Social Contract Theories Political Obligation Or Anarchy

Michel Delon

Social Contract Theories Political Obligation Or Anarchy:

Social Contract Theories Vicente Medina, 1990 An exposition of the work of writers such as Hobbes Locke Rousseau Kant and Rawls who belong to the contractarian tradition The author discusses the concepts of nature man and freedom and the connection between social contract and natural rights that were central to their thought [A Theory of Political Obligation](#) Margaret Gilbert, 2006-05-11 Margaret Gilbert offers an incisive new approach to a classic problem of political philosophy when and why should I do what the laws of my country tell me to do Beginning with carefully argued accounts of social groups in general and political societies in particular the author argues that in central standard senses of the relevant terms membership in a political society in and of itself obligates one to support that society's political institutions The obligations in question are not moral requirements derived from general moral principles as is often supposed but a matter of one's participation in a special kind of commitment joint commitment An agreement is sufficient but not necessary to generate such a commitment Gilbert uses the phrase plural subject to refer to all of those who are jointly committed in some way She therefore labels the theory offered in this book the plural subject theory of political obligation The author concentrates on the exposition of this theory carefully explaining how and in what sense joint commitments obligate She also explores a classic theory of political obligation actual contract theory according to which one is obligated to conform to the laws of one's country because one agreed to do so She offers a new interpretation of this theory in light of a theory of plural subject theory of agreements She argues that actual contract theory has more merit than has been thought though the more general plural subject theory is to be preferred She compares and contrasts plural subject theory with identification theory relationship theory and the theory of fair play She brings it to bear on some classic situations of crisis and in the concluding chapter suggests a number of avenues for related empirical and moral inquiry Clearly and compellingly written *A Theory of Political Obligation* will be essential reading for political philosophers and theorists *Philosophical Anarchism and Political Obligation* Magda Egoumenides, 2014-08-28 Political obligation refers to the moral obligation of citizens to obey the law of their state and to the existence nature and justification of a special relationship between a government and its constituents This volume in the Contemporary Anarchist Studies series challenges this relationship seeking to define and defend the position of critical philosophical anarchism against alternative approaches to the issue of justification of political institutions The book sets out to demonstrate the value of taking an anarchist approach to the problem of political authority looking at theories of natural duty state justification natural duty of justice fairness political institutions and more It argues that the anarchist perspective is in fact indispensable to theorists of political obligation and can improve our views of political authority and social relations This accessible book builds on the works of philosophical anarchists such as John Simmons and Leslie Green and discusses key theorists including Rousseau Rawls and Horton This key resource will make an important contribution to anarchist political theory and to anarchist studies more generally [The Social Contract from Hobbes to](#)

Rawls David Boucher, Paul Kelly, 2003-09-02 First published in 2004 Routledge is an imprint of Taylor Francis an informal company

The Philosophy of Law Christopher Berry Gray, 1999 This encyclopedia offers systematic and sustained coverage of the many dimensions of legal thought and gives expression to the breadth and depth of the philosophy of law

Marx and Modern Political Theory Philip J. Kain, 1993 Philip J Kain deftly demonstrates the historical antecedents to and continuing relevance of Karl Marx's thought Kain reveals the unappreciated pluralism of Marx how it has endured and how it will continue to adapt to the challenges of modern day thought such as feminist theory

The Ways of a King Geoffrey P. Miller, 2011-11-16 Geoffrey P Miller argues that the narratives from Genesis to Second Kings present a sophisticated argument for political obligation and for limited monarchy as the best form of government The Hebrew Bible in this sense can be considered as one of the earliest political philosophies of the western world The Garden of Eden story identifies revelation consent utopia natural law ownership power patriarchy and justice as bases for political obligation The stories of life after the expulsion from Eden

argue that government and law are essential for a decent life The Genesis narratives recognize patriarchal authority but also identifies limits based on kinship higher authority and power The book of Exodus introduces the topic of political authority arguing that nationhood strictly dominates over other forms of political organization The Sinai narratives explore two important sources of authority revelation and consent of the governed The book of Joshua presents a theory of sovereignty conceived of as the exclusive and absolute control over territory The book of Judges examines two types of national government military rule and confederacy It argues that military rule is inappropriate for peacetime conditions and that the confederate form is not strong enough to deliver the benefits of nationhood The books of Samuel and Kings consider theocracy and monarchy The bible endorses monarchy as the best available form of government provided that the king is constrained by appropriate checks and balances Contrary to the view of some scholars no text from Genesis to Second Kings disapproves of monarchy as a form of government

Moral Rights and Political Freedom Tara Smith, 1995-06-06
Seeking a way out of today's bewildering rush of rights claims Tara Smith's *Moral Rights and Political Freedom* offers a systematic account of the nature and foundations of rights The book carefully elucidates what political freedom is and demonstrates why it should be protected by rights Smith's thesis is that rights are teleological respect for freedom is necessary for individuals flourishing or eudaimonia Smith illustrates how many alleged rights would actually undermine that objective Her decisive refutation of the assumption that conflicts between rights are inevitable demonstrating how such conflicts are theoretically incoherent and practically self-defeating should go a long way toward resolving many contemporary disputes about rights

Soul, Self, and Society Edward L. Rubin, 2015-02-17
Political and social commentators regularly bemoan the decline of morality in the modern world They claim that the norms and values that held society together in the past are rapidly eroding to be replaced by permissiveness and empty hedonism But as Edward Rubin demonstrates in this powerful account of moral transformations these prophets of doom are missing the point Morality is not diminishing instead a new morality centered on an ethos of human self-fulfillment is arising to replace the old one As Rubin explains changes in morality have gone hand in hand with changes in the prevailing mode of governance throughout the course of Western history During the Early Middle Ages a moral system based on honor gradually developed In a dangerous world where state power was declining people relied on bonds of personal loyalty that were secured by generosity to their followers and violence against their enemies That moral order exemplified in the early feudal system and in sagas like *The Song of Roland* *The Song of the Cid* and the Arthurian legends has faded but its remnants exist today in criminal organizations like the Mafia and in the rap music of the urban ghettos When state power began to revive in the High Middle Ages through the efforts of the European monarchies and Christianity became more institutionally effective and more spiritually intense a new morality emerged Described by Rubin as the morality of higher purposes it demanded that people devote their personal efforts to achieving salvation and their social efforts to serving the emerging nation states It insisted on

social hierarchy confined women to subordinate roles restricted sex to procreation centered child rearing on moral inculcation and countenanced slavery and the marriage of pre teenage girls to older men Our modern era which began in the late 18th century has seen the gradual erosion of this morality of higher purposes and the rise of a new morality of self fulfillment one that encourages individuals to pursue the most meaningful and rewarding life path Far from being permissive or a moral abdication it demands that people respect each other s choices that sex be mutually enjoyable that public positions be allocated according to merit and that society provide all its members with their minimum needs so that they have the opportunity to fulfill themselves Where people once served the state the state now functions to serve the people The clash between this ascending morality and the declining morality of higher purposes is the primary driver of contemporary political and cultural conflict A sweeping big idea book in the vein of Francis Fukuyama s *The End of History* Charles Taylor s *The Secular Age* and Richard Sennett s *The Fall of Public Man* Edward Rubin s new volume promises to reshape our understanding of morality its relationship to government and its role in shaping the emerging world of High Modernity

The Ethics of Refugee Policy Christina Boswell, 2017-05-15 What duties do liberal democratic states owe to refugees Does international refugee law impose unfeasible demands on states This highly original contribution explores what theories of international ethics have to say about refugee policy It advances an innovative critique of prevalent liberal approaches showing how their assumptions about moral agency create unfeasible expectations about international justice It sets out an alternative theory showing how this could be more adept at mobilizing commitment to refugee rights The volume will be of interest not just to scholars and students of applied ethics but also to those more generally interested in debates on refugee and migration policy It presents a clear and thorough discussion of liberal political theory and its application to questions of international justice and provides insights into the philosophical sources of debates on liberal versus restrictive approaches to refugee policy

Encyclopedia of the Enlightenment Michel Delon, 2013-12-04 This acclaimed translation of Michel Delon s *Dictionnaire Europeen des Lumieres* contains more than 350 signed entries covering the art economics science history philosophy and religion of the Enlightenment Delon s team of more than 200 experts from around the world offers a unique perspective on the period providing offering not only factual information but also critical opinions that give the reader a deeper level of understanding An international team of translators editors and advisers under the auspices of the French Ministry of Culture has brought this collection of scholarship to the English speaking world for the first time

Contract Ethics Howard Kahane, 1995 Recent theorists have suggested that human altruism toward non family members evolved because of the tremendous benefits of reciprocity Developing further the notion that evolutionary theory can help to explain moral sentiments Howard Kahane proposes that a sense of fair play is essential to ethics and argues that moral obligation too narrowly construed prevents us from living rationally He brings his account of fair play to bear on the ethics of various domains of social life including friendship taxes civil rights and nation states

Islam and International Relations Faiz

Sheikh,2016-07-11 International Relations tends to rely on concepts that developed on the European continent obscuring the fact that its history is far less international than one might expect But in today s global world who does this ignore and marginalize And what impact does that have on the discipline s potential to assess world politics This book explores an Islamic approach to the international showing that Islam can contribute keen insights into how we do IR and how we might change that practice to be more inclusive while also highlighting the limits of an Islamic International Relations Exploring conceptualizations of community and difference in Islamic traditions the book relates these notions to concepts that are considered universal in IR such as state based politics and the necessity for secularism In this way the book shows how the study of political Islam might help to interrogate and redefine key concepts within international politics In a world of continuing polarization between Islam and the West this book offers IR a chance to engage in a constructive dialogue with Islamic traditions in order to better understand global politics **For Anarchism (RLE Anarchy) David**

Goodway,2013-06-26 This collection discusses both the history and theory of anarchism and in particular examines italian anarchism the relationship between Marxism and anarchism the influence of Kropotkin new social movements and the anarchist theory of history The Routledge Handbook of Anarchy and Anarchist Thought Gary Chartier,Chad Van Schoelandt,2020-12-30 This Handbook offers an authoritative up to date introduction to the rich scholarly conversation about anarchy about the possibility dynamics and appeal of social order without the state Drawing on resources from philosophy economics law history politics and religious studies it is designed to deepen understanding of anarchy and the development of anarchist ideas at a time when those ideas have attracted increasing attention The popular identification of anarchy with chaos makes sophisticated interpretations which recognize anarchy as a kind of social order rather than an alternative to it especially interesting Strong centralized governments have struggled to quell popular frustration even as doubts have continued to percolate about their legitimacy and long term financial stability Since the emergence of the modern state concerns like these have driven scholars to wonder whether societies could flourish while abandoning monopolistic governance entirely Standard treatments of political philosophy frequently assume the justifiability and desirability of states focusing on such questions as What is the best kind of state and What laws and policies should states adopt without considering whether it is just or prudent for states to do anything at all This Handbook encourages engagement with a provocative alternative that casts more conventional views in stark relief Its 30 chapters written specifically for this volume by an international team of leading scholars are organized into four main parts I Concept and Significance II Figures and Traditions III Legitimacy and Order IV Critique and Alternatives In addition a comprehensive index makes the volume easy to navigate and an annotated bibliography points readers to the most promising avenues of future research

Social Contract Theories Political Obligation Or Anarchy Introduction

In the digital age, access to information has become easier than ever before. The ability to download Social Contract Theories Political Obligation Or Anarchy has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Social Contract Theories Political Obligation Or Anarchy has opened up a world of possibilities.

Downloading Social Contract Theories Political Obligation Or Anarchy provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Social Contract Theories Political Obligation Or Anarchy has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Social Contract Theories Political Obligation Or Anarchy. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Social Contract Theories Political Obligation Or Anarchy. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Social Contract Theories Political Obligation Or Anarchy, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Social Contract Theories Political Obligation Or Anarchy has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading

practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Social Contract Theories Political Obligation Or Anarchy Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.
