The Day Guernica Died:

The Day Guernica Died Gordon Thomas, Max Morgan Witts, 1975-01-01 Om tyske luftvåbens massakre på den spanske landsby Guernica under Den Spanske Borgerkrig 1936-39 Appendix om jernvidner til bombardementet s. 300-304 **The Dark Valley** Piers Brendon, 2007-12-18 The 1930s were perhaps the seminal decade in twentieth century history a dark time of global depression that displaced millions paralyzed the liberal democracies gave rise to totalitarian regimes and ultimately led to the Second World War In this sweeping history Piers Brendon brings the tragic dismal days of the 1930s to life From Stalinist pogroms to New Deal programs Brendon re-creates the full scope of a slow international descent towards war Offering perfect sketches of the players riveting descriptions of major events and crises and telling details from everyday life he offers both a grand rousing narrative and an intimate portrait of an era that make sense out of the fascinating complicated and profoundly influential years of the 1930s **World Fascism** Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale *World Fascism A Historical Encyclopedia* covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal **The Battle for Spain** Antony Beevor, 2006-06-01 A fresh and acclaimed account of the Spanish Civil War by the bestselling author of *Stalingrad* and *The Battle of Arnhem* To mark the 70th anniversary of the Spanish Civil War's outbreak Antony Beevor has written a completely updated and revised account of one of the most bitter and hard fought wars of the twentieth century With new material gleaned from the Russian archives and numerous other sources this brisk and accessible book Spain's 1 bestseller for twelve weeks provides a balanced and penetrating perspective explaining the tensions that led to this terrible overture to World War II and affording new insights into the war its causes course and consequences **The Making of the Second World War** Anthony P. Adamthwaite, 2013-08-21 First published in 1979 In this text the Adamthwaite aims at leading students through the maze of documentation surrounding the Second World War His book combines a critical assessment of recent research and writing

with a painstaking selection of the key documents needed for a clear understanding of the policies that led to war. It contains the first student selection of British, French, German, Italian, and Soviet documents, many of which are translated for the first time. Though emphasis falls on the years 1935-9, material is also included for the period 1929-35. **Voices in the Silence** Gordon Thomas, 2014-07-01 Only operative David Morton can destroy a Russian-made weapon that can control the US president's mind from the New York Times bestselling author David Morton and his new Hammer Force, an intelligence agency created by the United Nations after the carnage in Bosnia. Have a formidable task. To avert a world crisis, they must win a deadly, invisible battle for control of the mind of the president of the United States. A weapon has been created by the former Soviet Union's most brilliant scientist, Professor Igor Tamasara, that is designed to trigger responses in the president that will pit the United States and Japan against each other, leading to World War III. From that conflict, Tamasara's new paymaster, China, will emerge as the superpower of the twenty-first century. Set against the background of Washington, Beijing, and Hong Kong, this highly original and totally credible futuristic thriller builds to a climax of nail-biting suspense. Once more showing an astonishing command of the inner workings of international politics and the world of secret intelligence, Gordon Thomas has created a first-rate work of fiction featuring unforgettable characters. Morton is a character who could have been created by Forsyth, Le Carré, or Ludlum. You will read any of his adventures in one sitting. *Le Monde* **Deadly Perfume** Gordon Thomas, 2014-07-01 In this breakneck thriller, the New York Times bestselling author introduces Mossad agent David Morton, a man as dangerous as the terrorists he hunts. In the aftermath of the 1990-1991 Gulf War, a megalomaniac terrorist holds the world hostage, threatening to poison every major city with a deadly virus. He has the means: a form of anthrax capable of wiping out millions in minutes and demonstrates its potency by adding a small vial of it to the drinking water in a small South African town, killing all of the inhabitants. With only seven days to meet his demands, the world's leaders call on David Morton, a brilliant and ruthless Mossad agent. The result is a tense global chase leading from China to Athens, London, Libya, South Africa, Tel Aviv, and New York, drawing good and evil closer and closer in a battle to the death. *Deadly Perfume* penetrates the real world of intelligence gathering to reveal its secret subculture with its hidden loyalties and agendas. Gordon Thomas has imagined a world so terrifyingly real that it poses the question: Is it imagined at all? A horribly convincing thriller. Intelligence agent David Morton deals with the psychodynamics of terrorism with modern technology at his fingertips and the ears of Western politicians at his command. I was left hoping that we have some real Mortons at our disposal. *Daily Mail* **Memory and Amnesia** Paloma Aguilar Fernández, 2002-08 Using a rich variety of sources, this book explores how the historical memory of the Spanish Civil War influenced the transition to democracy in Spain after Franco's death in 1975. **The Pope's Jews** Gordon Thomas, 2012-10-02 This revelatory account of how the Vatican saved thousands of Jews during WWII shows why history must exonerate Hitler's Pope. Accused of being silent during the Holocaust, Pope Pius XII and the Vatican of World War II are now exonerated in Gordon Thomas's newest investigative work *The Pope's Jews*. Thomas's careful

research into new first hand accounts reveal an underground network of priests nuns and citizens that risked their lives daily to protect Roman Jews Investigating assassination plots conspiracies and secret conversions Thomas unveils faked documentation quarantines and more extraordinary actions taken by Catholics and the Vatican The Pope s Jews finally answers the great moral question of the War Why did Pope Pius XII refuse to condemn the genocide of Europe s Jews

Spain's Civil War Harry Browne, 2014-09-25 This study offers a succinct analysis of a critical period in Spain s history It assesses the causes and course of the Civil War and covers Franco s New Spain For the Second Edition there is a fuller examination of the politics of the Second Republic and the regional and social bases of Spain s political parties There is also a more detailed account of the military conduct of the war and of the extent of international involvement
