The Social Contract Jean-Jacques Rousseau,1989-05-15 Religious Liberty in Western Thought Noel B. Reynolds,W. Cole Durham,2003 This is a print on demand book and is therefore non returnable In this volume several leading scholars harvest the best of Western thinking on religious liberty An opening chapter shows how religious liberty emerged slowly in the West through centuries of cruel experience and growing enlightenment Separate chapters thereafter take up the unique role of such titans as Marsilius Luther Calvin Hobbes Locke Rousseau Burke Tocqueville and the American framers in the Western drama of religious liberty From widely divergent experiences these titans discovered the cardinal principles of religious liberty religious pluralism and toleration religious equality and non discrimination liberty of conscience and association freedom of expression and exercise From widely discordant convictions they distilled the most enduring models of church and state and of religion and law in the West from the organic models of earlier centuries to the dualistic models of more recent times Contributors Brian Tierney Steven Ozment John Witte Jr Joshua Mitchell W Cole Durham Jr Michael W McConnell Ellis Sandoz Thomas L Pangle **Philosophy For Dummies** Martin Cohen,2012-01-24 Confused by metaphysics In a muddle with aesthetics Intimidated by Kant Then look no further Philosophy For Dummies UK Edition is a complete crash course in philosophical thought covering key philosophers philosophical history and theory and the big questions that affect us today Tying in with standard UK curricula and including core topics such as logic ethics and political philosophy this impartial expert guide cuts through the jargon to give you the facts Whether you re a philosophy student or a complete beginner Philosophy For Dummies UK Edition will get you thinking and talking about philosophy in no time and with maximum confidence *International Corporate Social Responsibility* Ramon Mullerat,2010-01-01 At present Corporate Social Responsibility CSR for some may not be more than an attitude Can it be more What degree of commitment can we reasonably expect of corporations in the struggle to eradicate poverty promote human rights halt climate change and reverse ongoing environmental destruction It is not a question of power more than half of the worlds top 100 economies are corporations not nation states Whatever can be done to fix the world s problems corporations are in the best position to do it Back cover *Evaluating Democracy* Joe Allman,Walt Anderson,1974 **Discourse on Inequality & The Social Contract** Jean-Jacques Rousseau,2018-11-02 In Discourse on Inequality or Discourse on the Origin and Basis of Inequality Among Men Rousseau first exposes in this work his conception of a human state of nature presented as a philosophical fiction like a work by Thomas Hobbes unlike those by John Locke and of human perfectibility an early idea of progress He then explains the way according to him people may have established civil society which leads him to present private property as the original source and basis of all inequality The Social Contract originally published as On the Social Contract or Principles of Political Rights by Jean Jacques Rousseau is a 1762 book in which Rousseau theorized about the best way to establish a political community in the face of the problems of commercial society which he had already identified in his

linguistic turn of Western philosophy signals the widespread acceptance of the view that ideas of knowledge and validity are always mediated linguistically and that language is conditioned by history and context In Re Presenting the Good Society Maeve Cooke addresses the justificatory dilemma facing critical social theories how to maintain an idea of context transcending validity without violating anti authoritarian impulses In doing so she not only clarifies the issues and positions taken by other theorists including Richard Rorty Jürgen Habermas Axel Honneth and Judith Butler but also offers her own original and thought provoking analysis of context transcending validity Because the tension between an anti authoritarian impulse and a guiding idea of context transcending validity is today an integral part of critical social theory Cooke argues that it should be negotiated rather than eliminated Her proposal for a concept of context transcending validity has as its central claim that we should conceive of the good society as re presented in particular constitutively inadequate representations of it These re presentations are Cooke argues provocatively regulative ideas that have an imaginary fictive character
