Social Inequality And Social Injustice A Human Rights Perspective

Barbara Perry

Social Inequality And Social Injustice A Human Rights Perspective:

Social Inequality and Social Injustice Evelyn Kallen, 2002 *Perspectives on Health and Human Rights* Sofia Gruskin, 2005 This anthology of articles collected by a cast of award winning scholars in the field of public health illustrates that promoting and protecting human rights is fundamental to promoting and protecting health New issues covered in this volume include emerging technologies family and health responding to violence and methods and strategies Human Rights Albert A. Zinnos, 2007 Human rights refers to the concept of human beings as having universal rights or status regardless of legal jurisdiction and likewise other localising factors such as ethnicity and nationality For many the concept of human rights is based in religious principles However because a formal concept of human rights has not been universally accepted the term has some degree of variance between its use in different local jurisdictions difference in both meaningful substance as well as in protocols for and styles of application Ultimately the most general meaning of the term is one which can only apply universally and hence the term human rights is often itself an appeal to such transcended principles without basing such on existing legal concepts The term humanism refers to the developing doctrine of such universally applicable values and it is on the basic concept that human beings have innate rights that more specific local legal concepts are often based Within particular societies human rights refers to standards of behaviour as accepted within their respective legal systems regarding 1 the well being of individuals 2 the freedom and autonomy of individuals and 3 the representation of the human interest in government These rights commonly include the right to life the right to an adequate standard of living the prohibition of genocide freedom from torture and other mistreatment freedom of expression freedom of movement the right to self determination the right to education and the right to participation in cultural and political life These norms are based on the legal and political traditions of United Nations member states and are incorporated into international human rights instruments This new book brings together the latest book literature centred on this crucial topic Violence and Social Justice V. Bufacchi, 2007-10-23 Violence and injustice are two major political problems facing the world today Offering a fresh innovative analysis of the concept of violence this book presents an original insight into the nature of injustice Addressing three key questions it forces us to rethink the scope and aims of a theory of social justice *Gender and Justice* Frances Heidensohn, 2013-01-11 Questions about gender justice and crime are constantly in the public arena whether they focus on young women getting drunk or taking drugs or the rising numbers of women going to prison or committing violent crimes or reports of macho behaviour on the part of men in the military law enforcement or professional sport This book provides a key text for students seeking to understand feminist and gendered perspectives on criminology and criminal justice bringing together the most innovative research and work which has taken the study of the relationship between gender and justice into the twenty first century The book addresses many of the issues of concern to the established feminist agenda such as the gender gap equity in the criminal justice system penal regimes and their impact on women but also shows the ways in which

these themes have been extended reinterpreted and answered in new and distinctive ways Organised into sections on gender and offending behaviour gender and the criminal justice system and new concepts and approaches Gender and Justice new concepts and approaches will be essential reading for students taking courses in criminology and criminal justice and anybody else wishing to understand the complex and changing relationship between gender and justice

Health and Human Rights in a Changing World Michael Grodin, Daniel Tarantola, George Annas, Sofia Gruskin, 2013-07-04 Health and Human Rights in a Changing World is a comprehensive and contemporary collection of readings and original material examining health and human rights from a global perspective Editors Grodin Tarantola Annas and Gruskin are well known for their previous two volumes published by Routledge on this increasingly important subject to the global community The editors have contextualized each of the five sections with foundational essays each reading concludes with discussion topics questions and suggested readings This book also includes Points of View sections originally written perspectives by important authors in the field Section I is a Health and Human Rights Overview that lays out the essential knowledge base and provides the foundation for the following sections Section II brings in notions of concepts methods and governance framing the application of health and human rights in particular the Human Rights based Approaches to Health Section III sheds light on issues of heightened vulnerability and special protection stressing that the health and human rights record of any nation any community is determined by what is being done and not done about those who are most in need Section IV focuses on addressing system failures where health and human rights issues have been documented recognized even at times proclaimed as priorities and yet insufficiently attended to as a result of State denial unwillingness or incapacity Section V examines the relevance of the health and human rights paradigm to a changing world underscoring contemporary global challenges and responses Finally a Concluding Note brings together the key themes of this set of articles and attempts to project a vision of the future

Segregation by Design Catalina Freixas, Mark Abbott, 2018-10-24 This book discusses racial segregation in American cities Using St Louis as a point of departure it examines the causes and consequences of residential segregation and proposes potential mitigation strategies While an introduction timeline and historical overview frame the subject nine topic specific conversations between invited academics policy makers and urban professionals provide the main structure Each of these conversations is contextualized by a photograph an editors note and an essay written by a respected current or former St Louisan The essayists respond to the conversations by speaking to the impacts of segregation and by suggesting innovative policy and design tactics from their professional or academic perspective The purpose of the book therefore is not to provide original research on residential segregation but rather to offer a unique collection of insightful transdisciplinary reflections on the experience of segregation in America and how it might be addressed

Sociology: The Basics Martin Albrow, 1999 This is a book for anyone who wants to know what sociology is and what sociologists do In a subject which has changed dramatically over the last twenty years Sociology The Basics offers the most

up to date guide to the major topics and areas of debate It covers among other things sociology and society laws morality and science social relations power and communication society in the future becoming a sociologist Clearly written concise and comprehensive Sociology The Basics is an essential introductory handbook **Occupational Therapies Without Borders**

E-Book Dikaïos Sakellariou, Nick Pollard, 2016-09-23 The new edition of this landmark international work builds on the previous two volumes offering a window onto occupational therapy practice theory and ideas in different cultures and geographies It emphasizes the importance of critically deconstructing and engaging with the broader context of occupation particularly around how occupational injustices are shaped through political economic and historical factors Centering on the wider social and political aspects of occupation and occupation based practices this textbook aims to inspire occupational therapy students and practitioners to include transformational elements into their practice It also illustrates how occupational therapists from all over the world can affect positive changes by engaging with political and historical contexts Divided into six sections the new edition begins by analyzing the key concepts outlined throughout along with an overview on the importance and practicalities of monitoring and evaluation in community projects Section Two explores occupation and justice emphasizing that issues of occupational injustice are present everywhere in different forms from clinical settings to community based rehabilitation Section Three covers the enactment of different Occupational Therapies with a focus on the multiplicity of occupational therapy from the intimately personal to the broadly political Section Four engages with the broader context of occupational therapy from the political to the financial The chapters in this section highlight the recent financial crisis and the impact it has had on people s everyday life Section Five collects a range of different approaches to working to enable a notion of occupational justice Featuring chapters from across the globe Section Six concludes by highlighting the importance and diversity of educational practices Comprehensively covers occupational therapy theory methodology and practice examples related to working with underserved and neglected populations Gives a truly global overview with contributions from over 100 international leading experts in the field and across a range of geographical political and linguistic contexts Demonstrates how occupational injustices are shaped through political economic and historical factors Advocates participatory approaches which work for those who experience inequalities Includes a complete set of new chapters Explores neoliberalism and financial contexts and their impact on occupation Examines the concept of disability Discusses theoretical and practical approaches to occupational justice Hate Crimes Barbara Perry, 2009-03-05 This book offers a comprehensive approach to understanding hate crime its causes consequences prevention and prosecution Hate crimes continue to be a pervasive problem in the United States The murder of Matthew Shepard the lynching of James Byrd the murderous rampage of Benjamin Smith and anti Muslim violence remind us that incidence of deadly bigotry is not only a recurring chapter in U S history but also a part of our present day world Contrary to common belief hate mongers who commit crimes are rarely members of the Ku Klux Klan or a skinhead group In fact fewer than 5 percent of identifiable

offenders are members of organized hate groups Yet rather than being an individual crime hate crime represents an assault against all members of stigmatized and marginalized communities To fully understand the phenomenon of hate crime and reduce its incidence it is necessary to clearly define the term itself to examine the victims and the offenders and to evaluate the consequences and harms of hate crimes This comprehensive five volume set carefully addresses the disturbing variety and incidence of hate crimes exposing their impacts on the broader realms of crime punishment individual communities and society The contributing authors and editors pay critical attention to cutting edge topics such as online hate crimes hate based music anti Latino hostilities Islamophobia hate crimes in the War on Terror school based anti hate initiatives and more The final volume of Hate Crimes provides valuable food for thought on possible legislative educational social policy or community organizational responses to the varied forms of hate crime **Genocide Or Ethnocide, 1933-2007** Bartolomé Clavero,2008 Human Rights in Transition Nehal Bhuta,2024-03-12 At a time of intense polarisation about the value of human rights this edited volume brings together leading scholars in international law and international human rights to reflect upon the present the recent and distant past and the future of human rights Human Rights in Transition combines rich theoretical reflections with practice informed observations about human rights and their potential futures The book eschews the polarized and one sided approach which can too easily dominate either side of the debate Instead drawing on deep learning and a range of engagements with human rights institutions the authors develop a prognosis for contours of human rights law and politics and its impacts in the current conjuncture The book charts new ways to consider human rights in the concrete areas of specific rights such as social and economic rights institutional settings the EU and the UN treaty bodies and agendas namely feminism and climate change The results are a very rich set of essays which delve deeply into specific topics in human rights law and practice and work outwards from a rigorous analysis of the past and present to an argument about how to think about the future Sensitive and thought provoking this book will fast become a defining volume on questions about the role of human rights in the past present and future and will remain valuable to anyone interested in understanding diagnosing and ultimately acting to help bring about the possible futures of human rights Sociology: The Basics Ken Plummer,2016-05-31 A lively accessible and comprehensive introduction to the diverse ways of thinking about social life Sociology The Basics second edition examines The scope history and purpose of sociology Ways of understanding society and the social The state of the world we live in today Suffering and social inequalities Key tools for researching and thinking about society The impact of the digital world and new technologies The values and the role of sociology in making a better world for all The reader is encouraged to think critically about the structures meanings histories and cultures found in the rapidly changing world we live in With tasks to stimulate the sociological mind and suggestions for further reading both within the text and on an accompanying website this book is essential reading for all those studying sociology and those with an interest in how the modern world works **The Making of a Left-Behind Class** Fred Powell,Margaret Scanlon,Pat

Leahy, Hilary Jenkinson, Olive Byrne, 2024-03-04 Despite the high aspirations of young people from disadvantaged communities they face barriers that are frustrating the realisation of their educational ambitions This book analyses the left behind phenomenon and explains how denied educational equality undermines social cohesion and what we can do about it

Gender and Crime Marisa Silvestri, Chris Crowther-Dowey, 2008-03-18 This text provides a much needed comprehensive critical introduction to debates about the relationship between gender and crime Bringing together both feminist and masculinist perspectives the book is a one stop shop for gaining knowledge and understanding of the field of gender and crime as a whole In addition to offering an overview of key themes and issues Silvestri and Crowther Dowey breathe new life into existing and well rehearsed debates by considering the usefulness of drawing on a human rights discourse for making sense of gender crime and criminal justice In re thinking the experiences of women and men as offenders victims and criminal justice professionals within a human rights framework the authors encourage a fresh approach to traditional debates about gender and crime The book integrates empirical theoretical and policy related materials in order to encourage a thorough understanding of the field Complex ideas and debates are grounded with reference to real life examples The learning process is supported through the use of chapter overviews key terms study questions and suggestions for further reading Gender and Crime is essential reading for students and academics in criminology sociology social policy and gender studies The Key Approaches to Criminology series celebrates the removal of traditional barriers between disciplines and specifically reflects criminology's interdisciplinary nature and focus It brings together some of the leading scholars working at the intersections of criminology and related subjects Each book in the series helps readers to make intellectual connections between criminology and other discourses and to understand the importance of studying crime and criminal justice within the context of broader debates The series is intended to have appeal across the entire range of undergraduate and postgraduate studies and beyond comprising books which offer introductions to the fields as well as advancing ideas and knowledge in their subject areas

Blue Crimes and International Criminal Law Regina M. Paulose, 2025-07-29 Blue Crimes and International Criminal Law is a multi author volume which explores the connection between criminal law and water including our oceans and other bodies of water The volume seeks to contribute to evolving discourse around water rights and water justice around the world This novel volume surveys topics such as climate justice and blue crimes water governance illegal unregulated and underreported fishing Rights of Nature and examines the utility of ocean treaties and justice and accountability mechanisms within international criminal law Blue Crimes and International Criminal Law is a companion volume to Green Crimes and International Criminal Law

Fighting for Girls Meda Chesney-Lind, Nikki Jones, 2010-09-03 Have girls really gone wild Despite the media fascination with bad girls facts beyond the hype have remained unclear Fighting for Girls focuses on these facts and using the best data available about actual trends in girls uses of violence the scholars here find that by virtually any measure available incidents of girls violence are going down not up

Additionally rather than attributing girls violence to personality or to girls becoming more like boys Fighting for Girls focuses on the contexts that produce violence in girls demonstrating how addressing the unique problems that confront girls in dating relationships families school hallways and classrooms and in distressed urban neighborhoods can help reduce girls use of violence Often including girls own voices contributors to the volume illustrate why girls use violence in certain situations encouraging us to pay attention to trauma in the girls pasts as well as how violence becomes a tool girls use to survive toxic families deteriorated neighborhoods and neglectful schools

Human Rights for Children and Youth

Magali Reis, Marcelo S. Isidório, 2019-10-07 This volume written by experts in the field across 3 different continents explores the condition of childhood with a particular focus on the fundamental rights of children and young people and how this translates into living conditions in different socio cultural realities

China Developing: Cultural Identity Of Emerging Societies George Fusun Ling, 2008-03-13 This book deals with the intellectual foundation of the sociopolitical economic and legal systems of developing countries using a methodological approach It calls for not only the need to search for a country s cultural identity but also a need to analyze the prevalent concepts important to a contemporary modern society such as the respect for an individual human rights freedom equality democracy and the universal respect for law Based on the author s lifelong reflection on why some of these deeply treasured Western values and institutions have not been useful in developing democracy in Asia it examines which values are applicable and which are not to Asian emerging societies Using China s historical and contemporary attempts in modernization and development the author suggests that all mighty rivers are confluences of multiple tributaries Likewise an emerging society has to recognize that the dynamism of its history would also be derived from a confluence of multiple cultural traditions As a valuable resource for decision makers of developing countries this book will help to shed some light on the potential pitfalls and fallacies they may encounter in their search for a cultural identity and values to subscribe to among the many that are circulating in our globalized world

Global Child Poverty and Well-Being Minujin, Alberto, Nandy, Shailen, 2013-01-28 Child poverty is a central and present part of global life with hundreds of millions of children around the world enduring tremendous suffering and deprivation of their most basic needs Despite its long history research on poverty and development has only relatively recently examined the issue of child poverty as a distinct topic of concern This book brings together theoretical methodological and policy relevant contributions by leading researchers on international child poverty With a preface from Sir Richard Jolly Former Assistant Secretary General of the United Nations it examines how child poverty and well being are now conceptualized defined and measured and presents regional and national level portraits of child poverty around the world in rich middle income and poor countries The book s ultimate objective is to promote and influence policy action and the research agenda to address one of the world s great ongoing tragedies child poverty marginalization and inequality
