Naydan, 2016-05-23 *Rhetorics of Religion in American Fiction* considers the way in which contemporary American authors address the subject of belief in the post 9 11 Age of Terror Naydan suggests that after 9 11 fiction by Mohsin Hamid Laila Halaby Philip Roth Don DeLillo John Updike and Barbara Kingsolver dramatizes and works to resolve impasses that exist between believers of different kinds at the extremes These impasses emerge out of the religious paradox that shapes America as simultaneously theocratic and secular and they exist for instance between liberals and fundamentalists between liberals and certain evangelicals between fundamentalists and artists and between fundamentalists of different varieties Ultimately Naydan argues that these authors function as literary theologians of sorts and forge a relevant space beyond or between

extremes They fashion faith or lack thereof as hybridized and hence as a negotiation among secularism atheism faith
 fundamentalism and fanaticism In so doing they invite their readers into contemplations of religious difference and new ways
 of memorializing 9 11 **Small Wonder: Essays** ,2003-04-01 **Ents, Elves, and Eriador** Matthew Dickerson,Jonathan
 Evans,2006-11-17 A fascinating ecocritical evaluation of The Hobbit The Lord of the Rings The Silmarillion and other works
 of the master fantasist Northeastern Naturalist The Hobbit The Lord of the Rings and The Silmarillion are rarely considered
 to be works of environmental literature or mentioned together with such authors as John Muir Rachel Carson or Aldo Leopold
 Nonetheless Tolkien s vision of nature is as passionate and has had as profound an influence on his readers as that of many
 contemporary environmental writers The burgeoning field of agrarianism provides new insights into Tolkien s view of the
 natural world and environmental responsibility In Ents Elves and Eriador Matthew Dickerson and Jonathan Evans show how
 Tolkien anticipated some of the tenets of modern environmentalism in the imagined world of Middle earth and the races with
 which it is peopled Dickerson and Evans examine Tolkien s major works as well as his lesser known stories and essays
 comparing his writing to that of the most important naturalists of the past century A vital contribution to environmental
 literature and an essential addition to Tolkien scholarship Ents Elves and Eriador offers both Tolkien fans and
 environmentalists an understanding of Middle earth that has profound implications for environmental stewardship in the
 present and the future of our own world This book is for everyone who loves the work of J R R Tolkien and who loves the
 world around them Armchair Interviews Anyone who ever thrilled to Tolkien s fighting trees or to the earthy Tom Bombadil
 or to the novel charm of the Shire will want to read this important and lovely book Bill McKibben Scholar in Residence in
 Environmental Studies Middlebury College **A to Z of American Women Writers** Carol Kort,2014-05-14 Presents a
 biographical dictionary profiling important women authors including birth and death dates accomplishments and
 bibliography of each author s work **Emerson and Environmental Ethics** Susan Dunston,2018-09-15 At the core of
 Emerson s philosophy is his view as a naturalist that we are made of the same atoms as the world is In counterpoint to this
 identity he noted the fluid evolution and diversity of combinations and configurations of those atoms Thus he argued our
 relation and connection to the world are not occasional or recreational but everywhere and always and also reciprocal
 ongoing and creative He declared he would be a naturalist which for him meant being a knowledgeable lover of nature
 Emerson s famous insistence on an original relation to the universe centered on morally creative engagement with the
 environment It took the form of a nature literacy that has become central to contemporary environmental ethics The essential
 argument of this book is that Emerson s integrated philosophy of nature ethics and creativity is a powerful prototype for a
 diverse range of contemporary environmental ethics After describing Emerson s own environmental literacy and ethical
 aesthetic and creative practices of relating to the natural world Dunston delineates a web of environmental ethics that
 connects Emerson to contemporary eco feminism living systems theory Native American science Asian philosophy and

environmental activism **Behind the Times** Mary Jean Corbett, 2020-11-15 Virginia Woolf throughout her career as a novelist and critic deliberately framed herself as a modern writer invested in literary tradition but not bound to its conventions engaged with politics but not a propagandist a woman of letters but not a lady novelist As a result Woolf ignored or disparaged most of the women writers of her parents generation leading feminist critics to position her primarily as a forward thinking modernist who rejected a stultifying Victorian past In Behind the Times Mary Jean Corbett finds that Woolf did not dismiss this history as much as she boldly rewrote it Exploring the connections between Woolf s immediate and extended family and the broader contexts of late Victorian literary and political culture Corbett emphasizes the ongoing significance of the previous generation s concerns and controversies to Woolf s considerable achievements Behind the Times rereads and revises Woolf s creative works politics and criticism in relation to women writers including the New Woman novelist Sarah Grand the novelist and playwright Lucy Clifford the novelist and anti suffragist Mary Augusta Ward It explores Woolf s attitudes to late Victorian women s philanthropy the social purity movement and women s suffrage Closely tracking the ways in which Woolf both followed and departed from these predecessors Corbett complicates Woolf s identity as a modernist her navigation of the literary marketplace her ambivalence about literary professionalism and the mixing of art and politics and the emergence of feminism as a persistent concern of her work **Teaching towards Democracy with**
