

The Dark And Feeling

Richard Bailey

The Dark And Feeling:

Feeling in the Dark Victoria RenéE Manley, 2012-05 Torianey Heckstall's personal philosophy says it all Feeling in the dark is a metaphor for how she feels when she makes the most of the decisions in her life Life is a random cascade of experiences and opportunities or so she thought On a whim she decides to upgrade a night she's taking to first class never daring to imagine that this one seemingly random decision would change her life in ways she could only once dream of Sitting next to her is the man who will change her life Que Shaune Guadau II is the owner of a billion dollar oil corporation founded by his father But even he knows that money can't buy him everything he craves and he's too distracted to realize that the beautiful stranger next to him in first class could change his life too Shaune and Tory made a deal with each other that will change both their lives forever Tory was never a woman to go back on her own rules even so Shaune's relentlessness would soon make her question her unshakeable moral core And he will do whatever it takes to convince her that he is the man for her Neither is able to abandon the sexy dirty cat and mouse games and this creates a problem for Shaune's best friend Marcus Swain Jealous and vindictive Marcus controls a game of his own in which the two become unwitting players Soon he engineers a tumultuous rift between them Now it's a race to see which game is the more powerful seduction or sabotage

MIROBOLANT FEELINGS: THE DARKNESS OF LOVE Georgeta Blendea Zamfir, 2016-11-07 The presentation of the book *Mirobolant Feelings* written by Georgeta Blendea Zamfir Doctor Honoris Causa nominated for the Nobel Prize The book includes 4 micro novels I think that the reader from nowadays will find in an artistic sublime concentration essences in every micro novel There is also a link of the micro novels a mandala how the critics accentuated namely the solar love It was stated that nobody from the literature presented the physical and ideal love as I did in this book The optimistic theories of the personal development that I acquired highlights the possibility of a world full of happiness The readers said to me that they have learned to be happy by reading *Mirobolant Feelings* The nature with its greatness is a link of the micro novels The numbers theory will delight in parallel lives the last micro novel from the book with a new and charming vision of love My femininity does not stop me to register in the horizon of the male pen as the big critic highlighted the Romanian academician Constantin Ciopraga

I See More Clearly in the Dark Vanessa Holyoak, 2023-05-15 *I See More Clearly in the Dark* chronicles the experiences of a narrator referred to only as I as she wanders a dystopian near future drained of life sustaining darkness the kind that Japanese novelist Junichirō Tanizaki imagines beneath trees that stand deep in the forest This ethical and ecological desecration is lived out simultaneously by a parallel I an amorphous prehistoric or posthuman body living and dreaming in a lush and tenebrous wilderness The government has decided to wipe out national forests to install brilliant homogenous resorts in which citizens are obliged to live under conditions of total illumination the forest's expansive darkness remaining only as a memory and haunting source of imagination When her lover is relocated as part of this Resort Plan I is left to mourn a present emptied of intimacy or future from her home in the city of P based loosely

on Paris Ville Lumi re before escaping to the edge of the forest to seek out the darkness that might remain Potent damp fecundly poetic tapping ancient crawlspaces and communal future logics both with lean trancey prose a treatise on darkness as urgent vital recalibration for the late capitalist surveillance show and its suite of ever expanding horrors Jess Arndt author of Large Animals This beautiful book exercises a delicate muscle weak from habitual disuse the ability to see while eliding the snare of being constantly on view Alexandra Kleeman author of Something New Under the Sun A parable on the tyranny of visibility Holyoak s vivid evocative prose confronts readers with a radically embodied subjectivity John Miller artist and writer Damning and redemptive within its symbiotic apocalypse a relic waiting to be born Jon Wagner poet theorist translator

The Heart of the Matter Joffre McClung, 2017-03-22 You can do all the programming and techniques you want to get a better life but if you dont love yourself it will not change a damn thing You will still feel the same way about yourself tomorrow and the day after that and the day after that The bottom line is the most important relationship you will ever have is the relationship you have with yourself This relationship can be a rewarding one when rooted in self love or it can be toxic when not So what is self love Why is it so important And most importantly how do you find it The Heart of the Matter answers these questions and more It takes the esoteric concept of self love and makes it accessible by clearly defining the three necessary components of self love Learn how to reconnect to these components by Discovering the transformational tools that are available within Learning how to use these tools to uncover what you really think and feel about yourself and the world around you and more importantly why Transforming the wounded parts of self that have been separated from this love through practical steps and exercises for healing and forgiving the past Empowering yourself to make more loving and conscious choices about what you believe and therefore what you will feel and experience We all are searching for more love in our lives The Heart of the Matter not only shows you where to look but also gives you a roadmap on how to get there

Waking Up to the Dark Clark Strand, 2015 A modern gospel that is an investigation of the relationship between darkness and the soul The darkness Clark Strand is talking about here is literal the darkness of the nighttime of a world before electricity when there was a rhythm to life that followed the sun s rising and setting Strand here offers penetrating insight into the spiritual enrichment that can be found when we pull the plug on our billion watt culture He argues that the insomnia so many of us experience as the Hour of the Wolf is really the Hour of God a wellspring of rest and renewal and an ancient reservoir of ancestral wisdom and inspiration On the Darkness of Will Nicola

Masciandaro, 2019-02-01 T00:00:00+01:00 For the will desires not to be dark and this very desire causes the darkness Jacob Boehme Moving through the fundamental question of this paradox this book offers a constellation of theoretical and critical essays that shed light on the darkness of the will its obscurity to itself Through indepth analysis of medieval and modern sources Augustine Pseudo Dionysius Eriugena Dante Meister Eckhart Chaucer Nietzsche Cioran Meher Baba this volume interrogates the nature and meaning of the will along seven modes spontaneity potentiality sorrow matter vision eros and

sacrifice These multiple lines of inquiry are finally presented to coalesce around one fundamental point of agreement the will says yes yet only a will that knows how to say no to itself entering the silence of its own darkness will ever be free ,
