Depression George W. Brown, Tirril Harris, 2012-11-12 Tavistock Press was established as a co operative venture between the Tavistock Institute and Routledge Kegan Paul RKP in the 1950s to produce a series of major contributions across the social sciences This volume is part of a 2001 reissue of a selection of those important works which have since gone out of print or are difficult to locate Published by Routledge 112 volumes in total are being brought together under the name The International Behavioural and Social Sciences Library Classics from the Tavistock Press Reproduced here in facsimile this volume was originally published in 1978 and is available individually The collection is also available in a number of themed mini sets of between 5 and 13 volumes or as a complete collection **Social Origins of the Iranian Revolution** Misagh Parsa, 1989 Misagh Parsa develops a structural theory of the causes and outcomes of revolution applying the theory in particular to Iran He focuses on the ends and means of various groups of Iranians before during and after the revolution For Parsa revolution is not a direct result of ideologies which may be less important than structural factors such as the nature of the state and the economy as well as each group s interests capacity for mobilization autonomy and solidarity structures Existing theories of revolution explain earlier revolutions better than the Iranian revolution In Iran most of the protest was in urban areas the peasants never played a major role and power was transferred to the clergy not to an intelligentsia In the 1970s oil revenues increased the economy developed rapidly but unevenly and the state s expanded intervention undermined market forces and politicized capital accumulation Systematic repression of workers aid to the upper class and attacks on secular and religious opposition showed that the state was serving the interests of particular groups When the state tried to check high inflation by imposing price controls on bazaaris merchants shopkeepers artisans their protests forced the state to introduce reforms providing an opportunity for industrial workers white collar workers intellectuals and the clergy to mobilize against the state Thus structural features rendered the state vulnerable to challenge and attack Parsa s thorough explanation of the collective actions of each major group in Iran in the three decades prior to the revolution shows how a coalition of classes and groups using mosques as safe gathering places and led by a segment of the clergy brought down the

monarch of 1979 In the years since the revolution the conflicts that existed before the revolution seem to be reemerging in slightly altered form The clergy now has control and the state has become centrally and powerfully involved in the economy of the country
