Eglitis,William J. Chambliss,2019-11-08 Discover Sociology Core Concepts explores sociology as a discipline of curious minds in 12 high priority chapters that focus on theoretical conceptual and empirical tools needed to understand analyze and even change the world The Second Edition of Core Concepts is ideal for semester long courses where instructors want to spend more time on core topics and or assign other course materials as well as shorter courses quarter schools summer and intersession courses The Enlightenment that Failed Jonathan I. Israel,2019-11-28 The Enlightenment that Failed explores the growing rift between those Enlightenment trends and initiatives that appealed exclusively to elites and those aspiring to enlighten all of society by raising mankind's awareness freedoms and educational level generally Jonathan I Israel explains why the democratic and radical secularizing tendency of the Western Enlightenment after gaining some notable successes during the revolutionary era 1775 1820 in numerous countries especially in Europe North America and Spanish America ultimately failed He argues that a populist Robespierriente tendency sharply at odds with democratic values and freedom of expression gained an ideological advantage in France and that the negative reaction this generally provoked caused a more general anti Enlightenment reaction a surging anti intellectualism

combined with forms of religious revival that largely undermined the longings of the deprived underprivileged and disadvantaged and ended by helping albeit often unwittingly conservative anti Enlightenment ideologies to dominate the scene The Enlightenment that Failed relates both the American and the French revolutions to the Enlightenment in a markedly different fashion from how this is usually done showing how both great revolutions were fundamentally split between bitterly opposed and utterly incompatible ideological tendencies Radical Enlightenment which had been an effective ideological challenge to the prevailing monarchical aristocratic status quo was weakened then almost entirely derailed and displaced from the Western consciousness in the 1830s and 1840s by the rise of Marxism and other forms of socialism A History of Western Society, Volume 2 John P. Revolution Saïd Amir Arjomand, 2019-05-02 A revolution is a discontinuity one political order replaces another typically through whatever violent means are available Modern theories of revolutions tend neatly to bracket the French Revolution of 1789 with the fall of the Soviet Union two hundred years later but contemporary global uprisings with their truly multivalent causes and consequences can overwhelm our ability to make sense of them In this authoritative new book Sa d Amir Arjomand reaches back to antiquity to propose a unified theory of revolution Revolution illuminates the stories of premodern rebellions from the ancient world as well as medieval European revolts and more recent events up to the Arab Spring of 2011 Arjomand categorizes revolutions in two groups ones that expand the existing body politic and power structure and ones that aim to erode but paradoxically augment their authority The revolutions of the past he tells us can shed light on the causes of those of the present and future as long as centralized states remain powerful there will be room for greater and perhaps forceful integration of the politically disenfranchised *Pearson Edexcel A Level Politics: UK Government and Politics, Political Ideas and Global Politics* David Tuck, Sarra Jenkins, John Jefferies, Rob Murphy, 2023-05-26 Includes all core and non core political ideas with key thinkers integrated throughout the text Provides complete guidance to the Global route of the specification Strengthens understanding by interweaving both historical context and contemporary examples into the text Builds confidence by highlighting key terms and explaining links between different topics in the specification Provides opportunities to test progress with quick knowledge check questions Develops analysis and evaluation skills with stretch and challenge activities and suggestions for targeted further reading
