## **Sketchbook By Egon Schiele:**

**A Sketchbook by Egon Schiele** Egon Schiele, Renée Price, Janis Staggs, Diana C. Stoll, Neue Galerie New York, 2005

A Sketchbook by Egon Schiele Egon Schiele, 1967      **Facsimile edition of sketchbook by Egon Schiele** Egon Schiele, 1967      A Sketchbook by Egon Schiele Otto Kallir, 1967      **Sketchbook** Atelier Du Musee, 2019-06-29      **The Sketchbook** Gerd Presler, 2017-06-01

Sketchbooks are an outstanding feature in more than a few exhibitions they have a downright prominent place in showcases above them monitors where all sheets can be seen on touch screens a visual pleasure and an exciting event Unfortunately however many people continue to be rather baffled by sketchbooks What goes on there Most are convinced that the purpose of a sketchbook is to prepare for a work typically a painting Its pages contain impressions of a preliminary nature sketched in a few strokes which are completed at another time and another place But things have changed and this is a development we have to examine at long last in greater depth sketchbooks can accomplish more they plough a field other than that of pre liminary To date there is no publication that explores their true significance within the creative process Is it not called for to take a close look at the weight artists attach to the silent companion in their jacket pocket This is the purpose of this book

**Sketchbooks** Christian M. Nebehay, Egon Schiele, 1989 Few of Egon Schiele's sketchbooks are known to have survived intact many were dismantled after his death and their pages sold individually Reproduced here for the first time ever in their entirety are all thirteen of the complete books now preserved in public collections in Vienna They date from 1911 to 1918 the last and most important years of the artist's short life To place the sketchbooks in their context in Schiele's oeuvre and to give a comprehensive view of his output more than a hundred of his finished paintings watercolors and gouaches are presented in full color alongside their related studies Accompanying the reproductions are illuminating excerpts from Schiele's correspondence and other contemporary sources which shed penetrating light on the artist's intimate life
