Summary and Analysis Black Book,2018-11-29 The Six Figure Woman Women today are raking in the profits and making more money than ever before The high earners include entrepreneurs corporate executives professionals and even part timers Chances of high incomes are increasing faster than men s From 1996 to 1998 the number of high earning females shot up 68% versus 36% for men It s a fact We ve entered the era of the six figure woman Still fewer than 20% of six figure earners are female and most women remain sorely underpaid Stanny talked with more than 150 high earning women in researching this book and they were surprisingly candid about their personal and professional lives Up until writing a book on how women can get smart with their money Stanny was financially oblivious clinging to her father s worldview that managing money was a man s job But these conversations with financially savvy women changed everything I now invest with confidence Despite their desire to want to start investing many women do not think they can cobble together enough money to do so They don t even consider the possibility that they can make more money eluding to a string of excuses They view making more money as an impossible task That s exactly how I used to feel But all that has changed since I learned the

secrets of the six figure women I interviewed My income soared before I even finished writing the book For more information click on BUY BUTTON
