Skepticism In Ethics:

Skepticism and Moral Principles Curtis L. Carter, 1973 **Skepticism in Ethics** Panayot Butchvarov, 1989 Through thorough metaphysical epistemological and phenomenological investigation Butchvarov develops a substantive ethical theory that withstands the challenge of moral skepticism In rich detail he traces the roots of his theory to classical Greek and medieval ethics twentieth century British intuitionism and continental phenomenology **Moral Skepticism** Diego E. Machuca, 2017-10-20 Moral skepticism is at present a vibrant topic of philosophical inquiry Particularly since the turn of the millennium the debates between moral skeptics of various stripes and their opponents have gained renewed force not only by taking account of innovative ideas in moral philosophy but also by drawing on novel positions in epistemology metaphysics and philosophy of language as well as on recent findings in empirical sciences As a result new arguments for and against moral skepticism have been devised while the traditional ones have been reexamined This collection of original essays will advance the ongoing debates about various forms of moral skepticism by discussing such topics as error theory disagreement constructivism non naturalism expressivism fictionalism and evolutionary debunking arguments It will be a valuable resource for academics and advanced students working in metaethics and moral philosophy more generally *How Skeptics Do Ethics* Aubrey Neal, 2007 Enlightenment philosophers are often credited with formulating challenging theories about humankind and society and in our postmodern age we still live with some of the very same compelling contentious and often unresolved questions they posed Aubrey Neal suggests that one such issue that still lingers today is skepticism and in *How Skeptics Do Ethics* he unravels the thread of this philosophy from its origins in Enlightenment thinking down to our present age Neal contends that in our increasingly complicated world we face unique moral challenges and that modern ethics has not kept pace with modern life The traditional language of moral introspection does not translate adequately into such contexts as politics public service and the global economy Referencing such luminary thinkers as Hume Kant Hegel and Wittgenstein Neal seeks to re ignite age old questions and challenge the meaning of traditional philosophical debates and their value for our society today *Between Universalism and Skepticism* Michael Philips, 1994 He goes on to criticize major recent attempts to develop nonuniversalist alternatives to skepticism arguing that they rely on excessively abstract and philosophically indefensible preference satisfaction theories of the good **The SAGE Encyclopedia of Business Ethics and Society** Robert W. Kolb, 2018-03-27 Thoroughly revised updated and expanded The SAGE Encyclopedia of Business Ethics and Society Second Edition explores current topics such as mass social media cookies and cyber attacks as well as traditional issues including accounting discrimination environmental concerns and management The new edition also includes an in depth examination of current and recent ethical affairs such as the dangerous work environments of off shore factories for Western retailers the negligence resulting in the 2010 BP oil spill the gender wage gap the minimum wage debate and increasing income disparity and the unparalleled level of debt in the U S and other countries with the challenges
