Social Geographies Space And Society:

Social Geographies Gill Valentine, 2014-06-06 Most social geography undergraduate textbooks are structured around different social categories splintering the discussion of gender class race and increasingly now sexuality and disability into separate chapters This has the effect firstly of making social relations rather than space the *raison d'être* of human geography the focus of undergraduate books secondly of ignoring the way that social relations are negotiated and contested in different space Rather than reproducing this conventional social geography format the aim of this proposed text is to make space the focus of analysis In doing so the intention is to make complex theoretical debates about space more accessible to students and encourage them to look at their own environments in new ways *Social Geographies* Gill Valentine, 2001

Social Geographies Ruth Panelli, 2004-01-31 How do we describe ourselves Where have we do we will we live our lives Why are the differences between people a source of tension How can social change occur Social geography can assist in addressing these questions It provides ways of understanding and living in our contemporary world Providing students with the resources to understand both the theoretical and empirical approaches social geographers take when investigating social difference this text outlines key theoretical approaches and traces the core geographies of difference class gender race ethnicity and sexuality It concludes by showing how geographers work across these ideas of difference to understand questions of identity power and action Using illustrative examples from around the world *Social Geographies* includes Individual chapters on the main theoretical approaches to difference Individual chapters on the key concepts of identity power and action Reviews of the core literature with suggestions for further reading Biographies of key contemporary social geographers Glossary of key terms For students beginning human geography courses or in social geography modules this book is the essential primer *Social Geographies* The Newcastle Social Geographies Collective, 2020-10-19 *Social geographies* is a flourishing field that studies a diverse range of current social issues through a spatial lens Capturing a lively and dynamic area of scholarship this major textbook showcases the breadth of conceptual and empirical approaches that social geographers use to understand the world we live in It is collectively authored by one of the largest groups of social geographers in the world The book develops a vision of social geographies that is rooted in longstanding commitments to justice equality and social change while incorporating new approaches topics and concerns It offers the most contemporary and comprehensive round up of social geographies to date making sense of its rich and diverse interests Its 34 chapters contain lively and accessible summaries of current research on familiar topics such as space and time race class housing and health and recent developments including digital worlds performance sustainability and food Above all this collection makes clear the enormous relevance and contributions of social geographies not only to our understanding of a wide range of global and local issues but also to working for change for a better world alongside communities policy makers and social movements

Transnational Return Migration of 1.5 Generation Korean New Zealanders Jane Yeonjae Lee, 2018-06-04 Why do immigrants return home Is return migration a failure or a success How do returnees settle back into their original homeland while retaining their connections to their host society How do returnees contribute to their homeland with their skills gained from overseas Transnational Return Migration of 1.5 Generation Korean New Zealanders A Quest for Home seeks to answer these complex questions surrounding return migration through a case study of the 1.5 generation Korean New Zealander returnees Jane Lee questions and unpacks the very meaning of home and return through the personal and intimate stories that are shared by the Korean New Zealander returnees This book tells a compelling story of the strong desire contemporary transnational migrants feel to belong to one particular identity group In addition the author highlights the realities and disconnections of transnationalism as the returnees transnational activities and experiences change over time and space

Cambodia's Neoliberal Order Simon Springer, 2010-07-02 This book deals with the post conflict geographies of violence and neoliberalization in Cambodia Applying a geographical analysis to contemporary Cambodian politics the author employs notions of neoliberalism public space and radical democracy as the most substantive components of its theoretical edifice

Schooling and Travelling Communities Dave Cudworth, 2018-06-12 This book calls for a re thinking of educational provision for Gypsy Traveller communities Despite having been recognised by the government and

educational providers for over fifty years underachievement of children from Gypsy Traveller communities persists Rather than focusing specifically on access attendance and attainment the author provides a structural analysis of the cultural tensions that often exist between Nomadic communities and current school provision based on the interests and values of Sedentarism The author uses spatial theory as a base upon which to build knowledge and understanding of the educational exclusion of children from Gypsy Traveller communities highlighting the social role that space plays within schools This innovative book will be of interest and value for students and scholars interested in not only education and Gypsy Traveller communities but education for minority communities more widely Understanding Cultural Geography Jon

Anderson,2015-03-24 Understanding Cultural Geography Places and Traces offers a comprehensive introduction to perhaps the most exciting and challenging area of human geography By focusing on the notion of place as a key means through which culture and identity is grounded the book showcases the broad range of theories methods and practices used within the discipline This book not only introduces the reader to the rich and complex history of cultural geography but also the key terms on which the discipline is built From these insights the book approaches place as an ongoing composition of traces highlighting the dynamic and ever changing nature of the world around us The second edition has been fully revised and updated to incorporate recent literature and up to date case studies It also adopts a new seven section structure and benefits from the addition of two new chapters Place and Mobility and Place and Language Through its broad coverage of issues such as age race scale nature capitalism and the body the book provides valuable perspectives into the cultural relationships between people and place Anderson gives critical insights into these important issues helping us to understand and engage with the various places that make up our lives Understanding Cultural Geography is an ideal text for students being introduced to the discipline through either undergraduate or postgraduate degree courses The book outlines how the theoretical ideas empirical foci and methodological techniques of cultural geography illuminate and make sense of the places we inhabit and contribute to This is a timely update on a highly successful text that incorporates a vast foundation of knowledge an invaluable book for lecturers and students **Handbook of Landscape Archaeology** Bruno David,Julian

Thomas,2016-06-03 Over 80 archaeologists from four continents create a benchmark volume of the ideas and practices of landscape archaeology covering the theoretical and the practical the research and conservation and encasing the term in a global framework **Critical Planning and Design** Camilla Perrone,2022-07-23 The book interprets and recombines within a subjective trajectory some roots pathways and conceptual frames of the planning thought that worked either as dissenting imaginations or generative source to critically question the modernist epistemologies Critical planning and design is presented in this book as a field of research inspired by critical urban theory and developed along with ideas and theories that prove to be radical alternative dialectical to the mainstream history of planning In this book scholars present what they consider as the most important books in the field of planning public policy and design They have been asked to write about a

book and its author in their preferred manner This freedom allowed passionate and original contributions Three main threads the three parts of the book shape the choices of the authors The first concerns the reconstruction of some genealogical roots of planning including Cerd Yona Friedman Alberto Magnaghi and Ian McHarg The second thread groups the authors who dialogue with contemporary protagonists of the planning debate including John Friedmann Leonie Sandercock Doreen Massey David Harvey Tom Sievert and Patzy Healey The third thread includes authors who dig into relevant writings in social and philosophical sciences including Max Weber Charles Lindblom Henri Lefebvre Gilles Deleuze Félix Guattari Georges Didi Huberman Robert Nozick Pand hilip K Dick The book is addressed to researchers of planning and urban studies who value the critical re reading of some fundamental books Including thoughtful and critical arguments on influential thinkers of the past two centuries the book will enable students scholars and researchers of planning design political science geographical environmental and urban studies to better understand the socio spatial and ecological transformations under the contemporary transition while relying on a usable past The book is also addressed to a wider audience of readers interested in the problems of the city and space A Companion to Cultural Geography James Duncan,Nuala C.

Warf,2006-05-16 Publisher description Winnipeg Beach Dale Barbour,2012-06-08 During the first half of the twentieth century Winnipeg Beach proudly marketed itself as the Coney Island of the West Located just north of Manitoba s bustling capital it drew 40 000 visitors a day and served as an important intersection between classes ethnic communities and perhaps most importantly between genders In Winnipeg Beach Dale Barbour takes us into the heart of this turn of the

century resort area and introduces us to some of the people who worked played and lived in the resort Through photographs interviews and newspaper clippings he presents a lively history of this resort area and its surprising role in the evolution of local courtship and dating practices from the commoditization of the courting experience by the Canadian Pacific Railway s Moonlight Specials through the development of an elaborate amusement area that encouraged public dating and to its eventual demise amid the moral panic over sexual behaviour during the 1950s and 60s **Revolutionary Bodies** K. S. Batmanghelichi, 2020-12-10 Gender and sexuality in modern Iran is frequently examined through the prism of nationalist symbols and religious discourse from the late nineteenth and early twentieth centuries In this book Kristin Soraya Batmanghelichi takes a different approach by interrogating how normative ideas of women s bodies in state religious and public health discourses have resulted in the female body being deemed as immodest and taboo Through a diverse blend of sources a popular cultural women s journal a red light district cases studies of temporary marriages iconic public statues and an HIV AIDS advocacy organization in Tehran this work argues that conceptions of gender and sexuality have been mediated in public discourse and experienced and modified by women themselves over the past thirty years of the Islamic Republic Expanding upon existing philosophical theory technological research and scholarship on gender and sexuality in Iran this book focuses much needed attention on under studied marginalized communities such as widows living with HIV This work interrogates how bodily technologies are constructed discursively and socially in Iran and the values and perspectives which are incorporated in them
