Teaching Gender and Sex in Contemporary America Kristin Haltinner, Ryanne Pilgeram, 2016-04-28 This book provides innovative pedagogy theory and strategies for college and university professors who seek effective methods and materials for teaching about gender and sex to today's students. It provides thoughtful reflections on the new struggles and opportunities instructors face in teaching gender and sex during what has been called the post feminist era. Building off its predecessor Teaching Race and Anti Racism in Contemporary America this book offers complementary classroom exercises for teachers that foster active and collaborative learning. Through reflecting on the gendered dimensions of the current political economic and cultural climate as well as presenting novel lesson plans and classroom activities Teaching Gender and Sex in Contemporary America is a valuable resource for educators.

Sweet Surrender Dennis Hiebert, 2013-07-09 Every culture has a way of perceiving and practicing marriage. Many contemporary Western Christians mistake what their culture prescribes regarding marriage with what the Bible portrays and thereby take as biblical what is merely cultural. Uncritical conformity to cultural imperatives of marriage then becomes a Christian virtue and a sweet surrender. Few recognize much less question this confusion even when its consequences are unhealthy. In Sweet Surrender Dennis Hiebert challenges Christians to comprehend what is cultural in their view of marriage, hold as optional what is not explicitly required by the Bible, and live out their marriages within the transcendent grace of God. Gaining greater awareness can free marriages from the control of culture for something more simply but deeply Christian. Marriages benefit when they are released from cultural directives that are not biblical callings even if they choose to retain them as cultural practices. This book is for Christians who are ready to rethink their assumptions about marriage.

**This Elusive Land** Melody Hessing, Rebecca Raglon, Catriona Sandilands, 2005 This Elusive Land provides an introduction to the literature about women and the environment in Canada. It looks at the ways in which women integrate the social and biophysical settings of their lives and features a range of contexts in which gender mediates, inspires, and informs a sense of belonging to and in this land. Drawing from geographical, historical, and cultural perspectives, the volume reveals the significance of women's experiences in various landscapes. Jacket

**Early Years Education and Care in Canada, Second Edition** Susan Jagger, 2025-05-26 Timely and thoroughly updated, the second edition of Early Years Education and Care in Canada explores the histories, philosophies, theories, and approaches that have shaped the ways that we teach and care for children in Canada. Featuring multiple voices and first-hand experiences in the field, contributions from Canadian academics and practitioners engage in theoretical and practical discussions on early childhood education and care. The new edition of this volume continues to provide readers with a map of the theoretical landscape of early years practice and research and explores newly added topics including common world pedagogies, reclaiming Indigenous family systems, supporting Black flourishing in early childhood education and care, critical feminist examination of play, and lived experiences of registered early childhood educators and the Early Childhood Education and

Care system Readers will explore where we have been where we are and where we might go in practice and research related to children and families making this a fundamental resource for all students practitioners and policymakers in early childhood education and care

Parrillo,2008-05-22 Social problems affect everyone Because so many actual and potential problems confront us it is often difficult to decide which ones affect us most severely Is it the threat of death or injury during a terrorist attack Is it the threat caused by industrial pollution that may poison us or destroy our physical environment Or does quiet but viciously damaging gender age class racial or ethnic discrimination have the most far reaching effect Do the problems of cities affect us if we live

in the suburbs Do poorer nations problems with overpopulation affect our quality of life The Encyclopedia of Social Problems offers an interdisciplinary perspective into many social issues that are a continuing concern in our lives whether we confront them on a personal local regional national or global level With more than 600 entries these two volumes cover all of the major theories approaches and contemporary issues in social problems and also provide insight into how social conditions get defined as social problems and the ways different people and organizations view and try to solve them Key Features Provides as comprehensive an approach as possible to this multifaceted field by using experts and scholars from 19 disciplines anthropology biology business chemistry communications criminal justice demography economics education environmental studies geography health history languages political science psychology social work sociology and women s studies Presents a truly international effort with contributors from 17 countries Argentina Australia Canada England France Germany Greece Hong Kong India Ireland Italy Kenya New Zealand Romania Scotland Turkey and the United States Addresses social problems that are fairly new such as computer crimes and identity theft and others that are centuries old such as poverty and prostitution Examines social problems differently from place to place and from one era to another Explains the perspectives and foundations of various social theories and offers different lenses to view the same reality Key Themes Aging and the Life Course Community Culture and Change Crime and Deviance Economics and Work Education Family Gender Inequality and Sexual Orientation Health Housing and Urbanization Politics Power and War Population and Environment Poverty and Social Class Race and Ethnic Relations Social Movements Social Theory Substance Abuse Readers investigating virtually any social problem will find a rich treasure of information and insights in this reference work making it a must have resource for any academic library

**The Mandates of the Church** Rich Ayo Adekoya, 2015-06-29 In this thought provoking and momentous book the author poses the questions what is the role of the church in our society and should there be any relationship between the state and the church for the development of the society and what could be the effect of such collaboration if there is any In asking on what bases is the church getting involved with the society he explores both the Biblical foundations and three major theories that have emerged about societies and social behaviour Particular attention is paid to the relationship between religion and social change to the case of the church in Lagos Nigeria as an agent of social and political change in society Using a thematic structure Richard Adekoya illustrates different roles the church can play in society especially in a democratic milieu for example humanity services educational development spiritual and moral development and social and ethical development He examines the various contributions of the churches in Nigeria right from the missionaries era to the contemporary dispensation The book basically proved that the church mandate is not limited to its evangelical obligations Its involvement in many aspects of peoples lives in society particularly the social and political aspects is part of its cultural mandate This is a challenging book rich in example and wide ranging in scope key ideas that so often appear impossible for the church to practice employment generation political leadership public enlightenment tackling

corruption in the polity here practically seem possible Richard Adekoyas excellent work tackles this set of issues in a very thorough way By looking at the issues through the lens of the Bible church history and sociological analysis he makes a powerful theological case for the involvement of the church in the societies in which it finds itself called to give a witness Understandably and helpfully there is a particular emphasis on Nigeria a nation which he knows well By choosing Nigeria as a kind of case history the broader general case is given a particular and penetrating illustration that strengthens his wider argument Dr Martin Robinson Principal ForMission College Birmingham UK      *Leadership Talk* Robyn Walker,Jolanta Aritz,2014-01-31 Traditionally management theories have taken a psychological approach to leadership often assuming that it is a personality trait located within an individual In contrast the discursive approach to leadership which is the focus of this book assumes that leadership is created through communication practices As a leader this book will provide you with an in depth look at an emerging approach to the study of business leadership that focuses on language as a vehicle for communicating leadership The authors explore a new definition of leadership as the expression of ideas in talk or in action that are recognized by others as capable of progressing tasks or solving problems The practical implication of this view of leadership suggests that leaders must constantly enact and communicate their relationship to their followers in such a way as to be recognized by them as a leader Inside you and future leaders will learn how to approach leadership more effectively as a communication practice that involves and depends upon the response of potential followers      **Translating Nations** Ye Tian,2024-12-30 This book critically examines the ways in which translation studies can offer a conceptual framework for understanding and researching international affairs drawing on examples from China s Belt and Road Initiative The volume encourages new conceptualisations of our understanding of culture and communication through the lens of translation re envisioning translation beyond the scope of the global circulation of cultural products Tian explores the case study of the Belt and Road Initiative to show how nation branding and soft power can be understood through a translational lens if we rethink of translation as the means by which cultures communicate and build relationships with each other while retaining their distinct dimensions In focusing on intertwining concepts across translation studies cultural studies and international relations universalism power identity and development the book showcases how it is a useful framework for understanding how translation studies can serve as a platform for multidisciplinary dialogue on a global scale This book will be of interest to scholars in translation studies cultural studies international relations and Asian studies
