Socio Political Thought In African Literature:

   Socio-political Thought in African Literature Gideon-Cyrus Makau Mutiso,1974   *African Literature as Political Philosophy* Mary Stella Chika Okolo,2013-07-04 The politics of development in Africa have always been central concerns of the continent s literature Yet ideas about the best way to achieve this development and even what development itself should look like have been hotly contested African Literature as Political Philosophy looks in particular at Achebe s Anthills of the Savannah and Petals of Blood by Ngugi wa Thiong o but situates these within the broader context of developments in African literature over the past half century discussing writers from Ayi Kwei Armah to Wole Soyinka M S C Okolo provides a thorough analysis of the authors differing approaches and how these emerge from the literature She shows the roots of Achebe s reformism and Ngugi s insistence on revolution and how these positions take shape in their work Okolo argues that these authors have been profoundly affected by the political situation of Africa but have also helped to create a new African political philosophy   Writers and Social Thought in Africa Wale Adebanwi,2017-10-02 Social theory and social theorizing about Africa has largely ignored African literature However because writers are some of the continent s finest social thinkers they have produced and continue to produce works which constitute potential sources for the analysis of social thought and for constructing social theory in and beyond the continent This comprehensive collection examines the relationship between African literature and African social thought It explores the evolution and aesthetics of social thought in African fiction and African writers conceptions of power and authority legitimacy history and modernity gender and sexuality culture epistemology globalization and change and continuity in Africa This book was originally published as a special issue of the Journal of Contemporary African Studies   *A Study in African Socio-Political Philosophy* Ikechukwu Anthony Kanu,2018-08-31 The present work on African philosophy brings in new freshness into the African philosophical enterprise as it introduces not just thoughts that could be categorized as African philosophy but also thoughts that were borne from the reflections of individual African philosophers It covers a period that could be referred to as modern African philosophy It includes philosophical activities in Africa between the fifteenth century and early part of the twentieth century   Theory of African Literature Chidi Amuta,2017-06-15 This groundbreaking work first published in 1989 was one of the first to challenge the conventional critical assessment of African literature and remains highly influential today Amuta s key argument is that African literature can be discussed only within the wider framework of the dismantling of colonial rule and Western hegemony in Africa In exploring the possibility of a dialectical alternative critical base he draws upon both classical Marxist aesthetics and the theories of African culture espoused by Fanon Cabral and Ngugi From these explorations Amuta derives a new language of criticism which is then applied to works by modern African writers as diverse as Achebe Ousmane Agostinho Neto and Dennis Brutus Amuta s highly original and innovative approach remains relevant not only for assessing the literature of developing countries but for Marxist and postcolonial theories of literary criticism more generally The author s

elegance of argument and clarity of exposition makes this a distinguished and lasting contribution to debates around cultural expression in postcolonial Africa **Writing Across Cultures** Omar Sougou,2021-10-25 This is a timely and comprehensive study combining various critical approaches to the fiction of Buchi Emecheta one of Africa s most illustrious and contentious women writers Feminist Showalter Cixous Kristeva and postcolonial approaches writing back are taken to Emecheta s texts to illuminate the personal political and aesthetic ramifications of the production of this born writer Poststructural programmes of analysis are shown to be less relevant to this writer s fiction than Marxist and Bakhtinian perspectives Emecheta is shown to be a bridge builder between two cultures and two worlds in narratives both challenging and popular characterized by ambiguity ambivalence and double voiced discourse all of which evince the writer s determination to expose imaginatively the colonial heritage of centre periphery conflicts cultural corruption ethnic discrimination gender oppression and the migrant experience in multiracial communities *Modern African Poetry and the African Predicament* Romanus N. Egudu,1978-10-12 Against All Authority Jeff Shantz,2012-08-08 This volume examines historical and contemporary engagements of anarchism and literary production Anarchists have used literary production to express opposition to values and relations characterizing advanced capitalist and socialist societies while also expressing key aspects of the alternative values and institutions proposed within anarchism Among favoured themes are anarchist critiques of corporatization prisons and patriarchal relations as well as explorations of developing anarchist perspectives on revolution ecology polysexuality and mutual aid A key component of anarchist perspectives is the belief that means and ends must correspond Thus in anarchist literature as in anarchist politics a radical approach to form is as important as content Anarchist literature joins other critical approaches to creative production in attempting to break down divisions between readers and writer audience and artist encouraging all to become active participants in the creative process **Fact - Fiction - "faction"** Horst Zander,1999 **South African Literature and Culture** Njabulo Simakahle Ndebele,1994 Described as a prophet of the post apartheid condition Njabulo Ndebele is a prize winning author poet and critic and one of the leading lights in South Africa s literary world These essays beginning in 1984 were written over the storm years of the democratic struggle and are reprinted here with a new introduction by Graham Pechey **The Companion to African Literatures** G. D. Killam,Ruth Rowe,2000 Refreshing African Sudies Review The entries are knowledgeable thorough and clearly written Highly recommended Choice an ambitious reference guide to works on African literature African Studies Review This comprehensive compendium will be a handy companion for anyone working on African literatures The entries are authoritative and up to date providing reliable information on the hundreds of authors and texts that have contributed to a whole continent s literary flowering Bernth Lindfors A comprehensive introduction and guide to African authored works with over 1 000 cross referenced entries covering classics in African writing literary genres and movements biographical details of authors and wider themes linking African Afro Caribbean and Afro American literatures *Cycle of Doom: Selected Essays in Discourse and Society* Dubem

Okafor,2005-09-01 These essays are essays indeed in the etymological sense of the word in that they try out my ideas on different topics and different texts As they are developed they build up to a climactic crescendo of futility which may be explained in part not by the darkening vision of a wizened and aging man but by the gathering storms which have tended to becloud the nation state of Nigeria The milieu from which my essays emerge has not been conducive to any optimistic or celebratory readings of texts and contexts **Chinua Achebe and the Igbo-African World** Chima J. Korieh,Ijeoma C. Nwajiaku,2022-04-12 Chinua Achebe and the Igbo African World Between Fiction Fact and Historical Representation explores Chinua Achebe s literary works and how they communicated the Igbo African world to readers Engaging in the politics of representation Achebe sought to demystify deterministic views of race and cultural ethnocentrism While his books and commentaries have been very influential in shaping a unique and multifaceted view of the African world some scholars have challenged Achebe s representations of historical reality Through in depth analyses of his writing contributors examine the interpretations Achebe imposed on African culture and history in his texts The chapters cover Achebe s engagement with critical issues like historical representation gender relations and indigenous political institutions in a changing society Throughout contributors present new ways for understanding Achebe s literary works and show how his work draws from African historical reality and identity while challenging Western epistemological hegemony The World of Ngūgī Wa Thiong'o Charles Cantalupo,1995 Inspired by the work of Ngugi wa Thiong o this collection of twelve essays and two interviews surveys the wide variety of Ngugi s work from his earliest writings to his most recent including essays all his novels and his writings for children Also included are extensive discussions of Ngugi s writings in English and Gikuyu his use of oral literary techniques his tragic exile and his revolutionary politics **Contemporary African Social and Political Philosophy** Albert Kasanda,2018-05-11 This book explores what constitutes contemporary African social and political philosophy with regard to its meaning aims sources and relevance for today s Africa Kasanda denounces conventional approaches considering these either as a subcategory of general philosophy or as the ideological attempts of individual African leaders and professional philosophers such as Nkrumah Nyerere Senghor Fanon Hountondji and Towa On the contrary Kasanda defines contemporary African social and political philosophy as an inclusive reflection of African communities with regard to power and equitable modes of social and political organization in order to promote human excellence for everyone This perspective also includes the criticism of social and political concepts in use within African communities The author postulates that contemporary African social and political philosophy relies on the legacy of precolonial African societies as well as on the contribution of the diaspora throughout the world Contemporary African social and political philosophy is rooted in the daily lives of African people and it expresses itself through multiple modalities including for example art religion literature music and the policy of urbanization of African cities This book sheds new light on debates concerning topics such as ethnophilosophy negritude pan Africanism democracy African civil society African

cultures and globalization It aims to ward off the lethargy that strikes African social and political philosophy taking a renewed and critical approach   African-American Social and Political Thought Howard Brotz,2011-12-31 In bringing together the most characteristic and serious writings by black scholars authors journalists and educators from the years that preceded the modem civil rights movement African American Social and Political Thought provides a comprehensive guide to the range and diversity of black thought The volume offers a deep history of how the terms of contemporary debate over the future of black Americans were formed The writings assembled here reveal a tension and a thread between two essential poles of thought These include those voices that clearly projected civic assimilation as the goal of black aspiration and those who described how this aim would be achieved as well as nationalist or separatist voices that despaired of ever having a dignified future in a biracial society These two positions reflect the most fundamental questions faced by any minority group In his forceful and courageous introduction to this new edition Howard Brotz relates the thoughts and reflections of these black thinkers to the social and political situation of blacks in America today and argues against the political orthodoxy and sociological determinism that perpetuates the image of the black as a perennial and passive victim In the scope and quality of its contents African American Social and Political Thought is a unique invaluable source book for cultural historians sociologists and students of black history   Social-political Thought in African Literature Gideon-Cyrus Makau Mutiso,1974   Existentialist Politics and Political Theory William Leon McBride,1997 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare s A Comedy of Errors Miola s edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world In the collection there are five previously unpublished essays The topics covered in these new essays are women in the play the play s debt to contemporary theater its critical and performance histories in Germany and Japan the metrical variety of the play and the distinctly modern perspective on the play as containing dark and disturbing elements To compliment these new essays the collection features significant scholarship and commentary on The Comedy of Errors that is published in obscure and difficulty accessible journals newspapers and other sources This collection brings together these essays for the first time   A Companion to African-American Philosophy Tommy L. Lott,John P. Pittman,2008-04-15 This wide ranging multidisciplinary collection of newly commissioned articles brings together distinguished voices in the field of Africana philosophy and African American social and political thought Provides a comprehensive critical survey of African American philosophical thought Collects wide ranging multidisciplinary newly commissioned articles in one authoritative volume Serves as a benchmark work of reference for courses in philosophy social and political thought cultural studies and African American studies   Literary and Sociopolitical Writings of the Black Diaspora in the Nineteenth and Twentieth Centuries Kersuze Simeon-Jones,2010-06-22 Literary and Sociopolitical Writings of the Black Diaspora in the Nineteenth and Twentieth Centuries traces the historiography of literary and sociopolitical

movements of the Black Diaspora in the writings of key political figures It comparatively and dialogically examines such movements as Pan Africanism Garveyism Indig nisme New Negro Renaissance N gritude and Afrocriollo To study the key ideologies that emerged as collective black thought within the Diaspora particular attention is given to the philosophies of Black Nationalism Black Internationalism and Universal Humanism Each leader and writer helped establish new dimensions to evolving movements thus the text discerns the temporal spatial and conceptual development of each literary and sociopolitical movement To probe the comparative and transnational trajectories of the movements while concurrently examining the geopolitical distinctions the text focuses on leaders who psychologically culturally and or physically traveled throughout Africa the Americas and Europe and whose ideas were disseminated and influenced a number of contemporaries and successors Such approach dismantles geographic language and generation barriers for a comprehensive analysis Indeed it was through the works transmitted from one generation to the next that leaders learned the lessons of history particularly the lessons of organizational strategies which are indispensable to sustained and successful liberation movements
