## **Social Credit And The Federal Power In Canada:**

Social Credit and the Federal Power in Canada J. R. Mallory, 1954      Forging Alberta's Constitutional Framework Richard Connors, John M. Law, University of Alberta. Centre for Constitutional Studies, 2005-11

Forging Alberta's Constitutional Framework analyzes the principal events and processes that precipitated the emergence and formation of the law and legal culture of Alberta from the foundation of the Hudson's Bay in 1670 until the eve of the centenary of the Province in 2005. The formation of Alberta's constitution and legal institutions was by no means a simple process by which English and Canadian law was imposed upon a receptive and passive population. Challenges to authority, latent lawlessness, interaction between indigenous and settler societies, periods pre and post 1905 of jurisdictional confusion and demands for individual group and provincial rights and recognitions are as much part of Alberta's legal history as the heroic and mythic images of an emergent and orderly Canadian west, patrolled from the outset by red-coated mounted police and peopled by peaceful and law-abiding subjects of the Crown. Papers focus on the development of criminal law in the Canadian west in the nineteenth century, the Natural Resources Transfer Agreement of 1930, the National Energy Program of the 1980s, Federal-Provincial relations and the role and responsibilities of the offices of Justices of the Peace and of the Lieutenant Governor and the legacies of the Lougheed and Klein governments.

*The Social Credit Phenomenon in Alberta* Alvin Finkel, 1989-01-01

In this account of the Social Credit transformation, Alvin Finkel challenges earlier works which focus purely on Social Credit monetary fixations and religiosity.

*Social Classes and Social Credit in Alberta* Edward Bell, 1993

The Social Credit party in Alberta has traditionally been presented as petty bourgeois in its ideology and appeals reflecting what was believed to be the dominant class in the province at the time. Edward Bell challenges these widely held interpretations of the ideology, popular class basis and behaviour in office of the early Social Credit movement, 1932-40.

*The Social Credit Movement in Alberta* John A. Irving, 1959-12-15

On the night of August 22, 1935, as Canadians listened to their radios, they heard with amazement and incredulity that the first Social Credit government in the world had been elected that day in the province of Alberta. Before the tabulation of votes was completed, telephone calls from New York and London, headlines in newspapers, spot news in broadcasts had confirmed the slogan of Social Creditors: The Eyes of the World are on Alberta. The morning after the election, a number of people lined up at the city hall in Calgary to collect the first installment of the Social Credit dividend of 25 monthly, which they confidently believed would be immediately forthcoming from their new government. This quotation from Professor Irving's book indicates how the apparent suddenness of the Social Credit rise to power and the magnitude of the victory aroused world-wide comment. Why had the doctrines of Social Credit, promoted unsuccessfully in the British Commonwealth and the United States for nearly twenty years, achieved political acceptance in Alberta? Why had the people of Alberta elected to public office persons so little experienced in the economic and political world as William Aberhart and his Social Credit colleagues? Professor Irving answers these questions and analyses systematically and comprehensively the rise of

the movement as a phenomenon of mass psychology His study based mainly on interviews supplemented with references to private papers newspapers and government sources provides a truly fascinating record The Political Economy of Social Credit and Guild Socialism Brian Burkitt, Frances Hutchinson, 2006-04-14 This work approaches the phenomenon of guild socialism from a new perspective focusing on the Douglas Social Credit movement It explores the key ideas gives an overview of the main theories and traces their subsequent history Thoroughly researched it provides original material relevant to the field of political economy This early approach to non equilibrium economics reveals the extent of the incompatibility between capitalist growth economics and social and environmental sustainability **Canadian History:**

**Confederation to the present** Martin Brook Taylor, Doug Owsen, 1994-01-01 In these two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover **Canada's Origins** Janet Ajzenstat, 1995-11-15 Ajzenstat and Smith challenge the idea of Canada as a country whose liberal individualism unlike that of the United States is redeemed by a tradition of government intervention in economic and social life the so called tory touch This ground breaking book begins with the now classic article in which the red tory view was formulated It then presents a new and illuminating picture of Canadian political life in which liberal individualism confronts not toryism but the participatory tradition of civic republicanism In the final section the two editors one a liberal the other a civic republican debate the crucial questions dominating Canadian politics today including Quebec's search for recognition from the perspective of their shared understanding of Canada's founding *The Social Sciences in Canada* Donald Fisher, 2006-01-01 The Social Sciences in Canada is about the background and history of the Social Science Federation of Canada in honour of its fifty years of national activity There can be little doubt that during the last fifty years the federation and its predecessors have had a substantial impact on the development of the social sciences in Canada The history of this organization is probably the best barometer that we have for recording the changes that have occurred in the relation between social scientists and Canadian society *The Future of Canadian Federalism/L'Avenir du federalisme canadien* Paul-Andre Crepeau, C.B. MacPherson, 1965-06-01 By the beginning of 1964 public debate about the terms on which French and English culture could continue to co exist within a single Canadian federal state had become intense Many causes could be assigned for the intensity of the debate but one of them evidently was the lack of clear formulation of the problems It was in these circumstances that the Association of Canadian Law Teachers and the Canadian Political Science Association used their annual meeting at Charlottetown in 1964 to get on each of four aspects of the current problem of Canadian federalism a vigorously reasoned statement by a French Canadian and an English Canadian scholar of the essentials of the problem as he saw it and then by way of invited commentaries to bring the ideas more fully into play The four aspects were competing concepts of federalism economic problems peculiar to our federal state legal and political attitudes towards the BNA Act and

institutional problems of a revision of the Act      *The Agrarian Revolt in Western Canada* Paul Frederick Sharp, University of Regina. Canadian Plains Research Center, 1997 Originally published Minneapolis Univ of Minnesota Press 1948      In Search of Canadian Political Culture Nelson Wiseman, 2011-11-01 What do we really mean by phrases such as western Canadian political culture the centrist political culture of Ontario Red Toryism in the Maritimes or Prairie socialism What historical geographical and sociological factors came into play as these cultures were forged In this book Nelson Wiseman addresses many such questions offering new ways of conceiving Canadian political culture The most thorough review of the national political ethos written in a generation In Search of Canadian Political Culture offers a bottom up regional analysis that challenges how we think and write about Canada      **Understanding Canada** Wallace Clement, 1997 The new Canadian political economy has emerged from its infancy and is now regarded as a respected and innovative field of scholarship Understanding Canada furthers this tradition by focusing on current issues in an accessible and informative way

**Changing Prairie Landscapes** Patrick Douaud, Todd A. Radenbaugh, 2000 Landscapes of the Northern Great Plains have been constantly changing but never so rapidly as under modern conditions of economic affluence and technological development This change is multifaceted and has an impact not only on the fabric of culture and its perception of landscape but also on the ecology and physical landforms Multidisciplinary research has therefore become an important tool in identifying the influences that human activities have not only on cultural landscapes but on biophysical ones as well This collection of articles originating in a conference held at the Royal Saskatchewan Museum in April 2000 focuses on just such an integration of research concerning the Great Plains of North America and involving the disciplines of geology archaeology biology geography sociology and agriculture      The Politics of Energy G. Bruce Doern, Glen Toner, 2019-06-26 Originally published in 1985 This in depth analysis of federal energy policy and politics in the oil and gas sector critically evaluates the National Energy Program one of the most controversial and wide ranging policy initiatives in Canadian history an import case study Bridging Canadian politics and public policy the book gives an historical overview of the development of energy policy since 1945 examining the shifts in the balance of power between public and private energy interests It presents the NEP's positive and negative impacts on energy policy and the nature of political power      **Politics and Public Debt** Robert Ascah, 1999-03 Through the window of history Politics and Public Debt examines the influence of debt holders over fiscal and economic policy making by Canadian governments Robert Ascah focuses on debt management issues faced by the Canadian government between 1930 and 1952 a time shaped by stresses of depression war and reconstruction He takes special note of Alberta's historic default of 1936 an event as little known as it was defining for both the province's finances and the country's In Politics and Public Debt economists political scientists bankers investors historians and students interested in Canadian politics government and the future of public finance will find valuable background and perspective on a subject that affects us all      **Federalism and the Constitution of Canada** David E. Smith, 2010-10-30 The Canadian system of federalism

divides the power to govern between the central federal parliament and the provincial and territorial legislative assemblies In what can be seen as a double federation power is also divided culturally between English and French Canada The divisions of power and responsibility however have not remained static since 1867 The federal language regime 1969 for example reconfigured cultural federalism generating constitutional tension as governments sought to make institutions more representative of the country s diversity In *Federalism and the Constitution of Canada* award winning author David E Smith examines a series of royal commission and task force inquiries a succession of federal provincial conferences and the competing and controversial terms of the Constitution Act of 1982 in order to evaluate both the popular and governmental understanding of federalism In the process Smith uncovers the reasons constitutional agreement has historically proved difficult to reach and argues that Canadian federalism in practice has been more successful at accommodating foundational change than may be immediately apparent Welfare State and Canadian Federalism Keith G. Banting, 1987 The first edition of *The Welfare State and Canadian Federalism* focused on the impact of federalism on social policy during a period of economic growth and expanding social expenditures The revised edition extends the analysis by asking how the federal system has shaped the social policy response to neo conservatism recession and restraint It analyses policy trends in detail examines the implications of constitutional changes including the Charter and highlights the continuing role of federalism

Social Scientists and Politics in Canada Stephen Brooks, Alain-G. Gagnon, 1988-09-01 Social scientists have played many roles in Canadian politics since the Second World War Stephen Brooks and Alain Gagnon examine the forms and extent of social scientists involvement in the political process their relationship to the state and the complexities of their class position The unique development of the social sciences in Quebec and their relationship to Quebec nationalism are examined and distinctions between development in this community and in the predominantly anglophone community of the rest of Canada are contrasted **Alberta's Local Governments: Politics and Democracy** Jack Masson, Edward C. LeSage, 1994 During the last decade Alberta municipalities have endured hardships they have not faced since the Great Depression Changes in the province s political structures appear to have been made primarily to transfer a greater share of the costs of local government to the municipalities yet surprisingly few municipal politicians have resisted the province s financial policies
