some ancient element that was invisible from the outside

Reading Race Relationally Marlon Lieber, 2023-04-03 What does it mean to write African American literature after the end of legalized segregation In this study of Colson Whitehead's first six novels Marlon Lieber argues that this question has permeated the Pulitzer Prize winning author's writing since his 1999 debut *The Intuitionist* Drawing on Pierre Bourdieu's relational sociology and Marxist critical theory Lieber shows that Whitehead's oeuvre articulates the tension between the persistent presence of racism and transformations in the United States class structure which reveals new modes of abjection At the same time Whitehead imagines forms of writing that strive to transcend the histories of domination objectified in social structures and embodied in the form of habitus

Masculinity in Contemporary Science Fiction by Men Sara Martín,2025-05-30 Masculinity in Contemporary Science Fiction by Men No Plans for the Future is the first comprehensive study of the self representation of men in SF novels published in the twenty first century by male authors Exploring a broad selection of writers and works the fourteen chapters present a panoramic overview of men s contributions to current SF and explore their slow but noticeable progress in the representation of gender The impact of feminism and gender studies and the demands of readers have profoundly transformed men s SF which now presents far more caring and vulnerable male characters The old stereotypes are being replaced by a collective reflection on how men and masculinity are changing though the lack of a common agenda results in novels that while exciting and often challenging sometimes miss the chance to imagine a better anti patriarchal pro feminist future for men and for all human beings The authors analysed include Robert Charles Wilson Geoff Ryman Samuel R Delany Richard K Morgan John Scalzi Iain M Banks Ernest Cline James S A Corey Colson Whitehead Andy Weir Daniel H Wilson Ian McDonald Yoon Ha Lee Tade Thompson Neal Stephenson and Kim Stanley Robinson

Narrating the Mesh Marco Caracciolo,2021-02-26 A hierarchical model of human societies relations with the natural world is at the root of today s climate crisis Narrating the Mesh contends that narrative form is instrumental in countering this ideology Drawing inspiration from Timothy Morton s concept of the mesh as a metaphor for the human nonhuman relationship in the face of climate change Marco Caracciolo investigates how narratives in genres such as the novel and the short story employ formal devices to effectively channel the entanglement of human communities and nonhuman phenomena How can narrative undermine linearity in order to reject notions of unlimited technological progress and economic growth What does it mean to say that nonhuman materials and processes from contaminated landscapes to natural evolution can become characters in stories And conversely how can narrative trace the rising awareness of climate change in the thick of human characters mental activities These are some of the questions Narrating the Mesh addresses by engaging with contemporary works by Ted Chiang Emily St John Mandel Richard Powers Jeff VanderMeer Jeanette Winterson and many others Entering interdisciplinary debates on narrative and the Anthropocene this book explores how stories can bridge the gap between scientific models of the climate and the human scale world of everyday experience powerfully illustrating the complexity of the ecological crisis at multiple levels

the ancient with the modern Original *Conversations with Colson Whitehead* Derek C. Maus, 2019-03-12 Since the publication of his first novel *The Intuitionist* in 1999 Colson Whitehead b 1969 has been considered an important new voice in American literature His seven subsequent books have done little to contradict that initial assessment especially after 2016's *The Underground Railroad* spent many weeks at the top of bestseller lists and won numerous major literary awards including the Pulitzer Prize Ranging from 2001 to 2016 the twenty three interviews collected in *Conversations with Colson Whitehead* reveal the workings of one of America's most idiosyncratic and most successful literary minds Through these interviews it is clear that none of this well earned praise has gone to his head If anything he still seems inclined to present himself as an awkward misfit who writes about such offbeat subject matter as rival groups of elevator inspectors the insufficiency of off brand flesh colored bandages or a literalized alternate version of the Underground Railroad Whitehead speaks at length about matters related to his craft including his varied literary and nonliterary influences the particular methods of researching and writing that have proved valuable to telling his stories and the ways in which he has managed the rollercoaster life of a professional writer He also opens up about popular culture particularly the unconventional blend of music genre fiction B movies and comic books that he gleefully identifies as a passion that has persisted for him since his childhood **Mine is thine a Novel** Laurence W. M. Lockhart, 1878
