Hult, Kendall A. King, 2011 Reflecting and expanding on Nancy Hornberger s ground breaking contributions to the field of educational linguistics this volume presents new research by leading international scholars and cutting edge syntheses of the fields of bilingual education biliteracy and language policy *The Multiple Faces of Agency*, 2008-01-01 This timely edited volume examines the education of children and youth in urban settings and offers compelling

alternatives for successfully engaging them in school learning Urban schools serve a large proportion of students who are poor of color and speakers of languages other than English The multiple faces of agency Innovative strategies for effecting change in urban school contexts is a new and significant addition to the literature in urban education The editor of the book and contributing scholars are to be commended for assembling such an exciting collection of innovative research for publication The volume s central message the power of human agency may help transform teaching and learning in urban schools If this happens urban school children and youth who deserve better than they have received to date stand to benefit the most from this work

Understanding Literacy in Its Historical Contexts Harvey J. Graff, Alison Mackinnon, Bengt Sandin, Ian Winchester, 2009-01-10 In this detailed study of the history of universal literacy in Sweden a group of renowned scholars review and explore the possibilities for the wider circulation and broader application of central dimensions of the early literacy studies expounding upon the work of the Swedish Lutheran pastor and pioneering social historian Egil Johansson Working initially with parish registers especially examination registers from northern Sweden Johansson discovered the extraordinary usefulness of these documents to determine how literacy in Sweden occurred well before any other European nation despite the fact that Sweden was industrialized about 100 years later than the European norm Egil Johansson also developed imaginative data analysis techniques that help historians around the world to better picture the complete human cast of the past With the help of numerous contributors Johansson founded a giant database of church records and other information which now can help the understanding of preindustrial society Johansson s work spans over many aspects of literacy and social history and their respective relation to religion and gender

Literacy and Development Brian V. Street, 2002-11-01 Literacy and Development is a collection of case studies of literacy projects around the world The contributors present their in depth studies of everyday uses and meanings of literacy and of the literacy programmes that have been developed to enhance them Arguing that ethnographic research can and should inform literacy policy in developing countries the book extends current theory and itself contributes to policy making and programme building A large cross section of society is covered with chapters on Women s literacy in Pakistan Ghana and Rural Mali literacy in village Iran and an Older Peoples Literacy Project This international collection includes case studies from Peru Pakistan India South Africa Bangladesh Mali Nepal Iran Eritrea Ghana

The Routledge Companion to English Studies Constant Leung, Brian V Street, 2014-03-14 English is now a global phenomenon no longer defined by fixed territorial cultural and social functions The Routledge Companion to English Studies provides an authoritative overview of the subject area Taking into account the changing conceptualisations of English this Companion considers both historical trajectories and contemporary perspectives whilst also showcasing the state of the art contributions made by the established scholars of the field The Routledge Companion to English Studies provides a set of broad perspectives on English as a subject of study and research highlights the importance of the link between English and other languages within the concepts of multilingualism

and polylingualism investigates the use of language in communication through the medium of digital technology covering key issues such as Digital Literacies Multimodal Literacies and Games and Broadcast Language explores the role of English in education taking account of social ethnographic and global perspectives on pedagogical issues This collection of thirty four newly commissioned articles provides a comprehensive and up to date picture of the dynamic and diverse field of English Studies and will be an invaluable text for advanced students and researchers in this area **Improving Learning in**

College Roz Ivanic, Richard Edwards, David Barton, Marilyn Martin-Jones, Zoe Fowler, Buddug Hughes, Greg Mannion, Kate Miller, Candice Satchwell, June Smith, 2009-03-04 This book explores the reading and writing associated with learning subjects across the college curriculum and considers ways of changing teaching practices to enable students to reach their full potential **School's Out** Glynda A. Hull, Katherine Schultz, 2002 This timely book uses research on literacy outside of

school to challenge how we think about literacy inside of school Bringing together highly respected literacy researchers this volume bridges the divide in the literature between formal education and the many informal settings such as homes community organizations and after school programs in which literacy learning flourishes To help link research findings with teaching practices each chapter includes a response from classroom teachers K 12 and literacy educators This book s unique blending of perspectives will have a profound effect on how literacy will be taught in school **Literacy and Education** Uta

Papen, 2015-07-16 Literacy is a perennial hot topic in Britain and other English speaking countries Concerns about falling standards and a literacy crisis are frequently raised In response governments initiate new policies and teaching guidelines This book addresses the current policies practices and media debates in England the US Scotland and Australia Literacy and Education examines How literacy is taught to children in primary schools The place of phonics in current policies and the arguments made for and against it How teachers deliver phonics lessons and how children engage with the method The range of literacy practices children engage with throughout the school day and how they contribute to literacy learning The contributions a social and critical perspective on literacy can make to current debates regarding teaching strategies A wide range of research conducted in the UK North America Australia and other countries Bringing together policy practice and public debate and drawing on the author s extensive research in a primary school this essential new textbook provides questions and tasks for readers to engage with Literacy and Education is ideal for advanced undergraduate and postgraduate students of literacy and education and students on PGCE courses It will also be of interest to researchers and teachers
