Sm Lost Girls:

The Myth of Closure Pauline Boss, 2021-12-14 How do we begin to cope with loss that cannot be resolved The COVID 19 pandemic has left many of us haunted by feelings of anxiety despair and even anger In this book pioneering therapist Pauline Boss identifies these vague feelings of distress as caused by ambiguous loss losses that remain unclear and hard to pin down and thus have no closure Collectively the world is grieving as the pandemic continues to change our everyday lives With a loss of trust in the world as a safe place a loss of certainty about health care education employment lingering anxieties plague many of us even as parts of the world are opening back up again Yet after so much loss our search must be for a sense of meaning and not something as elusive and impossible as closure This book provides many strategies for coping encouraging us to increase our tolerance of ambiguity and acknowledging our resilience as we express a normal grief and still look to the future with hope and possibility

Gifted Education Joan F. Smutny, 2003

D.H. Lawrence and Survival Ronald Granofsky, 2003 Although Darwin's ideas about evolution were dominant in D H Lawrence's day little scholarly work has been done on the influence of these concepts on his work This work argues that Lawrence employed ideas based on evolution in his fiction particularly during the transition between his marriage and leadership periods 1919-22 when he embarked on a major rethinking of the direction of his creative work and that these ideas contributed to the deterioration in his fiction after *Women in Love* The book shows that Lawrence's deliberate use of Darwinian elements in his narrative strategy occurred at a time when he was

increasingly concerned about survival both personally due to illness and as an artist The result in his fiction is a subtext in which his anxieties are projected onto female characters and the evolution of his writing is frustrated by unresolved emotional conflicts Through new readings of the major fiction of Lawrence s transitional period Ronald Granofsky demonstrates that Lawrence s deterioration as a writer and the misogyny of his later work was primarily the result of a deliberate effort on his part to move the ideological yardsticks of his fiction **Catalogue** A. Dulau & Co,1925 *The World of Girls and Boys in Rural and Urban Ethiopia* Eva Poluha,2007 This collection of essays is about the lives ideas and modes of interaction of children in Ethiopia against the background that in depth knowledge of perceptions of cultural values and practices regarding children would contribute to improved work with them and to the promotion of their rights as children The study is supported by Save the Children Sweden and Norway and the essays are a collaboration between those bodies and the Department of Social Anthropology at Addis Ababa University Some essays are based on Master theses from the Department and others on fieldwork Seminars and meetings formed part of the research with and about children The editor provides a theoretical methodological and ethical aspects overview and makes proposals on possible new themes The five other contributors cover Conceptualizations of Children and Childhood The Case of Kolfe and Semen Mazegaja Addis Ababa Growing up in Town and in the Countryside in Amhara Society Continuity and Change in the Lives of Urban and Rural Children The Case of Two Schools in SNNPR Conceptualizations of Children and Childhood in Bishoftu Oromia and Children in Ethiopian Media and School Textbooks **Krik's Guide to the Turf** Henry G. Crickmore,1881 **Orwell** D. J. Taylor,2023-05-25 A fascinating exploration of George Orwell and his body of work by an award winning Orwellian biographer and scholar presenting the author anew to twenty first century readers We find ourselves in an era when the moment is ripe for a reevaluation of the life and the works of one of the twentieth century s greatest authors This is the first twenty first century biography on George Orwell with special recognition to D J Taylor s stature as an award winning biographer and Orwellian Using new sources that are now available for the first time we are tantalizingly at the end of the lifespan of Orwell s last few contemporaries whose final reflections are caught in this book The way we look at a writer and his canon has changed even over the course of the last two decades there is a post millennial prism through which we must now look for such a biography to be fresh and relevant This is what Orwell The New Life achieves **Maria Maddalena De' Pazzi** Clare Copeland,2016 This study considers the campaigns for and trials resulting in the beatification and subsequent canonization of the Florentine mystic nun Maria Maddalena de Pazzi 1566 1607 It explores the politics of saint making at a time of particular significance for the history of Roman Catholic canonization **Faite Books 1-3 Bundle** Mary E. Space and Place in the Works of D.H. Lawrence Stefania Michelucci, 2015-10-02 Originally published in Italian as *L'orizzonte mobile: spazio e luoghi nella narrativa di D.H. Lawrence* in 1998 this critical study analyzes the work of D.H. Lawrence in light of new theories about space and location or place and community This approach is especially useful in examining Lawrence as place and space are central aspects of all of his work The introductory chapter explains the theoretical premises drawing extensively from anthropology especially insofar as the relationship between culture and nature or community and place are concerned This chapter also offers theories based on semiotics sociological concerns and recent research in human geography and environmentalism Succeeding chapters analyze functional aspects of place and space in D.H. Lawrence's work Lawrence's major novels and stories provide the main focus of this book but attention is also paid to lesser known texts both fiction and nonfiction This work provides a new approach to studies on D.H. Lawrence opening up new insights for both scholars and students alike

D. H. Lawrence, Technology, and Modernity Indrek Männiste, 2019-02-07 While the dehumanizing effects of technology modernity and industrialization have been widely recognized in D.H. Lawrence's works no book length study has been dedicated to this topic This collection of newly commissioned essays by a cast of international scholars fills a genuine void and investigates Lawrence's peculiar relationship with modern technology and modernity in its many and varied aspects Addressing themes such as pastoral vs industrial mining war robots ecocriticism technologies of the self film poetic devices of technology entertainment and many others these essays help to reevaluate Lawrence's complicated standing within the modernist literary tradition and reveal the true theoretical wealth of a writer whose whole life and work according to T.S. Eliot was an assertion of what the modern world has lost

D.H. Lawrence and Attachment Ronald Granofsky, 2022-06-15 Though we all face a tug of war between dependency and autonomy while growing up British author D.H. Lawrence 1885-1930 experienced the struggle with particular intensity Later in life his acute observational skills high emotional intelligence and expressive abilities would allow him to articulate this conflict in his works as few other writers have Applying concepts from attachment theory D.H. Lawrence and Attachment presents innovative readings of a broad swath of Lawrence's fiction Ronald Granofsky teases out hidden patterns in Lawrence's work deepening our understanding of his fictional characters and revealing new significance to key thematic concerns like gender identification marriage and class Lawrence's too close relationship with his own mother in

particular was the foundation for his lifelong interest in attachment as well as the impetus for his literary exploration of the delicate balance between the desire for closeness and the need for separation. While the theories of Margaret S. Mahler, D. W. Winnicott, John Bowlby, and others were developed after Lawrence's death, his writing about relationships and how they are influenced by early childhood experiences bears a striking resemblance to the concepts of attachment theory. The Lawrence who emerges from D. H. Lawrence and *Attachment* is a psychological writer of great power whose intuitive insights into the vagaries of attachment resulted in rich, complex fiction.
