The Danzig Trilogy Of Gunter Grass:

The Danzig Trilogy of Günter Grass John Reddick, 1960 Danzig Trilogy of Gunter Grass John Reddick, 1975 A critical examination of Grass's work offers overwhelming evidence that *Cat and Mouse* and *Dog Years* are part of a unified structure begun by *The Tin Drum* and that they continue to explore the same key figures, themes and symbols. A Helen and Kurt Wolff Book *The Danzig Trilogy* Günter Grass, 1987 *Cat and mouse* In an attempt to compensate for his unsightly Adam's apple Mahlke sets out to become a great athlete *The Tin Drum* Günter Grass, 1990 A dwarf drummer found guilty of a crime he did not commit writes his memoirs from a mental hospital in postwar Germany *Essays on Günter Grass's Danzig Trilogy* Daniel Miles Tillotson, 1990 **Through the Eyes of Children** Marsha Katherine Klein, 1994 *Nature and Landscape in the "Danzig Trilogy" of Gunter Grass* Marlene Piskorik Thywissen, 1985 **Nature and Landscape in the "Danzig Trilogy" of Günter Grass** Marlene Piskorik Thywissen, 1979 **Günter Grass and His Critics** Siegfried Mews, 2008 A comprehensive narrative overview and analysis of the criticism of the controversial German author's works. When the Swedish Academy announced that Günter Grass had been awarded the 1999 Nobel Prize for Literature it singled out his first novel *The Tin Drum* 1959 English translation 1963 as a seminal work that had signaled the postwar rebirth of German letters, auguring a new beginning after decades of linguistic and moral destruction. Nearly fifty years after its publication the novel's significance has been generally acknowledged; it is the uncontested favorite among Grass's works of fiction on the part of reading public and critics alike, yet its canonical status tends to obscure the decidedly mixed and even hostile reactions it initially elicited. Along with *The Tin Drum* Grass's impressive body of literary work since the 1950s has spawned a cottage industry of Grass criticism, making a reliable guide through the thicket of sometimes contradictory readings a definite desideratum. Siegfried Mews fills this lacuna in Grass scholarship by way of a detailed but succinct descriptive as well as analytical and evaluative overview of the scholarship from 1959 to 2005. Grass's politically motivated interventions in public discourse have kept him highly visible, blurring the boundaries between politics and aesthetics. Mews therefore examines not only academic criticism but also the daily and weekly press and other news media, providing additional insight into the reception of Grass's works. Siegfried Mews is Professor of German at the University of North Carolina at Chapel Hill.

The Politics of Remembrance in the Novels of Günter Grass Alex Donovan Cole, 2022-11-30 This manuscript argues for the importance of Günter Grass as a political thinker in addition to his status as a novelist and public intellectual capable of forming ethical responses to contemporary issues like neoliberalism and place of the petit bourgeoisie in social life. I define Grass's trajectory as a thinker through his novels and speeches. Primarily I draw attention to the role memory plays in Grass's thought that his work represented an intellectual and aesthetic response to the role Nazism continued to play in West German politics in the post-war era. To Grass Nazism represented a resurgent threat unaddressed following the end of World War II. Later Grass amended his concept of memory politics to address neoliberal capitalism, reiterating his radicalism and

affirming the need for German society to resist the rise of extreme ideologies
