The Diane Game:

The Diane Game Stanley Cohen, 1973 The Diane Game Stanley Cohen, 2000-09-01 Ann and Diane are twins both beautiful. As children they had often played at switching identities to confuse the grownups. When Diane is killed in a car crash on the way back from the airport, Ann cannot resist the temptation of her sister's exciting life. She decides to play the Diane Game this time for good. But she is not prepared for the ultimate chilling consequences of the Diane Game: that by pretending to be Diane she actually becomes Diane.

Master of the Game William Tepper, 2004-09 Simon is not your usual deviant killer. He chooses his prey carefully, patiently watching, waiting until he knows her every move. Simon is a coworker, a friend. She likes him, trusts him. Then one day she simply disappears and a horrible new world awaits her. And that was before Simon became angry. Now he challenges the FBI to a diabolical and deadly game. To John Hightower, the FBI's best, falls the task of stopping the mayhem. Simon enlists Frank Wycheck, a talented reporter, to chronicle the play. And for each of these players the Game becomes more personal than they ever could have imagined.

The World of Scary Video Games Bernard Perron, 2018-05-31 As for film and literature, the horror genre has been very popular in the video game. The World of Scary Video Games provides a comprehensive overview of the videoludic horror dealing with the games labelled as survival horror as well as the mainstream and independent works associated with the genre. It examines the ways in which video games have elicited horror, terror, and fear since Haunted House 1981. Bernard Perron combines an historical account with a theoretical approach in order to offer a broad history of the genre, outline its formal singularities, and explore its principal issues. It studies the most important games and game series from Haunted House 1981 to Alone in the Dark 1992, Resident Evil 1996, Silent Hill 1999, Fatal Frame 2001, Dead Space 2008, Amnesia: The Dark Descent 2010, and The Evil Within 2014. Accessibly written, The World of Scary Video Games helps the reader to trace the history of an important genre of the video game.

The Olatha Prophecy Book 1 Clyde Thomas Erikson, 2004-10 This story is about a group of teenagers, six girls and one boy, who become involved with the beginnings of the fulfillment of a very old prophecy. This book follows the day-to-day lives of the group of girls as they travel on a passenger cargo ship to the planet Olatha. This is a story about life, so there are boring repetitions, laughter, conflicts, arguments, and sexual intimacy. The initial character Diane Lin Sussette was intrigued by the prophecy that she came upon, but she hadn't any idea how it would affect her personally.
