The Dialogues Of Athing Other Poems:

The Dialogues of Athing & Other Poems Harold Holden, 1993 *The Poetry Circuit* Peter B. Howarth, 2024-09-17 Live performance has changed poetry more than anything else in the last hundred years it has given poets new audiences and a new economy and it has generated new styles from Imagism to confessional to contemporary Spoken Word But the creative impact that public reading had right through the twentieth century has not been well understood Mixing close listening to archive performances with intimate histories of modernist venues and promoters The Poetry Circuit tells the story of how poets met their audience again and how the feedback loops between their voices the venues and the occasions turned poems into running dramas between poet and listener A nervous T S Eliot reveals himself to be anything but impersonal while Marianne Moore's accident prone readings become subtle ways of keeping her poems in constant re draft Robert Frost used his poems to spar with his fans and rivals while Langston Hughes wrote Ask Your Mama to expose the prejudice circulating in the room as he spoke it The Poetry Circuit also shows how the post war reading boom made new kinds of poetry involving their audience and setting in the performance such as John Ashbery's anti charismatic Poets Theatre Amiri Baraka's documentary soundtracks of the streets or the confessional readings of Allen Ginsberg which shame the listeners more than the poet Covering the first seventy years of the poetry reading The Poetry Circuit demonstrates that there never were page and stage poets the reading simply changed what every modern poet could do *What Kind of a Thing Is a Middle English Lyric?* Cristina Maria Cervone, Nicholas Watson, 2022-08-30 What Kind of a Thing Is a Middle English Lyric considers issues pertaining to a corpus of several hundred short poems written in Middle English between the twelfth and early fifteenth centuries The chapters draw on perspectives from varied disciplines including literary criticism musicology art history and cognitive science Since the early 1900s the poems have been categorized as lyrics the term now used for most kinds of short poetry yet neither the difficulties nor the promise of this treatment have received enough attention In one way the book argues considering these poems to be lyrics obscures much of what is interesting about them Since the nineteenth century lyrics have been thought of as subjective and best read without reference to cultural context yet nonetheless they are taken to form a distinct literary tradition Since Middle English short poems are often communal and usually spoken sung and or danced this lyric template is not a good fit In another way however the very differences between these poems and the later ones on which current debates about the lyric still focus suggest they have much to offer those debates and vice versa As its title suggests this book thus goes back to the basics asking fundamental questions about what these poems are how they function formally and culturally how they are and are not related to other bodies of short poetry and how they might illuminate and be illuminated by contemporary lyric scholarship Eleven chapters by medievalists and two responses by modernists all in careful conversation with one another reflect on these questions and suggest very different answers The editors introduction synthesizes these answers by suggesting that these poems can most usefully be read as a kind of play in

several senses of that word The book ends with eight new Middle English lyrics by seven contemporary poets **Poetry in Dialogue in the Duecento and Dante** David Bowe,2020-11-20 Poetry in Dialogue in the Duecento and Dante provides a new perspective on the highly networked literary landscape of thirteenth and fourteenth century Italy It demonstrates the fundamental role of dialogue between and within texts in the works of four poets who represent some of the major developments in early Italian literature Guittone d Arezzo Guido Guinizzelli Guido Cavalcanti and Dante Rather than reading the cultural landscape through the lens of Dante s works significant though they may be the first part of this study reconstructs the rich network of literary especially poetic dialogue that was at the heart of medieval writing in Italy The second part uses this reconstruction to demonstrate Dante s engagement with and indebtedness to the dynamics of exchange that characterised the practice of medieval Italian poets The overall argument for the centrality of dialogic processes to the emerging Italian literary tradition is underpinned by a conceptualisation of dialogue in relation to medieval and modern literary theory and philosophy of language By triangulating between Brunetto Latini s *Rettorica* Mikhail Bakhtin s dialogism and as sense of performative speech adapted from J L Austin Poetry in Dialogue shows the openness of its corpus to new dialogues and interpretations highlighting the instabilities of even the most apparently fixed monumental texts Poetry and Its Others Jahan Ramazani,2022-12-22 What is poetry Often it is understood as a largely self enclosed verbal system suspended from any mutual interaction with alien discourse in the words of Mikhail Bakhtin But in Poetry and Its Others Jahan Ramazani reveals modern and contemporary poetry s animated dialogue with other genres and discourses Poetry generates rich new possibilities he argues by absorbing and contending with its near verbal relatives Exploring poetry s vibrant exchanges with other forms of writing Ramazani shows how poetry assimilates features of prose fiction but differentiates itself from novelistic realism metabolizes aspects of theory and philosophy but refuses their abstract procedures and recognizes itself in the verbal precision of the law even as it separates itself from the law s rationalism But poetry s most frequent interlocutors he demonstrates are news prayer and song Poets such as William Carlos Williams and W H Auden refashioned poetry to absorb the news while expanding its contexts T S Eliot and Charles Wright drew on the intimacy of prayer though resisting its limits and Paul Muldoon Rae Armantrout and Patience Agbabi have played with and against song lyrics and techniques Encompassing a cultural and stylistic range of writing unsurpassed by other studies of poetry Poetry and Its Others shows that we understand what poetry is by examining its interplay with what it is not *THE RUDE AWAKENING OF SPOKEN WORD POETRY'S, QUOTES AND DREAMS!* NATALIE R RAMOS REED,2019-03-04 This Incredible Outstanding Poetry and Quotes Book was written to Inspire both Young and Old Readers of all Cultural Ethnic Backgrounds It entails actual feelings and events of things that are currently taking place around the world and within the walls of our families and friends It is an eye opener of mixed genre and emotions that each and everyone can relate to surrounding their past and present lifestyles So brace yourself relax and allow me the Author to control your inner thoughts
