Social Sources Of Denominationalism

Russell E. Richey

Social Sources Of Denominationalism:

The Social Sources of Denominationalism Helmut Richard Niebuhr, 1929 The Social Sources of Denominationalism H. Richard Niebuhr, 1975 *The Social Sources of Denominationalism* Helmut Richard Niebuhr, 1929 **American Mainline Religion** Wade Clark Roof, William McKinney, 1987 Wade Clark Roof and William McKinney argue that a new voluntarism is slowly eroding the old social and economic boundaries that once defined and separated religious groups and is opening new cleavages along moral and life style lines Nowhere has the impact of these changes been more profoundly felt than by the often overlooked religious communities of the American center or mainline Protestant Catholic and Jewish American Mainline Religion provides a new mapping of the families of American religion and the underlying social cultural and demographic forces that will reshape American religion in the century to come Going beyond the headlines in daily newspapers Roof and McKinney document the decline of the Protestant establishment the rise of a more assimilated and public minded Roman Catholicism the place of black Protestantism and Judaism and the resurgence of conservative Protestantism as a religious and cultural force H. Richard Niebuhr : Social sources of denominationalism H. R. Niebuhr, 1929

Protestant--Catholic--Jew Will Herberg, 1983-10-15 The most honored discussion of American religion in mid twentieth century times is Will Herberg s Protestant Catholic Jew It spoke precisely to the mid century condition and speaks in still applicable ways to the American condition and at its best the human condition Martin E Marty from the Introduction In Protestant Catholic Jew Will Herberg has written the most fascinating essay on the religious sociology of America that has appeared in decades He has digested all the relevant historical sociological and other analytical studies but the product is no mere summary of previous findings He has made these findings the basis of a new and creative approach to the American scene It throws as much light on American society as a whole as it does on the peculiarly religious aspects of American life Mr Herberg illumines many facets of the American reality and each chapter presents surprising and yet very compelling theses about the religious life of this country Of all these perhaps the most telling is his thesis that America is not so much a melting pot as three fairly separate melting pots Reinhold Niebuhr New Yorks Times Book Review **H. Richard Niebuhr** Jon Diefenthaler, 1986 Denominationalism Illustrated and Explained Russell E. Richey, 2013-03-18 Evidence of mainstream denominational decline virtually throws itself in our faces growing religious pluralism in North America the decline over the last half century in the salience prestige power and vitality of Protestant denominational leadership slippage in mainline membership and corresponding growth vigor visibility and political prowess of conservative evangelical and fundamentalist bodies patterns of congregational independence including loosening of or removal of denominational identity particularly in signage and the related marginal loyalty of members emergence of megachurches with resources and the capacity to meet needs heretofore supplied by denominations training literature expertise growth within mainline denominations of caucuses and their alignment into broad progressive or conservative camps often with connections to

similar camps in other denominations widespread suspicion of indeed hostility towards the centers and symbols of denominational identity the regional and national headquarters migration of individuals and families through various religious identities sometimes out of classic Christianity altogether Denominationalism looks doomed and is so proclaimed It may be However viewing the sweep of Anglo American history this volume suggests how much denominations and denominationalism have changed how resilient they have proved how significant these structures of religious belonging have been in providing order and direction to American society and how such enduring purposes find ever new structural institutional expression

Denominationalism Russell E. Richey, 2010-10-01 With Protestantism now experiencing a decline in growth and expansion many people are concerned about the future of denominations Church budgets are being slashed and dissident groups are increasing in number on the denominational fringe To provide a better understanding of and respect for the potentials and limitations of denominations Dr Richey presents the varying perspectives of acknowledged authorities to explain first of all what denominationalism a basic form of the American church is How did denominationalism begin what is its essence and what is the denominational pattern of the Christian church Ten articles explore these questions from different viewpoints and give alternative explanations Dr Richey provides an introduction to each of the articles calling attention to its particular contributions and divergences from other interpretations while raising important critical questions The question What is the future of denominations cannot be answered without a more explicit understanding of the phenomenon of denominationalism The articles presented here together with their introductions represent Russell Richey's attempt to penetrate both the vagueness that surrounds denominationalism and the causes of the current malaise afflicting individual denominations

The Re-Enchantment of the West Christopher Partridge, 2005-03-04 As a book about emergent spirituality in the contemporary West it focuses on the nature evolution and significance of new forms of religion and alternative spiritualities Part One of the book provides the theoretical background and guides the reader through some of the principal debates After an overview of the secularization thesis which argues that the West is becoming increasingly disenchanted the second chapter turns to the sociological analysis of new religions and alternative spiritualities Particular attention is given to the ideas of the sociologist of religion Ernst Troeltsch especially his enigmatic analysis of the emergence mystical religion which presciently provides helpful insights into understanding the contemporary alternative religious milieu Against sociologists such as Bryan Wilson and Steve Bruce this and the subsequent chapter argues that rather than being insignificant new forms of spirituality are actually proving to be a significant part of Western re enchantment Chapter 3 constructs a general theory of the re enchantment of the West Chris Partridge argues that Western Society is permeated by a broad occulture by which he means a reservoir of ideas beliefs theories and practices to which new religions unorthodox spiritualities film and popular music all draw attention This re enchantment of the West should not be seen as a superficial secondary development in the shadow of Christianity In many ways it is a religious phenomenon in its own right Partridge's

arguments in this regard are well put and I warmly welcome this timely book Mikhael Rothstein University of Copenhagen Denmark *Denominationalism- Its Sources and Implications* W. S. Vorster,1982 **Encyclopedia of Protestantism** Hans J. Hillerbrand,2004-08-02 For more information including sample entries full contents listing and more visit the Encyclopedia of Protestantism web site Routledge is proud to announce the publication of a new major reference work from world renowned scholar Hans J Hillerbrand The Encyclopedia of Protestantism is the definitive reference to the history and beliefs that continue to exert a profound influence on Western thought Featuring entries written by an international team of specialists and scholars the encyclopedia traces the course of Protestantism from its beginnings prior to 1517 when Martin Luther nailed his 95 Theses to the door of Wittenberg Cathedral to the vital and diverse international scene of the present day *Memory and Hope* David T. Priestley,2006-01-01 How are Baptists distinctive as a Christian denomination Canadian Baptists confronted with the question of discovering a common identity from the welter of strands of influence that make up their heritage may infer several answers from the essays in Memory and Hope Focussing on Baptist history in central and western Canada Memory and Hope discusses individuals institutions and issues that have stirred Baptists in North America for two centuries including confessionalism and eucharistic theology and fundamentalism vs modernism Recurring themes include the Baptist role in education in Canada the establishment of new churches overseas missions and social responsibility Essayists also examine the powerful forces that have influenced Baptist history immigration theology and society Studies of missionary Samuel Stearns Day fundamentalists Aberhart Maxwell and Shields and social gospellers Sharpe and Shaw illustrate the diversity of ideas and personalities that have shaped and been shaped by the Baptist Church Memory and Hope is an important resource for the history of the Baptist Church in Canada In the issues it raises on the role of churches in the twenty first century it will also make a significant contribution to the study of religion in general **God of the Oppressed** James H. Cone,1997-01-01 In his reflections on God Jesus suffering and liberation James H Cone relates the gospel message to the experience of the black community But a wider theme of the book is the role that social and historical context plays in framing the questions we address to God as well as the mode of the answers provided **Where Sin Abounds** Stanley A. Steward,2012-03-20 Las Vegas has long been characterized as Sin City It is a common assumption of many outsiders that Las Vegas is a spiritual wasteland devoid of any significant religious community and bereft of traditional values This is most certainly not the case In fact Las Vegas has a strong healthy and growing religious dimension Within this milieu is a strong and rapidly expanding Pentecostal dimension to the city s profile of faith The Pentecostals in Las Vegas are a microcosm of Pentecostalism both nationally and globally On the whole this expression of Christian faith is certainly among the fastest growing religions in the world Some sociologists and demographics experts identify Evangelicals and Pentecostals as the emerging religious majority in America s future Most mainstream denominations are in decline but Pentecostals continue to grow both in numbers and influence This book will explore and analyze several local Pentecostal congregations and the

dynamic relationship between the church and the Strip It will focus on the interplay between one of America's most devout religious subcultures and one its most secular cities

The American Church Experience Thomas A. Askew, Richard V. Pierard, 2008-08-06 A welcome addition to the ongoing reflection on the meaning of religion in America The authors are both responsible as scholars and accessible as writers Teachers students clergy and laity will find this book worthwhile It deserves a wide reading Ronald A Wells Professor of History Calvin College editor Fides et Historia This is a most welcome update of the first textbook survey of American church history The American Church Experience retains all the virtues of the original brevity clarity and evenhandedness while incorporating recent historical developments and contemporary historical scholarship Michael S Hamilton Associate Professor of History Seattle Pacific University Specialists and general readers alike should welcome this valuable new resource in American religious history I certainly plan to recommend it to my students Garth M Rosell Professor of Church History and Director of the Ockenga Institute at Gordon Conwell Theological Seminary Captures the ebb and flow of religious history in a scholarly and precise way while retaining a highly readable quality Students will be challenged and laypeople will be informed about America's fascinating religious heritage This book is a must for the pastor's study and for the church library Ruth A Tucker author of *From Jerusalem to Irian Jaya A Biographical History of Christian Missions* Tom Askew and Dick Pierard provide a lively and succinct account of the origins expansion and struggles of the faith in America Their analyses are enhanced by commendable balance and a healthy global perspective This volume will prove to be an excellent resource for church study groups as well as for undergraduate and seminary classes James A Patterson Professor of Christian Studies Union University [Servanthood of Song](#) Stanley R. McDaniel, 2024-05-23 *Servanthood of Song* is a history of American church music from the colonial era to the present Its focus is on the institutional and societal pressures that have shaped church song and have led us directly to where we are today The gulf which separates advocates of traditional and contemporary worship Black and White Protestant and Catholic is not new History repeatedly shows us that ministry to be effective must meet the needs of the entire worshiping community not just one segment age group or class *Servanthood of Song* provides a historical context for trends in contemporary worship in the United States and suggests that the current polemical divisions between advocates of contemporary and traditional classically oriented church music are both unnecessary and counterproductive It also draws from history to show that to be the powerful component of worship it can be music whatever the genre must be viewed as a ministry with training appropriate to that *Servanthood of Song* provides a critical resource for anyone considering a career in either musical or pastoral ministries in the American church as well as all who care passionately about vital and authentic worship for the church of today *The Rowman & Littlefield Handbook of Contemporary Christianity in the United States* Mark A. Lamport, 2022-02-15 The Handbook of Contemporary Christianity in the United States is a one volume examination of Christianity in its role contributions and embattled engagements with the contemporary culture of the postmodern United

States While Christianity has been a sustaining force and dominant storyline of the historical foundations of America obvious social political and scientific inroads have lessened its influence and altered the issues considered The handbook explores the strengths and weaknesses of the Christian faith and traditions in the United States and its rich and textured history with a discernable eye toward how the message strategies and initiatives of Christianity has adapted to contemporary American life

Divine Hierarchies Sean McCloud, 2009-01-05 Placing the neglected issue of class back into the study and understanding of religion Sean McCloud reconsiders the meaning of class in today's world More than a status grounded in material conditions says McCloud class is also an identity rhetorically and symbolically made and unmade through representations It entails relationships identifications boundaries meanings power and our most ingrained habits of mind and body He demonstrates that employing class as an analytical tool that cuts across variables such as creed race ethnicity and gender can illuminate American religious life in unprecedented ways Through social theory historical analysis and ethnography McCloud makes an interdisciplinary argument for reinserting class into the study of religion First he offers a new three part conception of class for use in studying religion He then presents a focused cultural history of religious studies by examining how social class surfaced in twentieth century theories of religious affiliation He concludes with historical and ethnographic case studies of religion and class Divine Hierarchies makes a convincing case for the past and present importance of class in American religious thought practice and scholarship

One Lord, One Faith, Second Edition Rex A. Koivisto, 2009-01-01

One Lord One Faith is a plea and plan to re envision the Church as a broad cross denominational community with a shared faith in the Christ of the Gospel It both affirms the place and inevitability of individual denominational traditions and also provides a grid from which to distinguish those denominational traditions from the core of historical orthodoxy shared by the entire Christian community The book seeks to distinguish denominationalism from sectarianism and identifies sectarianism as the true enemy of historic catholicity

Social Sources Of Denominationalism Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the ability of words has become more evident than ever. They have the ability to inspire, provoke, and ignite change. Such could be the essence of the book **Social Sources Of Denominationalism**, a literary masterpiece that delves deep into the significance of words and their impact on our lives. Written by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
