Sociology A Global Perspective With Infotrac Ie:

Sociology Joan Ferrante,1997 **Ie Soc Global Perspect** Ferrante,2002-07 Sociology Rodney Stark,2000-06-29

This text considered to be a living classic among introductory sociology texts is written by a major sociology researcher and scholarly author Rodney Stark The text introduces students to the methods and theories of sociology by introducing them to the techniques sociologists use to study society as well as explaining the rationale behind what they chose to study The text employs a unique perspective in a feature called A Closer View which illustrates seminal research studies to introduce students to the sociological imagination and the world The text has a global and multicultural perspective which is closely related to American culture This NEW Internet Edition incorporates the Internet throughout every chapter It is the only text like it in the introductory sociology market **Introduction to Sociology (with InfoTrac)** Henry L. Tischler,2001-12-06

This revised edition of Tischler s INTRODUCTION TO SOCIOLOGY continues a tradition of providing proven textbooks to students and professors at lower prices This value is enhanced with the inclusion of the built in study guide and practice tests The author threads two basic ideas through the text that sociology is a rigorous scientific discipline and that a basic knowledge of sociology is essential for understanding social interaction in many work and social settings Each chapter progresses from a specific to a general analysis of society each part introducing increasingly more comprehensive factors necessary for a broad based understanding of social organization **Sociology: A Global Perspective** Joan

Ferrante,2014-01-01 SOCIOLOGY A GLOBAL PERSPECTIVE Ninth Edition introduces readers to the concepts and theories of sociology demonstrates how those concepts and theories can be used to think about the most significant and pressing global issues of our day and uses powerful visual images to illustrate their impact on individuals local communities and society Important Notice Media content referenced within the product description or the product text may not be available in the ebook version **Sociology** Joan Ferrante-Wallace,1992 This was the first introductory text to use a truly comparative

global approach to teach sociological concepts and ideas Some texts claim to be global by including global boxes however the entire Ferrante text is written from this perspective Ferrante uses an in depth examination of life in other countries to help students understand sociological concepts while also providing comparison to the United States By integrating throughout each chapter the connections to American society this text gives students a broader understanding of sociological concepts global interdependence and societal differences as well as similarities *Essentials of Sociology* David B. Brinkerhoff,Lynn

K. White,2005 **Sociology : Your Compass for a New World** Robert J. Brym,2003 Renegade Kids, Suburban Outlaws Wayne S. Wooden,Randy Blazak,2001 Topics covered include exploring boundary between deviance and criminality in the lives of young people who are deeply involved in the youth culture show how youth culture is not a set of categories so much as it is a dynamic and creative response to the confusions of growing up in modern society **Sociology** Jean Stockard,2000 SOCIOLOGY DISCOVERING SOCIETY 2nd provides comprehensive coverage of sociology in an affordable paperback format

With research studies in every chapter and boxes that portray sociologists at work it will especially appeal to sociology professors who value a quantitative research methodology oriented approach Instead of presenting every possible theory for each issue Stockard s streamlined approach pulls in theories only when they appropriately relate to the issue at hand This integrated approach produces a text that reads more smoothly than the overly encyclopedic heavily interrupted narratives of other texts **Sociology: A Global Perspective, Enhanced** Joan Ferrante,2010-01-01 SOCIOLOGY A GLOBAL

PERSPECTIVE Enhanced Seventh Edition is a brief introduction to sociology paperback text that uses sociological concepts and theories to analyze the most compelling and significant issues of our day which happen to be global Issues covered include the proposed and exiting border fences that separate Mexico from the United States the disparities between the world s richest and poorest countries the century long Palestinian Israeli conflict McDonaldization and the planet s dependence on fossil fuels This approach demonstrates sociology s analytical power for thinking about personal local national but especially global issues and events The enhanced seventh edition has been substantially updated to reflect the current global economic crisis Important Notice Media content referenced within the product description or the product text may not be available in the ebook version *Feminist Periodicals* ,2005 **Sociology** Alok Kumar Kashyap,2012 Race and

Ethnic Relations Martin Marger,2000 This is the only race and ethnic relations text available that combines international materials with the traditional material that focuses on American racial and ethnic issues This text offers instructors an opportunity to introduce comparative content in their courses while not sacrificing an American focus *Toward a Broader Understanding of Stress and Coping* Qun G. Jiao,Anthony J. Onwuegbuzie,Kathleen M. T. Collins,2010-06-01 Research on stress and coping phenomena has been among the most widely studied topics in social and behavioral sciences during the past several decades Notwithstanding the authors in this book have expanded the base of stress and coping research by providing a valuable reference source that includes guidelines and frameworks as well as empirical findings related to the application of mixed methods approaches to the study of stress and coping This book is intended not only for stress and coping researchers but also for social and behavioral science researchers at various levels from students instructors and advisors to applied researchers research methodologists and theorists The 15 chapters are divided into three distinct sections The five chapters in Section I focus mainly on topics pertaining to the conceptual and theoretical aspects of mixed methods research in the study of stress and coping The five chapters in Section II address the major methodological issues of mixed methods research Section III presents five empirical studies of mixed methods research as applied to the field of stress and coping This book illustrates the perspectives of innovative interconnections in the application of mixed methods research to the study of stress and coping It also provides readers with new ways of designing and evaluating strategies and programs that aim to reduce stress and improve coping mechanisms *Sociology* Joan Ferrante,1992-04 **Sociology** Joan

Ferrante-Wallace,2013 **Microfinance** Jude L. Fernando,2004-08-02 Microfinance is a burgeoning area in economics This

volume provides a much needed historical political and economic dimension to current microfinance knowledge and fills a huge gap in published literature **Irm Soc in Changing World** Kornblum,2004-06 **Sg Soc in Times Ess** Kendall,2001-05 Written by Kathryn S Mueller of Baylor University each chapter of the Study Guide includes learning objectives key terms detailed chapter outlines diversity issues analysis of chapter boxes practice tests consisting of 20 25 multiple choice questions and 10 15 true false questions with rejoinders and page references as well as Internet and InfoTrac exercises and student class projects and activities to enhance student understanding of chapter concepts
