Donald A. Norman, a popular design consultant to car manufacturers, computer companies and other industrial and design outfits, has seen the future and is worried. In this long-awaited follow-up to *The Design of Everyday Things*, he points out what's going wrong with the wave of products just coming on the market and some that are on drawing boards everywhere, from smart cars and homes that seek to anticipate a user's every need to the latest automatic navigational systems. Norman builds on this critique to offer a consumer-oriented theory of natural human-machine interaction that can be put into practice by the engineers and industrial designers of tomorrow's thinking machines. This is a consumer-oriented look at the perils and promise of the smart objects of the future and a cautionary tale for designers of these objects many of which are already in use or development. *Emotional Design* Donald A. Norman, 2007

Did you ever wonder why cheap wine tastes better in fancy glasses? Why sales of Macintosh computers soared when Apple introduced the colorful iMac? New research on emotion and cognition has shown that attractive things really do work better, as Donald Norman amply demonstrates in this fascinating book which has garnered acclaim everywhere from *Scientific American* to *The New Yorker*. *Emotional Design* articulates the profound influence of the feelings that objects evoke from our willingness to spend thousands of dollars on Gucci bags and Rolex watches to the impact of emotion on the everyday objects of tomorrow. Norman draws on a wealth of examples and the latest scientific insights to present a bold exploration of the objects in our everyday world. *Emotional Design* will appeal not only to designers and manufacturers but also to managers, psychologists and general readers who love to think about their stuff. *The Design of Everyday Things* D. A. Norman, 2002

The design of Everyday Things How smart design is the new competitive frontier by Don Norman. Who has never been annoyed by a product, notice or lost patience in front of an everyday object that just wouldn't cooperate? It can take a toll on our pride. However, it is not our abilities that are at stake. The primary purpose of design is to make objects intelligible and to make everyday life easier. This not only requires logic but also a fair understanding of human psychology. Why read this summary? Save time. Understand the key concepts.
