Susan Weissman

The Dead Magician:

The Dead Magician Evelin E. Sullivan, 1988 In this dazzling debut Evelin E Sullivan has written a novel in the form of a literary biography that will permanently color the way we read biographies Charles Butler a smug and slightly comical Professor of English sets out to write the life of novelist Gregory Horace Bodamien his poverty stricken childhood in England his formative years at a Southern university his eventual literary and sexual successes and the grisly crime that brings his career to a halt Interviewing Bodamien in his prison cell Butler learns of Gregory s English father hounded by failure into insanity his strong American mother who kept the family together his older brother Adam a talented but heartless surgeon Elizabeth whom Gregory courts only to lose her to Adam and Lizzy the daughter claimed by both brothers whose untimely end precipitates the final crisis While vividly unfolding this fascinating life Butler indulges in occasional autobiographical digressions brief and apt at first but gradually revealing a tormented soul whose objective account of Bodamien s life must therefore be reconsidered by the reader Yet another account of that life is offered by the manuscript Gregory leaves behind **The Case of the Dead Magician** Begun as a parody of the detective novel the tantalizing fragment shows stylistic

incongruities that track the author s attempt to tell his own version of his troubled end In addition to exploring in his story his brother s murder and reinventing the past the novelist also makes outrageous use of his biographer with hilarious and disturbing consequences **The Magicians: The Dead Of Night** Rachel Lawson, 2023-12-17 The night was still and quiet all seemed the same for the ghost of the hotel I would be another boring night roam for her she foresaw Until the silence was broken by a man screaming She wandered to the room the scream came from It was the room she was murdered in When she got there she found a man looking terrified at a grey alien He had apparently awoken and seen the alien about to abduct him The ghost was nice so she felt there was only one thing to do to scare away the alien and save the man All is not as it seems how will this end **The Magician's Nephew** Aurand Harris, William A, 1984 Our hardcover and paperback digest

editions of **THE CHRONICLES OF NARNIA** are now graced with new jacket and cover art by 2 time Caldecott medalist David Wiesner **The Magician'S Quest: the Mage Knight** Peter Krivinskas, 2015-03-31 What does a Magician do when he can have as many lives as he wishes to have but is tired of living the life of a Magician He makes himself a knight Sir Stefan experiences the joys and sorrows of living as a knight when he fights against an evil King in his quest to restore the balance between good and evil in his world His new life finds him romancing a Queen and her maid leading armies combatting Assassins and seeking vengeance **A Magician's Tour, Up and Down and Round about the Earth** Harry Kellar, 1890

Final Judgement and the Dead in Medieval Jewish Thought Susan Weissman, 2020-07-23 Through a detailed analysis of ghost tales in the Ashkenazi pietistic work *Sefer asidim* Susan Weissman documents a major transformation in Jewish attitudes and practices regarding the dead and the afterlife that took place between the rabbinic period and medieval times She reveals that a huge influx of Germano Christian beliefs customs and fears relating to the dead and the afterlife seeped

into medieval Ashkenazi society among both elite and popular groups In matters of sin penance and posthumous punishment the infiltration of Christian notions was so strong as to effect a radical departure in Pietist thinking from rabbinic thought and to spur outright contradiction of talmudic principles regarding the realm of the hereafter Although it is primarily a study of the culture of a medieval Jewish enclave this book demonstrates how seminal beliefs of medieval Christendom and monastic ideals could take root in a society with contrary religious values even in the realm of doctrinal belief **The Malay Magician** R. O. Winstedt,2024-03-01 First published in 1951 The Malay Magician employs historical and comparative data to unravel the different elements pagan Hindu and Muslim in a complex system of Malay magic as it exists in the Federation of Malay in general and more specifically as it exists in the Malay States of Kelantan Perak Pahang Selangor and Negri Sembilan Tied up with the concept of magic is the Malay magician whose many functions and roles in the society are discussed in detail This book will be of interest to students of anthropology sociology history and cultural studies **Magic and Magicians in the Greco-Roman World** Matthew W Dickie,Matthew W. Dickie,2003-09-02 This study is the first to assemble the evidence for the existence of sorcerors in the ancient world it also addresses the question of their identity and social origins The resulting investigation takes us to the underside of Greek and Roman society into a world of wandering holy men and women conjurors and wonder workers and into the lives of prostitutes procuresses charioteers and theatrical performers This fascinating reconstruction of the careers of witches and sorcerors allows us to see into previously inaccessible areas of Greco Roman life Compelling for both its detail and clarity and with an extraordinarily revealing breadth of evidence employed it will be an essential resource for anyone studying ancient magic *The Magician's Accomplice* Michael Genelin,2010 Devastated by her lover s death in an explosion on the same day an indigent student was shot and killed in sleepy Bratislava Jana Mantiova is transferred to The Hague headquarters of the international police force Europol On the flight she encounters a retired magician the dead student s uncle who is determined to help Jana investigate his nephew s death And his help is indeed needed as Jana faces an international criminal conspiracy emanating from Europol itself **Magician's Magic** Paul Curry,2012-09-19 This book by a magician s magician discloses the secrets behind a collection of close up marvels including the author s Out of the World reputed to be the best card trick of the past century
