

Origins of Modern Sociology: Germany

- Ferdinand Tönnies, 1855-1936
 - Agreed with Durkheim but with a twist: he wanted to understand how social relationships between people *differed* in pre-modern and modern societies

Society And Democracy In Germany Modern Revivals In Sociology

Ralf Dahrendorf

Society And Democracy In Germany Modern Revivals In Sociology:

The Social Democratic Image of Society (Routledge Revivals) Francis Castles, 2009-07-15 This book originally published in 1978 constitutes a genuinely comparative study of the world's only truly successful democratic socialist parties the Social Democratic Parties of Denmark Norway and Sweden The measure of achievement is not merely political success the fact that in Scandinavia the Social Democrats have become natural parties of government for just as importantly the author shows that a political success grounded on the symbiotic relationship between party and trade union movement has been the foundation for a higher level of welfare state provision and egalitarian striving than in virtually any other advanced Western nations It is a book for friends and foes of democratic socialism alike for the former to provide an understanding of the tasks ahead and for the latter to know the enemy better *Society and Democracy in Germany* Ralf Dahrendorf, 1992 In this study the author provides a survey of German society in terms of the structure of the different social strata and political institutions and of the history of democracy in Germany He unites two themes in an analysis of the central political problem in recent German history why the liberal democracy as a political principle and system failed until recent times to gain a permanent foothold in the country *Max Weber on Economy and Society (Routledge Revivals)* Robert Holton, Bryan Turner, 2010-10-22 First published in 1989 this re issue concerns itself with the relevance of Max Weber's sociology for the understanding of modern times The book outlines key tenets of Weber's sociology and points to the valuable legacy of Weber's thought in contemporary intellectual debate particularly with regard to secularization and rationalization of global cultures the crisis of Marxism the rise of the New Right and the emergence of post modernism This book offers an authoritative and insightful study which brings to light not only the contemporary relevance of Weber's social theory but also offering a broad perspective for the analysis of social questions **Max Weber's Comparative-Historical Sociology Today** Stephen Kalberg, 2017-03-02 Bringing together the author's major scholarly work on Weber over the last thirty years Max Weber's Comparative Historical Sociology Today addresses major themes in Weber's thought whilst also examining the mode of analysis practised in his comparative historical writings By exploring Weber's concepts and procedures the individual chapters seek to convey the rigor of his research strategies demonstrating their uniqueness In this light this study proceeds to identify as incomplete and then reconstruct the analyses undertaken by Weber of the rise of Confucianism in China the caste system in India and monotheism in ancient Israel The analysis then advances to the modern era utilising Weber's research procedures to explain the origins of four independent phenomena the singularity of the American political culture the cultural foundations of modern citizenship cultural pessimism Kulturpessimismus in nineteenth century Germany and the location of work in contemporary German society A dialogue with a variety of recent major schools is pursued throughout this volume Offering a rich examination of the major themes in Weber's sociology alongside a reconstruction of his mode of analysis and application of his approach this book will appeal to scholars around the world with interests in social theory

German and American societies cultural sociology political sociology the sociology of knowledge comparative historical sociology and the sociology of civilizations **Robert Michels, Political Sociology and the Future of Democracy** Juan Linz, 2017-07-05 These essays by the brilliant historian of political science Juan Linz comprise a remarkable intellectual review of the life and work of Robert Michels his major book Political Parties and the dimensions of democracy as a functioning system Linz elucidates the importance of Michels in a way that offers more than a mechanical view of political parties as some sort of precisely ordered system of authority and influence Instead Michels offers a view of politics that is bottom up and untidy what he calls a reciprocal deference structure Michels is not simply the father of the iron law of oligarchy but the idea of politics as a less than orderly network of responsiveness responsibility and accountability Linz demonstrates with magisterial power why Michels must be ranked as a foremost thinker in classical political sociology The remaining three segments of the volume cover areas with which Linz has also long been identified Each in its own way illumines aspects of Michels as well Time and Regime Change articulates differences between change within a regime and change of a regime sometimes hard to identify because of the elongated time frames involved The next essay explains why Spain is neither a traditional society nor a successful modern nation The reliance upon central authority displaced the hoped for evolution of a society based on representative democratic institutions The final section Freedom and Autonomy of Intellectuals and Artists is a topic that gripped Michels and Linz alike Freedom as a goal of the intelligentsia has been frustrated by those who provide ideological justification for repression of ideas and actions in the name of higher values This segment provides a bridge between Michels and Weber not to mention both of these major figures with Linz himself The role of state power in mediating intellectual freedom is the leitmotif that blankets the twentieth century The work is graced by a full length bibliography o Iconic Ideas in the History of Social Thought Wsevolod W. Isajiw, 2016-05-13 The book distinguishes a number of types of social thought and traces their history from tribal times until present day It shows that human beings thought systematically about their societies very early in their development even if only informally as they did not write treatises about them In many ways they formed a basis for all social thought that followed The book discusses the social thought of ancient civilizations and talks about how the rationalism of Greek and Roman times and the religiosity of early and later Christianity influenced its development The book then explains the influence of the Reformation the change of the intellectual climate and the emergence of new approaches to the discussion about the nature of society It talks about the theorists who argued that societies were created by social contract among people and some like the colorful Robert Owen advised that we should learn by doing He tried to establish two colonies in which people would work and live together and share the products of their work among all in the colony This was a benign socialist idea It did not work But soon the aggressive socialism of Karl Marx and his followers emerged A strong trend emerged in the meantime for the scientific study of society employing all the methods of the natural sciences Sociology as a professional discipline thus developed An issue

emerged whether society is just a congregation of individuals or has a reality of its own Differences among scholars emerged with American sociologists favoring individualistic sociology and Europeans favoring the reality of society approach But the contest was crowned by Max Weber whom some consider to be the greatest sociologist who ever lived and his analytical and *verstehende* sociology The field of sociology has spread out widely into various specializations The book also studies popular social thought It briefly describes Islamic social thought looks at popular thought in Europe in the first half of the 20th century and current American popular thought It ends by discussing the future of social thought

Sociology of Europeanization Sebastian M. Büttner, Monika Eig Müller, Susann Worschech, 2022-02-02 The numerous and far reaching socio political transformations that have taken place on the European continent since the mid 20th century have stipulated the emergence of new approaches and research fields in the social sciences One of these is the development of a Sociology of Europeanization This textbook provides an overview of its major topics concepts and research approaches Each of the 14 chapters of this textbook introduces one particular topic of the Sociology of Europeanization ranging from major conceptual considerations to an exploration of the numerous spatial cultural economic political judicial and socio structural implications of Europeanization Hence this book is very suitable as a fundamental introductory reading and for teaching in European studies and related study programs It is also recommended to everyone who is interested in more recent European history and current sociological studies of transnationalization Events around the book Link to a De Gruyter Online Event in which renowned scholars and experts discuss what is necessary for the teaching of European Studies today and what future directions European Studies should take in light of current challenges and crises The event was moderated by Sebastian Büttner and Susann Worschech two co editors of this textbook <https://youtu.be/Deh13FJ1ctE> During the annual colloquium of the European General Studies Programme of the College of Europe Bruges Sebastian Büttner discussed and presented his co edited book <https://youtu.be/GLheIHQOEv4>

Sociology Daniel Nehring, Ken Plummer, 2014-04-30 This groundbreaking new introduction to sociology is an innovative hybrid textbook and reader Combining seminal scholarly works contextual narrative and in text didactic materials it presents a rich layered and comprehensive introduction to the discipline Its unique approach will help inspire a creative critical and analytically sophisticated sociological imagination making sense of society and the many small and large problems it poses

Encyclopedia of Political Theory Mark Bevir, 2010-03-18 Looking at the roots of contemporary political theory this three volume set examines the global landscape of all the key theories and the theorists behind them and provides concise to the point definitions of key concepts ideas schools and figures

The American Journal of Sociology Albion W. Small, Ellsworth Faris, Ernest Watson Burgess, 1900 Established in 1895 as the first U S scholarly journal in its field AJS remains a leading voice for analysis and research in the social sciences presenting work on the theory methods practice and history of sociology AJS also seeks the application of perspectives from other social sciences and publishes papers by psychologists anthropologists statisticians economists educators historians and political scientists

Revival: Food, Nature and Society (2001) Michel Blanc, 2017-07-28 This title was first published in 2001 Focusing on the distinctive ways in which rural social economic and political life is experienced in developed societies in late modernity this striking volume draws on empirical material from a wide range of countries within and outside the EU It also incorporates comparative case studies from South Africa Australia and New Zealand **Educational Sociology** David Snedden, 1917 *Educational Sociology: Applications to curricula and studies* David Snedden, 1917 **The Persisting Question** Helen Fein, 1987 No detailed description available for The Persisting Question Research Anthology on Modern Violence and Its Impact on Society Management Association, Information Resources, 2022-08-12 Violence on both large and small scales has a tremendous impact on society The causes and impacts of violence have been under study for decades however in the modern era it is important to remain knowledgeable of the current research on violence As tragic events flood news headlines around the world it is essential to evaluate violence its causes and its impact on society in order to mitigate and prevent violence globally The Research Anthology on Modern Violence and Its Impact on Society discusses the causes ideologies and perceptions of modern violence and examines its impact on society It presents emerging research on modern violence in multiple dimensions from interpersonal to mass violence Covering topics such as gun violence radicalization and victim offender overlap this major reference work is an essential resource for sociologists politicians government officials law enforcement community leaders educators and administrators of both K 12 and higher education students of higher education psychologists criminologists victimologists researchers and academicians Civil Society and the State in Democratic East Asia David Chiavacci, Simona Grano, Julia Obinger, 2025-10-01 Civil Society and the State in Democratic East Asia Between Entanglement and Contention in Post High Growth focuses on the new and diversifying interactions between civil society and the state in contemporary East Asia by including cases of entanglement and contention in the three fully consolidated democracies in the area Japan South Korea and Taiwan The contributions to this book argue that all three countries have reached a new era of post high growth and mature democracy leading to new social anxieties and increasing normative diversity which have direct repercussions on the relationship between the state and civil society It introduces a comparative perspective in identifying and discussing similarities and differences in East Asia based on in depth case studies in the fields of environmental issues national identities as well as neoliberalism and social inclusion that go beyond the classic dichotomy of state vs liberal civil society **Handbook on Political Trust** Sonja Zmerli, Tom W.G. van der Meer, 2017-01-27 Political trust in government parliament or political parties has taken centre stage in political science for more than half a century reflecting ongoing concerns with the legitimacy and functioning of representative democracy To provide scholars students and policy makers with a tool to navigate through the complexity of causes and consequences of political trust this Handbook offers an excellent overview of the conceptual theoretical methodological and empirical state of the art complemented by accounts of regional particularities and authored by international experts in this field

Nineteenth-Century Choral Music Donna M. Di Grazia, 2013-03-05 Nineteenth Century Choral Music is an in depth examination of the rich repertoire of choral music and the cultural phenomenon of choral music making throughout the period The book is divided into three main sections The first details the attraction to choral singing and the ways it was linked to different parts of society and to the role of choral voices in the two principal large scale genres of the period the symphony and opera A second section highlights ten choral orchestral masterworks that are a central part of the repertoire The final section presents overview and focus chapters covering composers repertoire both small and larger works and performance life in an historical context from over a dozen regions of the world Britain and Ireland the Czech Republic France Germany Hungary Italy Latin America the Philippines Poland Russia Scandinavia and Finland Spain and the United States This diverse collection of essays brings together the work of 25 authors many of whom have devoted much of their scholarly lives to the composers and music discussed giving the reader a lively and unique perspective on this significant part of nineteenth century musical life

The Politics of the Book Filipe Carreira da Silva, Mónica Brito Vieira, 2019-05-16 It is impossible to separate the content of a book from its form In this study Filipe Carreira da Silva and Mónica Brito Vieira expand our understanding of the history of social and political scholarship by examining how the entirety of a book mediates and constitutes meaning in ways that affect its substance appropriation and reception over time Examining the evolving form of classic works of social and political thought including W E B Du Bois's The Souls of Black Folk G H Mead's Mind Self and Society and Karl Marx's 1844 Economic and Philosophic Manuscripts Carreira da Silva and Brito Vieira show that making these books involved many hands They explore what publishers editors translators and commentators accomplish by offering the reading public new versions of the works under consideration examine debates about the intended meaning of the works and discussions over their present relevance and elucidate the various ways in which content and material form are interwoven In doing so Carreira da Silva and Brito Vieira characterize the editorial process as a meaning producing action involving both collaboration and an ongoing battle for the importance of the book form to a work's disciplinary belonging ideological positioning and political significance Theoretically sophisticated and thoroughly researched The Politics of the Book radically changes our understanding of what doing social and political theory and its history implies It will be welcomed by scholars of book history the history of social and political thought and social and political theory
