The Determinants And Consequences Of Trade Restrictions In The Us Economy:

The Determinants and Consequences of Trade Restrictions in the U.S. Economy Victor A. Canto,1986 **The Determinants and Consequences of Trade Restrictions in the U.S. Economy** Victor A. Canto,1986 Black Hole Tariffs and Endogenous Policy Theory Stephen P. Magee,William A. Brock,Leslie Young,1989-08-25 An example of special interest protection is provided by this study s general equilibrium theory that explains income distribution with goods markets factor markets lobbies political parties and voters all pursuing their self interests *Economic Disturbances and Equilibrium in an Integrated Global Economy* Victor A. Canto,2018-04-19 Economic Disturbances and Equilibrium in an Integrated Global Economy Investment Insights and Policy Analysis helps readers develop a framework for analyzing economic events and make better more consistent decisions Victor Canto presents the theoretical building blocks that make up the overall framework then expands the framework to tackle more complex problems applying additional considerations to actual policy or investment issues Drawing upon the most recent trends in monetary policy and international economics the book offers sustained direct engagement with the main research question and makes innovative use of the simple concepts of supply and demand to illuminate modern finance literature The book succeeds by highlighting the often forgotten interconnectedness of different economic processes How do we respond to a change in policy or an economic shock Are all the expected changes to the general equilibrium consistent with each other Helps readers build an intellectual framework that enables them to interpret articles in the financial press and policy decisions in a logical and consistent manner Differs from other books by eschewing partial equilibria analyses and instead providing a general equilibrium perspective useful for investors and policy makers Provides supporting data on a freely accessible website so readers can test and replicate results

The Political Economy of U.S. Tariffs Réal P. Lavergne,2014-05-12 The Political Economy of U S Tariffs An Empirical Analysis provides information pertinent to the political economy of trade barriers This book discusses the cross sectional regression analysis across industries to understand why some industries have been more privileged than others Organized into seven chapters this book begins with an overview of the structure of protection and identifies the primary actors or principles that condition the formation of trade policy more generally This text then evaluates the institutional and theoretical reasons why political leverage should not be expected to play a significant role in explaining tariffs Other chapters consider the notion that the structure of protection at any point in time represents some sort of equilibrium This book discusses as well the distinction between nominal and effective tariffs The final chapter deals with individual regressors and groups of regressors This book is a valuable resource for economists and specialists in quantitative analysis **The Impact of Trade Agreements: Effect of the Tokyo Round, U.S.-Israel FTA, U.S.-Canada FTA, NAFTA, and the Uruguay Round on the U.S. Economy, Inv. TA-2111-1 , MTN Studies: An Economic analysis of the effects of the Tokyo round of Multilateral Trade negotiations on the United States and the other major industrialized**
