relationships the daily lives of ordinary people remained virtually unchanged A much more decisive turning point in French history the author suggests was the period of structural change in economy and society which began in the mid nineteenth century The first part of the book looks at many changes in the economy and their effect on living standards and social environment The second part identifies the social groups which make up French society and provides detailed analyses of their lifestyles and social relationships Part Three considers the influence of such key institutions as churches schools and the state Drawing on an exceptionally wide range of primary sources this is likely to be the definitive overview of French society for many years to come and will be of interest to researchers of French history and European history *Themes in Modern European History, 1780-1830* Pamela M. Hugo,2015-02-24 The first new Penguin Classics translation in forty years of Victor Hugo s masterpiece the subject of *The Novel of the Century* by David Bellos published in a stunning Deluxe edition Winner of the French American Foundation Florence Gould Foundation s 29th Annual Translation Prize in Fiction The subject of the world s longest running musical and the award winning film *Les Mis rables* is a genuine literary treasure Victor Hugo s tale of injustice heroism and love follows the fortunes of Jean Valjean an escaped convict determined to put his criminal past behind him and has been a perennial favorite since it first appeared over 150 years ago This exciting new translation with Jillian Tamaki s brilliant cover art will be a gift both to readers who have already fallen for its timeless story and to new readers discovering it for the first time For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators     **Les Misérables**

Victor Hugo,2013-11-07 A brilliant modern translation by Christine Donougher of Victor Hugo s thrilling masterpiece with an introduction by Robert Tombs This is the best translation of the novel available in English as recommended by David Bellos in *The Novel of the Century* Victor Hugo s tale of injustice heroism and love follows the fortunes of Jean Valjean an escaped convict determined to put his criminal past behind him But his attempts to become a respected member of the community are constantly put under threat by his own conscience and by the relentless investigations of the dogged policeman Javert It is not simply for himself that Valjean must stay free however for he has sworn to protect the baby daughter of Fantine driven to prostitution by poverty A magnificent achievement It reads easily sometimes racily and Hugo s narrative power is never let

down An almost flawless translation which brings the full flavour of one of the greatest novels of the nineteenth century to new readers in the twenty first William Doyle Times Literary Supplement The year s most interesting publication from Penguin Classics was a new translation by Christine Donougher of the novel we all know as Les Mis rables You may think that 1 300 pages is a huge investment of time when the story is so familiar but no adaptation can convey the addictive pleasure afforded by Victor Hugo s narrative voice by turns chatty crotchety buoyant and savagely ironical it s made to seem so contemporary and fresh in Donougher s rendering that the book has all the resonance of the most topical state of the nation novel Telegraph Christine Donougher s seamless and very modern translation of Les Mis rables has an astonishing effect in that it reminds readers that Hugo was going further than any Dickensian lament about social conditions The Wretched touches the soul Herald Scotland

*Wine, Sugar, and the Making of Modern France* Elizabeth Heath, 2014-10-09 This is an innovative study of how race and empire transformed French republican citizenship in the early Third Republic Elizabeth Heath integrates the histories of the wine producing department of Aude and the sugar producing colony of Guadeloupe to reveal the ways in which empire was integral to the Third Republic s ability to stabilize a republican regime that began to unravel in an age of economic globalization She shows how global economic factors shaped negotiations between local citizens and the Third Republic over the responsibilities of the Republic to its citizens leading to the creation of two different and unequal forms of citizenship that became constitutive of the

interwar imperial nation state and the French welfare state Her findings shed important new light on the tensions within republicanism between ideals of liberty and equality and on the construction of race as a meaningful social category at a foundational moment in French history
